

Bertrand De Jouvenel

Jianjun Gao

Bertrand De Jouvenel:

The Nature of Politics Jack D. Douglas, 2019-11-14 Bertrand de Jouvenel 1903-1987 was one of the great political thinkers of the twentieth century but he left few disciples. The essays contained in this volume have been selected because they serve to clarify, elaborate, and expand upon the themes of his three masterworks: *On Power*, *Sovereignty*, and *The Pure Theory of Politics*. De Jouvenel's thought stands apart from the main branches of twentieth-century political philosophy and is largely independent of schools and ideologies. By drawing on an older, more persuasive philosophical tradition stretching from Plato to Rousseau, de Jouvenel sought to restore political science to its ancient function: the explanation of political things. With directness and originality, his work addresses questions that go to the heart of the political science enterprise: exploring its nature, its mission, and its attitude to theory, facts, and values. In the realm of political practice, de Jouvenel shares common ground with his contemporaries while remaining essentially independent. He shares with the left a deep concern for reducing human misery and ecological depredation and a belief in the need for government-directed economic planning. On the other hand, he shares the right's abiding suspicion of state power and its belief in the superiority of the market as the presumptive method for economic decision making. De Jouvenel's refreshing freedom from ideological blinders makes him worthy of comparison to Orwell, but his ambition stretches beyond the novelistic in that he attempts to develop a theory of the good state resting upon a clear-sighted understanding of the true nature of political behavior. Graced with a brilliant introduction by Dennis Hale and Marc Landy, this volume serves as an ideal introduction to de Jouvenel's thought. It will be of interest to political scientists, historians, and sociologists.

Bertrand De Jouvenel Daniel J. Mahoney, 2023-09-26 In his effort to detach the indispensable notion of the common good from its historical identification with the more closed, homogeneous, and static societies of the premodern past, the French political philosopher Bertrand de Jouvenel (1903-87) pointed the way towards a viable conservative liberalism. So argues Daniel J. Mahoney in this compelling introduction to the life and work of Jouvenel, one of twentieth-century France's most profound philosophers and political essayists. Although he vigorously defended the historical achievement of liberal society against its totalitarian critics, Jouvenel also challenged the modern conceit that man is an autonomous being beholden neither to the moral law nor to the humanizing inheritance of the past. Mahoney's study focuses on Jouvenel's three masterworks: *On Power* (1945), *Sovereignty* (1955), and *The Pure Theory of Politics* (1963), and on his broader effort to defend civility and social friendship against rationalist individualism and its logical fruit, collectivist politics. Mahoney explores Jouvenel's affinities with, and debts to, Aristotle, Burke, Rousseau, and Tocqueville, and he contrasts Jouvenel's signal theoretical achievements with the twists and turns manifested in his sometimes questionable practical political engagements from the 1930s until his death. Mahoney's characteristically engaging appraisal of this important political philosopher, the fifth entry in the Library of Modern Thinkers series, is the first book on Jouvenel to appear in the English language.

The Art of Conjecture Bertrand De Jouvenel, Daniel J. Mahoney, 2012 Reprint of *Art of conjecture*. Translated

from the French by Nikita Lary New York Basic Books 1967 **Fascism's Return** Richard Joseph Golsan,1998-01-01 The past fifteen years have witnessed the renewed presence of fascism in European political and cultural life In addition there have been scandals surrounding the fascist pasts of numerous renowned intellectuals including Martin Heidegger Paul de Man and Maurice Blanchot In *Fascism's Return* eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships As editor Richard J Golsan notes the essays in this volume illustrate a multitude of ways in which fascism continues to make its presence felt in western democratic societies erupting with disturbing frequency as a return of the repressed in judicial and artistic scandals as well as in historical critical and political debates *The Study of the Future* Edward Cornish,1977-01-01 This unique reference work the companion volume to *The Study of the Future* is designed to make the tools of future studies accessible to the general public as well as to professional futurists Here for the first time in a single convenient format are the organizations individuals books and periodicals current research projects educational programs films audio tapes and other resources that can help anyone concerned with exploring alternatives for the future **A Symposium on Bertrand de Jouvenel** Daniel J. Mahoney,Intercollegiate Studies Institute,2003 *Gellhorn* Caroline Moorehead,2007-04-01 The first major biography of legendary war correspondent Martha Gellhorn whose life provides a unique and thrilling perspective on world history in an extraordinary time Martha Gellhorn's heroic career as a reporter brought her to the front lines of virtually every significant international conflict between the Spanish Civil War and the end of the Cold War The preeminent and often the only female correspondent on the scene she broke new ground for women in the male preserve of journalism Her wartime dispatches marked by a passionate desire to expose suffering in its many guises and an inimitable immediacy rank among the best of the twentieth century A deep seated love of travel complemented this interest in world affairs From her birth in St Louis in 1908 to her death in London in 1998 Gellhorn passed through Africa Cuba China and most of the great cities of Europe recording her experiences in first rate travel writing and fiction A tall glamorous blonde she made friends easily among the boldface names that populated her life were Eleanor Roosevelt Leonard Bernstein and H G Wells but she was as incapable of settling into comfortable long term relationships as she was of sitting still and happiness often eluded her despite her professional success Both of her marriages ended badly the first to Ernest Hemingway publicly so Drawn from extensive interviews and with exclusive access to Gellhorn's papers and correspondence this seminal biography spans half the globe and almost an entire century to offer an exhilarating intimate portrait of one of the defining women of our times

Sovereignty Bertrand de Jouvenel, 1998 Who decides Who is the Sovereign What is a good act In quest of answers to these vitally important questions Bertrand de Jouvenel examines successively the nature and history of authority the political good the sovereign and liberty His concern is with the prospects for individual liberty in democratic societies in which sovereignty purportedly resides in the whole people of the body politic His objective is a definition and understanding of the canons of conduct for the public authority of a dynamic society Daniel J Mahoney is Associate Professor of Politics at Assumption College David DesRosiers is Executive Vice President at the Manhattan Institute

Bertrand de Jouvenel and the Organic Tradition Ward Edward Yandell Elliott, 1959 *Economics and the Good Life* Gary Becker, Bertrand de Jouvenel, 2017-11-15 Bertrand de Jouvenel 1903 1987 was known in the United States primarily as a political scientist His best known works *On Power Sovereignty and The Pure Theory of Politics* all made distinctive contributions to our understanding of the modern state and to the creation of a political science capable of civilizing that state His work in the field of economics is relatively unknown in the United States but like many writers in the contemporary field of political economy de Jouvenel is not interested in expanding the claims of economy at the expense of polity On the contrary his thinking is governed by the oldest and most fundamental of political concerns the definition of the good life The good life is not a product of the marketplace but of deliberate and collective decision that is a task for thoughtful citizens and statesmen and not simply the sum of millions of separate and amoral consumer preferences De Jouvenel is well known for his opposition to the distended state but he was no anarchist His eloquent warnings to keep the state in its proper sphere were accompanied by a richly sophisticated discussion of what the proper sphere is an aspect of his work that comes through very clearly in this volume Written between 1952 and 1980 the essays range from a discussion of technology to reflections on such fundamental economic concepts as amenity and welfare They include the deeply theoretical as well as the practical and the concrete All are informed by de Jouvenel's insistence that a science which seeks to understand the production and distribution of goods must be concerned in the first place with the good itself *Economics and the Good Life* is a companion volume to *The Nature of Politics Selected Essays of Bertrand de Jouvenel* Like the earlier volume this collection is accompanied by an editor's introduction that places the essays in the wider context of de Jouvenel's work This work is essential to the libraries of economists political theorists historians and sociologists

A Study of Authority Michael Richard Dillon, 1970

The Pure Theory of Politics Bertrand de Jouvenel, 1963

The Future of the World Jenny Andersson, 2018-07-19 The Future of the World is devoted to the intriguing field of study which emerged after World War Two futurism or futurology Jenny Andersson explains how futurist scholars and researchers imagined the Cold War and post Cold War world and the tools and methods they would use to influence and change that world Futurists were a motley crew of Cold War warriors nuclear scientists journalists and peace activists Some argued it should be a closed sphere of science defined by delimited probabilities They were challenged by alternative notions of the future as a potentially open realm

Futurism also drew on an eclectic range of repertoires some of which were deduced from positivist social science mathematics and nuclear physics and some of which sprung from alternative forms of knowledge in science fiction journalism or religion These different forms of prediction laid very different claims to how accurately futures could be known and what kind of control could be exerted over what was yet to come The Future of the World carefully examines these different engagements with the future and inscribes them in the intellectual history of the post war period Using unexplored archival collections The Future of the World reconstructs the Cold War networks of futurologists and futurists *New Political Ideas in the Aftermath of the Great War* Alessandro Salvador, Anders G. Kjøstvedt, 2016-11-10 This edited collection presents new research on how the Great War and its aftermath shaped political thought in the interwar period across Europe Assessing the major players of the war as well as more peripheral cases the contributors challenge previous interpretations of the relationship between veterans and fascism and provide new perspectives on how veterans tried to promote a new political and social order Those who had frontline experience of the First World War committed themselves to constructing a new political and social order in war torn Europe shaped by their experience of the war and its aftermath A number of them gave voice to the need for a world order free from political and social conflict and all over Europe veterans imagined a third way between capitalist liberalism and state controlled socialism By doing so many of them moved towards emerging fascist movements and became in some case unwillingly the heralds of totalitarian dictatorships *Shaping Tomorrow's World* Elke Seefried, 2024-05-01 Shaping Tomorrow's World tells the crucial story of how futures studies developed in West Germany Europe the US and within global futures networks from the 1940s to the 1980s It charts the emergence of different approaches and thought styles within the field ranging from Cold War defense intellectuals such as Herman Kahn to critical peace activists like Robert Jungk Engaging with the challenges of the looming nuclear war the changing phases of the Cold War 1968 and the growing importance of both the Global South and environmentalism this book argues that futures scholars actively contributed to these processes of change This multiple award winning study combines national and transnational perspectives to present a unique history of envisioning forecasting and shaping the future **Colette et Bertrand de Jouvenel** Carl Slevin, **Bertrand de Jouvenel's Concepts of Power and Sovereignty** David R. Gray, 1965 **The Decisionist Imagination** Daniel Bessner, Nicolas Guilhot, 2018-10-19 In the decades following World War II the science of decision making moved from the periphery to the center of transatlantic thought The Decisionist Imagination explores how decisionism emerged from its origins in prewar political theory to become an object of intense social scientific inquiry in the new intellectual and institutional landscapes of the postwar era By bringing together scholars from a wide variety of disciplines this volume illuminates how theories of decision shaped numerous techno scientific aspects of modern governance helping to explain in short how we arrived at where we are today *Economics and the Good Life* Bertrand de Jouvenel, Dennis Hale, Marc Landy, 1999-01 Written between 1952 and 1980 the essays range from a discussion of technology

to reflections on such fundamental economic concepts as amenity and welfare. They include the deeply theoretical as well as the practical and the concrete. All are informed by de Jouvenel's insistence that a science which seeks to understand the production and distribution of goods must be concerned in the first place with the good itself. *Economics and the Good Life* is a companion volume to *The Nature of Politics: Selected Essays of Bertrand de Jouvenel*. Like the earlier volume, this collection is accompanied by an editor's introduction that places the essays in the wider context of de Jouvenel's work.

Anatomy of Eminence Daniel Rosenberg, 2020-06-22

Despite its prominence in public discourse, the notion of elites remains a highly contested and ambiguous part of modern political discourse. This monograph rehabilitates the idea of elites and gives it a solid theoretical footing while relating it with the historical development of liberal thought in the west. The analysis offered in the book concentrates on the tradition of liberal political thought in France, which has consistently tackled the question of the elites, their role in society, and the process of their formation. Combining theoretical insights with practical wisdom, French liberal thinkers have seen the elite as an indispensable social category and as a vehicle for the development of human liberty. In their different prescriptive doctrines, French liberal thinkers have sought to reconcile the emergence of social elites with the requirements of social and political equality, as well as with the ongoing modernization of mores and institutions. The monograph offers a unique contribution to scholarship in modern political thought by engaging analytically with the notion of elites, as well as by offering a structured discussion on the historical development of liberalism in France.

Bertrand De Jouvenel Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Bertrand De Jouvenel free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Bertrand De Jouvenel free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Bertrand De Jouvenel free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Bertrand De Jouvenel. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious

and verify the legality of the source before downloading Bertrand De Jouvenel any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Bertrand De Jouvenel Books

What is a Bertrand De Jouvenel PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Bertrand De Jouvenel PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Bertrand De Jouvenel PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Bertrand De Jouvenel PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Bertrand De Jouvenel PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
