James E. Odenkirk, 2015-05-23 Over their first four decades in the American League the Cleveland Indians were known more for great players than consistently great play Its rosters filled with all time greats like Cy Young Nap Lajoie Elmer Flick Tris Speaker and the ill fated Addie Joss and Ray Chapman Cleveland often found itself in the thick of the race but with 1920 the lone exception seemed always to finish a game or two back in the final standings In the 10 years that followed the end of World War II however the franchise turned the corner Led by owner and world class showman Bill Veeck the boy manager Lou Boudreau ace Bob Feller and the barrier busting Larry Doby Cleveland charged up the standings finishing in the first division every season but one and winning it all in 1948 This meticulously researched history covers the Indians first six decades from their minor league origins at the end of the 19th century to the dismantling of the 1954 World Series club It is a story of unforgettable players frustrated hopes and two glorious victories that fed a city's unwavering devotion to its team

The Best Man Plays Andrew O'Toole, 2003-05-09 It has been said that sport is the great leveler that on the playing field everyone is of equal status Through the years however few institutions have better embodied America's ideals and prejudices than baseball Jackie Robinson's debut with the Brooklyn Dodgers marked the first time an African American participated in a major league contest in the 20th century and his abilities verified what many had believed all along that African Americans could compete with white players and excel The experiences and important contributions of six African American baseball players from the 1900s to the present day are presented in this work The players are Andrew Rube Foster perhaps the most important figure in black baseball during the first quarter of the 20th century Satchel Paige whose talent quickly became known in organized baseball and was built into a near mythical figure by an enchanted press Larry Doby who took the field with the Cleveland Indians three months after Jackie Robinson appeared with the Dodgers Curt Flood remembered less for

the exceptional player he was than for challenging baseball's reserve clause Dave Parker the first black player to make a million dollars a year but also a prominent witness to the Pittsburgh drug trial and Barry Bonds known for his clashes with fans and the media but most recently revered for his MVP season in 2002 and record breaking 73 home runs in 2001 *Our Team* Luke Epplin,2021-03-30 The riveting story of four men Larry Doby Bill Veeck Bob Feller and Satchel Paige whose improbable union on the Cleveland Indians in the late 1940s would shape the immediate postwar era of Major League Baseball and beyond In July 1947 not even three months after Jackie Robinson debuted on the Brooklyn Dodgers snapping the color line that had segregated Major League Baseball Larry Doby would follow in his footsteps on the Cleveland Indians Though Doby as the second Black player in the majors would struggle during his first summer in Cleveland his subsequent turnaround in 1948 from benchwarmer to superstar sparked one of the wildest and most meaningful seasons in baseball history In intimate absorbing detail Luke Epplin's *Our Team* traces the story of the integration of the Cleveland Indians and their quest for a World Series title through four key participants Bill Veeck an eccentric and visionary owner adept at exploding fireworks on and off the field Larry Doby a soft spoken hard hitting pioneer whose major league breakthrough shattered stereotypes that so much of white America held about Black ballplayers Bob Feller a pitching prodigy from the Iowa cornfields who set the template for the athlete as businessman and Satchel Paige a legendary pitcher from the Negro Leagues whose belated entry into the majors whipped baseball fans across the country into a frenzy Together as the backbone of a team that epitomized the postwar American spirit in all its hopes and contradictions these four men would captivate the nation by storming to the World Series all the while rewriting the rules of what was possible in sports

The Birth of Downtown Cleveland: A Vision Interrupted Dave Ford and Brad Schwartz,2018-07-23 The 1903 Group Plan for Cleveland's downtown laid out a vision of Neoclassical splendor an open civic area filled with grand fountains graceful sculptures and formal gardens Like most projects of its kind it was supposed to take only one generation to complete But the path to prosperity and beauty did not run smoothly The plan suffered delays and setbacks from all sides thanks to two world wars the Great Depression human folly and politics Today the Group Plan Commission continues to develop the focal point of the original 1903 project and as people move back into downtown the city is poised to finally bring this vision to fruition Presenting previously unpublished historic photographs authors Brad Schwartz and Dave Ford detail a

story more than a century in the making **Black Stats Matter** Philip Lee, 2023-08-24 For more than half a century Black baseball players barred from the Major Leagues by systemic racism competed in leagues of their own This book re interprets the history of race in baseball from the ground up It tells the story of how the Major Leagues became the Caucasian Leagues and names the person most responsible for their segregation showing how Major League owners and executives tried to delay and even prevent integration and proving using a broad range of methods that Negro League players were every inch the equals of their Major League counterparts Cherished records held by white players since the days of segregation are shown to belong rightfully to Negro League superstars This book takes a fresh look at a subject that s both straight from today s headlines and as old as baseball itself **Mrs. Morhard and the Boys** Ruth Hanford Morhard, 2019-02-26 As the Great Depression brought America to the brink of disaster a devoted single mother in Cleveland Ohio wrestled triumph out of adversity by creating a community activity that would inspire the nation Josephine Morhard never waited for something to happen At twelve years old fiercely independent Josephine left her family s Pennsylvania farm to start a new life Coming of age during one of the most devastating times in America and weathering two bad marriages Josephine put her personal problems aside to insure a productive future for her daughter and son But Junior was a volatile boy of eight until his mother came upon a novel sports idea to encourage discipline guidance and self worth in her son Out of a dream an empty lot and the enthusiasm of other neighborhood kids Josephine established the first boys baseball league in America Her city and the country was watching Beyond all expectations the Cleveland Indians rallied behind her project Indians legends Bob Feller Jeff Heath and Roy Weatherly helped hone the boys skills renowned sports reporter Hal Lebovitz became an umpire and they were given permission to play in historic League Park All the while as Josephine s Little Indians graduated into the Junior American and Junior National Leagues and finally a Little World Series she instilled in her boys strong values good sportsmanship and an unprecedented sense of accomplishment Some of them like Ray Lindquist and Jack Heinen would become Minor League players Not one of Mrs Morhard s boys would ever forget her In this stirring biography of an unsung American heroine Josephine Morhard s daughter in law recounts the extraordinary life and accomplishments of a resilient selfless and determined woman Her inspiring true story a long time coming is something to cheer for *The Top 20 Moments in Cleveland Sports* Bob Dyer, 2007-04 Relive some of the most memorable and sensational events in Cleveland sports history Many of them are known by shorthand Red Right 88 The Drive The Fumble The Shot Beer Night Some were gut wrenching Some like the 1964 NFL championship game were glorious All are highlight of the shared experience of all Cleveland sports fans **Satchel** Larry Tye, 2010-05-04 NEW YORK TIMES BESTSELLER The superbly researched spellbindingly told story of athlete showman philosopher and boundary breaker Leroy Satchel Paige Among the rare biographies of an athlete that transcend sports gives us the man as well as the myth The Boston Globe Few reliable records or news reports survive about players in the Negro Leagues Through dogged detective work award winning author and

journalist Larry Tye has tracked down the truth about this majestic and enigmatic pitcher interviewing more than two hundred Negro Leaguers and Major Leaguers talking to family and friends who had never told their stories before and retracing Paige's steps across the continent Here is the stirring account of the child born to an Alabama washerwoman with twelve young mouths to feed the boy who earned the nickname Satchel from his enterprising work as a railroad porter the young man who took up baseball on the streets and in reform school inventing his trademark hesitation pitch while throwing bricks at rival gang members Tye shows Paige barnstorming across America and growing into the superstar hurler of the Negro Leagues a marvel who set records so eye popping they seemed like misprints spent as much money as he made and left tickets for Mrs Paige that were picked up by a different woman at each game In unprecedented detail Tye reveals how Paige hurt and angry when Jackie Robinson beat him to the Majors emerged at the age of forty two to help propel the Cleveland Indians to the World Series He threw his last pitch from a big league mound at an improbable fifty nine Age is a case of mind over matter he said If you don't mind it don't matter More than a fascinating account of a baseball odyssey Satchel rewrites our history of the integration of the sport with Satchel Paige in a starring role This is a powerful portrait of an American hero who employed a shuffling stereotype to disarm critics and racists floated comical legends about himself including about his own age to deflect inquiry and remain elusive and in the process methodically built his own myth Don't look back he famously said Something might be gaining on you Separating the truth from the legend Satchel is a remarkable accomplishment as large as this larger than life man

Crazy, with the Papers to Prove It Dan Coughlin, 2010 Cleveland sports journalist Dan Coughlin shares stories of some of the more unique individuals and events he covered over the course of his forty five year career

When in Doubt, Fire the Skipper Gary Webster, 2014-06-13 The book chronicles almost 300 in season changes of managers in the major leagues since 1900 It elaborates on the circumstances that led to the change whether it was a firing or a resignation and includes in many cases remarks of the dismissed manager the manager who replaced him and the executive owner or general manager who orchestrated the change It then examines how the team fared under the new manager The central purpose of the book is to study the effects of the changes how many had a positive impact how many had a negative impact and how many had little if any impact on the team's won lost record

America's Game Michael MacCambridge, 2008-11-26 It's difficult to imagine today when the Super Bowl has virtually become a national holiday and the National Football League is the country's dominant sports entity but pro football was once a ramshackle afterthought on the margins of the American sports landscape In the span of a single generation in postwar America the game charted an extraordinary rise in popularity becoming a smartly managed keenly marketed sports entertainment colossus whose action is ideally suited to television and whose sensibilities perfectly fit the modern age America's Game traces pro football's grand transformation from the World War II years when the NFL was fighting for its very existence to the turbulent 1980s and 1990s when labor disputes and off field scandals shook the game to its core and up

to the sport's present-day preeminence. A thoroughly entertaining account of the entire universe of professional football from locker room to boardroom from playing field to press box, this is an essential book for any fan of America's favorite sport.

The Rise of Stadiums in the Modern United States Mark Dyreson, Robert Trumpbour, 2013-09-13 Many Americans know more about the stadiums that loom over their cityscapes or college campuses than they do about any other aspect of the nation's geography. Stadiums serve as iconic monuments of urban and university identities. Indeed, the power of sport in modern American culture has produced sportscape landscapes literally shaped by their devotion to athletic competition. Curiously, given the importance of the secular cathedrals in American culture, historians have paid little attention to these edifices. *The Rise of Stadiums in the Modern United States: Cathedrals of Sport* seeks to remedy that oversight. This book will analyze stadiums from a variety of perspectives, paying special attention to the links between the built environment in which Americans watch and play games and the larger social environments that the nation's sporting practices inhabit. *The Rise of Stadiums in the Modern United States: Cathedrals of Sport* explores the role of stadiums in shaping urban identities, determining the economics of intercollegiate athletics, influencing local and national politics. This book was previously published as a special issue of the *International Journal of the History of Sport*. **Marion Motley** William H.

Johnson, 2022-10-26 As a star linebacker for the Cleveland Browns in the 1940s and 1950s, Marion Motley invented the modern concept of the fullback. In 1946, he and three other players broke professional football's color barrier, helping set the stage for Jackie Robinson's desegregation of Major League baseball. In 1947, retiring with five championships and the universal respect of his peers, Motley returned to ordinary life as a black man in pre-Civil Rights Act America. Because his career predated nationally televised football, Motley's name is largely unknown today, when a figure of his stature would enjoy celebrity as a coach or owner. This first-ever biography tells the story of the football player *Sports Illustrated's* Paul Dr. Z. Zimmerman described as the greatest ever to take the field. **Coach & Athlete**, 1963. 721 Gary Webster, 2013-09-27

This book is the day-by-day story of the 1954 Indians, whose .721 winning percentage is still the highest in American League history. It tells how down the city of Cleveland was on the team following three straight second-place finishes, how little was expected of it by its fans and even some of its players, and how it exceeded all expectations by winning a league record 111 games and a pennant before flopping in the World Series. **Baseball's Pivotal Era, 1945-1951** William

Marshall, 2014-10-17 With personal interviews of players and owners and with over two decades of research in newspapers and archives, Bill Marshall tells of the players, the pennant races, and the officials who shaped one of the most memorable eras in sports and American history. At the end of World War II, soldiers returning from overseas hungered to resume their love affair with baseball. Spectators still identified with players whose salaries and off-season employment as postmen, plumbers, farmers, and insurance salesmen resembled their own. It was a time when kids played baseball on sandlots and in pastures, fans followed the game on the radio, and tickets were affordable. The outstanding play of Joe DiMaggio, Stan Musial, Ted

Williams Bob Feller Don Newcombe Warren Spahn and many others dominated the field But perhaps no performance was more important than that of Jackie Robinson whose entrance into the game broke the color barrier won him the respect of millions of Americans and helped set the stage for the civil rights movement Baseball s Pivotal Era 1945 1951 also records the attempt to organize the Pittsburgh Pirates and the Mexican League s success in luring players south of the border that led to a series of lawsuits that almost undermined baseball s reserve clause and antitrust exemption The result was spring training pay uniform contracts minimum salary levels player representation and a pension plan the very issues that would divide players and owners almost fifty years later During these years the game was led by A B Happy Chandler a hand shaking speech making singing Kentucky politician Most owners thought he would be easily manipulated unlike baseball s first commissioner the autocratic Judge Kennesaw Mountain Landis Instead Chandler s style led one owner to complain that he was the player s commissioner the fan s commissioner the press and radio commissioner everybody s commissioner but the men who pay him
