Stages of Life Alberto Sandoval-Sánchez, Nancy Saporita Sternbach, 2023-01-10 Latina theater and solo performance emerged in the 1990s as vibrant energetic new genres found on stages from New York to Los Angeles Many women now work in all aspects of Latina theater often as playwrights or solo performers with practitioners ranging from teenagers to grandmothers Alberto Sandoval S nchez and Nancy Saporita Sternbach have previously published a groundbreaking anthology of Latina theater Puro Teatro They now offer a critical analysis of theatrical works presenting a theoretical perspective from which to examine understand and contextualize Latina theater as a genre in its own right This is the first in depth study of the entire corpus of Latina theater based on close readings of works both published and in manuscript It considers a large body of productions and performances including works by such internationally known authors as Dolores Prida Cherr e Moraga and Janis Astor del Valle Applying feminist and postcolonial theory as well as theories of transculturation Sandoval S nchez and Sternbach show how despite cultural differences among Latinas their works share a common poetics by building upon the politics of representation identity and location In addition to covering theater this study also shows that solo performance has its own history properties structure and poetics It examines performances of Carmelita Tropicana Monica Palacios and Marga Gomez artists whose hybrid identities as Latina lesbians constitute living examples of transculturation in the making to show how solo performance has roots in and digresses from more traditional modes of theater With their Latina heritage as a unifying link these women reflect common traits patterns dramatic structures and properties that overcome regional differences Stages of Life reads these eclectic cultural productions as a unified body of work that contributes to the formation of Latina identity in America today

Taub,1999-08-30 Entries summarize the life work and critical reception of contemporary Jewish American dramatists and poets **The Best American Short Plays 2010-2011** William W. Demastes,2000-01-01 Applause is proud to continue the series that for over 70 years has been the standard of excellence for one act plays in America As previous series editor Ramon Delgado wrote in his introduction to The Best American Short Plays of 1989 the choice of entries for each edition has been based on the same goal to include a balance among three categories of playwrights 1 established playwrights who continue to practice the art and craft of the short play 2 emerging playwrights whose record of productions indicate both initial achievement and continuing artistic productivity and 3 talented new playwrights whose work may not have had much exposure but evidences promise for the future From its inception The Best American Short Plays has identified new cutting edge playwrights who have gone on to establish award winning careers including Tennessee Williams Edward Albee Wendy Wasserstein David Mamet and Horton Foote This volume Bill Demastes first edition as series editor illustrates how well the short story play can grapple with the many dimensions of love The selected plays present unique perspectives on the wide range of love s impact on our lives each giving a thoroughly modern twist to the idea that life would be so much easier but also much less interesting if we could only avoid love s mercurial influence Staging Separate Spheres Susanne Auflitsch,2006 During the first half of the 20th century approximately 10 000 short plays were written in the United States This book examines twenty one act plays by authors such as Mary Shaw Susan Glaspell and Charlotte Perkins Gilman who wrote from such diverse backgrounds as women s clubs art theaters or commercial theaters This study argues that the plays share a structural organization along spatial dichotomies of theatrical space within and theatrical space without While some writers use the underlying structure of separate spheres and organize place and space in order to promote a broader definition of domesticity the spatial configurations in other plays are read as appropriations affirmations negotiations subversions or transgressions of the separate spheres dichotomy Substantial bibliographies documenting the productivity of the one act genre supplement this study
