Adventures Of A Home Economist:

Adventures of a Home Economist Ava Milam Clark, James Kenneth Munford, 1969 *Keeping the Nation's House* Helen M. Schneider, 2011-03-01 For many the term home economics conjures images of sterile classrooms where young girls and women learn to cook dinner and swaddle dolls far removed from the seats of power *Keeping the Nation's House* unsettles this assumption by revealing how elite Chinese women helped to build modern China one family at a time Trained between the 1920s and the early 1950s home economists believed that their discipline would transform the most fundamental of political spaces the home by teaching women to nurture ideal families and manage projects of social reform Although their discipline came undone after 1949 it created a legacy of gendered professionalism and reinforced the idea that leaders should shape domestic rituals of the people By focusing on an overlooked group of Chinese women this book genders the past by showing how these women helped make the present and it reveals how a group of intellectuals made the transition to the Communist era **China's Christian Colleges** Daniel Bays, Widmer, 2009-02-27 *China's Christian Colleges* explores the cross cultural dynamics that existed on the campuses of the Protestant Christian colleges in China during the first half of the twentieth century Focusing on two way cultural influences rather than on missionary efforts or Christianization these campuses most of which were American supported and had a distinctly American flavor were laboratories or incubators of mutual cultural interaction that has been very rare in modern Chinese history In this Sino foreign cultural territory the collaborative educational endeavor between Westerners and Chinese created a highly unusual degree of cultural hybridity in some Americans and Chinese The thirteen essays of the book provide concrete examples of why even today more than a half century after the colleges were taken over by the state long lasting cultural results of life in the colleges remain
