Bernini Bust:

Bernini Gian Lorenzo Bernini, 2004 *The Bernini Bust* Iain Pears, 2003-11-04 British art historian Jonathan Argyll is in sunny Los Angeles conducting some profitable business with the Moresby Museum Then the museum's owner is murdered and a Bernini bust disappears And while awaiting the arrival of his friends from the Italian National Art Theft Squad Jonathan finds himself targeted by the killer Bernini Rudolf Wittkower, 1997-09-26 A catalogue raisonné of the greatest sculptor of his age **Bernini's Bust of Louis XIV.** Rudolf Wittkower, 1951 *Bernini's Biographies* Maarten Delbeke, Evonne Anita Levy, Steven F. Ostrow, 2006 Unique among early modern artists the Baroque painter sculptor and architect Gianlorenzo Bernini was the subject of two monographic biographies published shortly after his death in 1680 one by the Florentine connoisseur and writer Filippo Baldinucci 1682 and the second by Bernini's son Domenico 1713 This interdisciplinary collection of essays by historians of art and literature marks the first sustained examination of the two biographies first and foremost as texts A substantial introductory essay considers each biography's author genesis and foundational role in the study of Bernini Nine essays combining art historical research with insights from philology literary history and art and literary theory offer major new insights into the multifarious connections between biography art history and aesthetics inviting readers to rethink Bernini's life art and milieu Contributors are Eraldo Bellini Heiko Damm John D Lyons Sarah McPhee Tomaso Montanari Rudolf Preimesberger Robert Williams and the editors Maarten Delbeke is Assistant Professor of architectural history and theory at the universities of Ghent and Leiden Formerly the Scott Opler Fellow in Architectural History at Worcester College Oxford he is the author of several articles and a forthcoming book on Seicento art and theory Evonne Levy is Associate Professor of the History of Art at the University of Toronto She is also the author of *Propaganda and the Jesuit Baroque* 2004 Pietro and Gian Lorenzo Bernini Andrea Bacchi, 2016-10-01 The Bust of Christ discussed by Prof Andrea Bacchi in this catalogue is a newly discovered example of the collaboration between Pietro and Gian Lorenzo Bernini In this bust possibly his earliest sacred work we see the first signs of Gian Lorenzo's unequalled genius both as a maker of portraits and as a creator of religious iconography , **Gian Lorenzo Bernini** Rudolf Wittkower, 1955 *History of Busts* Felicity Moreau, 2025-02-26 *History of Busts* explores the evolution of sculpted busts examining their role in immortalizing historical figures across millennia From ancient Rome where busts projected imperial authority to the Renaissance when wealthy families commissioned them to assert their power and create a lasting legacy the book illustrates how busts reflect the complex interplay of art history and power These sculptures haven't remained static their production and perception have been shaped by evolving social values technological advancements and political landscapes The book journeys chronologically first examining early sculpted portraiture and the bust's significance in Roman society It then moves into the Renaissance revival and the modern era's industrial impact on bust creation By adopting interdisciplinary lenses that merge art history with political science and sociology *History of Busts* provides detailed insights into the bust's stylistic

evolution and cultural significance The concluding chapters consider the contemporary relevance of busts in museums and public spaces The book also addresses controversies surrounding busts such as debates over whose legacies are celebrated and instances of vandalism reflecting changing social attitudes **Anecdotes of Painting in England** Horace

Walpole,1871 Bernini and the Birth of Baroque Portrait Sculpture Andrea Bacchi,Catherine Hess,Jennifer Montagu,2008-01-01 Gian Lorenzo Bernini was the greatest sculptor of the Baroque period and yet surprisingly there has never before been a major exhibition of his sculpture in North America Bernini and the Birth of Baroque Portrait Sculpture showcases portrait sculptures from all phases of the artist s long career from the very early Antonio Coppola of 1612 to Clement X of about 1676 one of his last completed works Bernini s portrait busts were masterpieces of technical virtuosity at the same time they revealed a new interest in psychological depth Bernini s ability to capture the essential character of his subjects was unmatched and had a profound influence on other leading sculptors of his day such as Alessandro Algardi Giuliano Finelli and Francesco Mochi Bernini and the Birth of Baroque Portrait Sculpture is a groundbreaking study that features drawings and paintings by Bernini and his contemporaries Together they demonstrate not only the range skill and acuity of these masters of Baroque portraiture but also the interrelationship of the arts in seventeenth century Rome

Queen Christina of Sweden and her Circle Susanna Åkerman,1991-07-01 The life and works of Queen Christina of Sweden 1626 1689 have often been obscured behind a haze of lurid myths and legends This book looks again at her notorious abdication of 1654 seeing it against the background of her reputation as a libertine a heterodox religious thinker Her subsequent conversion to Catholicism is therefore understood as a consequence of messianic and millenarian expectations during those turbulent years and her bizarre attempt in 1657 to become the ruler of Naples is revealed to be the political wing of a comprehensive religious and intellectual philosophy *The Burlington Magazine for Connoisseurs* ,1923

Italian Sculpture of the Middle Ages and Period of the Revival of Art South Kensington Museum,Sir John Charles Robinson,1862 **Lust, Lies and Monarchy** Stephen Millar,2020-06-01 One day in the 1860s so the story goes an ambitious up and coming female sculptor was making love to an older married man in an art studio It was complicated because the man was not only one of the most famous sculptors in the country but the young woman s teacher and mentor Things got worse when they were rudely interrupted by the woman s mother accompanied by her faithful servant The mother shocked at what she had stumbled across was dressed in black still mourning the death of her beloved husband She screamed at her daughter And on this occasion the young woman screamed back one of the very few people who would dare stand up to such a formidable figure The daughter accused her mother of hypocrisy of having an affair with the kilted servant who stood by her side and threatened to expose her mother s affair to the wider world if she continued to menace her An excerpt from the Chapter XIII People have long been fascinated by the stories behind royal portraits This volume takes readers inside royal families by way of great paintings like Holbein s Henry VIII van Dyck s Charles I Millais The Princes in

the Tower Freud s Elizabeth II and more Featuring incredible little known stories of the royals and illustrates this beautiful collection is illustrated with color paintings photos family trees and Royal London walking tours with maps Articulate Objects Aura Satz,Jon Wood,2009 How do objects speak to us What happens to authorship when voice is projected into inanimate objects How can one articulate an object into speech Is the inarticulate body necessarily silent These are just some of the questions brought up by this unique and unusual collection of essays which presents subjects and categories often overlooked by the disciplines of art history visual culture theatre history and comparative literature Drawing from and expanding upon the Performing Objects Animating Images academic session run by the Henry Moore Institute at the Association of Art Historians conference held in London in 2003 this book presents thirteen essays that bring together a multidisciplinary approach to the animated object Contributions range from literal accounts of magic lanterns tableaux vivants puppets and ventriloquist dummies to the more abstract notions of voice displacement in audio art and authorship projection in writing machines The contributors come from diverse backgrounds in art history cultural history comparative literature and artistic theatrical and curatorial practice and all tackle the issue of articulate objects from a range of lively and unexpected perspectives **Italian and Spanish Sculpture** Peggy Fogelman,Peter Fusco,Marietta Cambareri,2002-12-26 The catalogue is abundantly illustrated including multiple views of each sculpture BOOK JACKET **Art, Patronage, and Nepotism in Early Modern Rome** Karen J. Lloyd,2022-08-19 Drawing on rich archival research and focusing on works by leading artists including Guido Reni and Gian Lorenzo Bernini Karen J Lloyd demonstrates that cardinal nephews in seventeenth century Rome those nephews who were raised to the cardinalate as princes of the Church used the arts to cultivate more than splendid social status Through politically savvy frescos and emotionally evocative displays of paintings sculptures and curiosities cardinal nephews aimed to define nepotism as good Catholic rule Their commissions took advantage of their unique position close to the pope embedding the defense of their role into the physical fabric of authority from the storied vaults of the Vatican Palace to the sensuous garden villas that fused business and pleasure in the Eternal City This book uncovers how cardinal nephews crafted a seductively potent dialogue on the nature of power fuelling the development of innovative visual forms that championed themselves as the indispensable heart of papal politics The book will be of interest to scholars working in art history early modern studies religious history and political history *The Works of Horatio Walpole, Earl of Orford Vol 3* Peter Sabor,2024-11-01 Published to coincide with the bi centenary of the original publication of The Works of Horatio Walpole this five volume edition reproduces the 1798 posthumous facsimile held by the Lewis Walpole Library The Jesuits John W. O'Malley,Gauvin Alexander Bailey,Steven J. Harris,T. Frank Kennedy,2016-01-28 In recent years scholars in a range of disciplines have begun to re evaluate the history of the Society of Jesus Approaching the subject with new questions and methods they have reconsidered the importance of the Society in many sectors including those related to the sciences and the arts They have also looked at the Jesuits as emblematic of

certain traits of early modern Europeans especially as those Europeans interacted with the Other in Asia and the Americas Originating in an international conference held at Boston College in 1997 the thirty five essays here reflect this new historiographical trend Focusing on the Old Society the Society before its suppression in 1773 by papal edict they examine the worldwide Jesuit undertaking in such fields as music art architecture devotional writing mathematics physics astronomy natural history public performance and education and they give special attention to the Jesuits interaction with non European cultures in North and South America China India and the Philippines A picture emerges not only of the individual Jesuit who might be missionary diplomat architect and playwright over the course of his life in the Society but also of the immense and many faceted Jesuit enterprise as forming a kind of cultural ecosystem The Jesuits of the Old Society liked to think they had a way of proceeding special to themselves The question Was there a Jesuit style a Jesuit corporate culture is the thread that runs through this interdisciplinary collection of studies
