Hook, John Spanier, Andrea K. Grove, 2024-01-27 Now in its Twenty Second Edition Hook Spanier and Grove s *American Foreign Policy Since World War II* has long set the standard in guiding students through the complexities of American foreign policy The text introduces students to the American style of foreign policy imbued with a distinct sense of national exceptionalism By giving students the historical context they need this book allows them to truly grasp the functions and dysfunctions of the nation s foreign policy agenda with historical insight into modern policy context [World War II Memory and Contested Commemorations in Europe and Russia](#) Jennifer A. Yoder, 2024-01-01 Instrumentalization of the wartime past for political gain is the subject of this study of eleven World War II commemorations Using a comparative conceptually original approach Yoder identifies the actors who manipulate memory surrounding wartime anniversaries such as the bombing of Dresden and ceremonies to honor fallen soldiers and fascist collaborators The cases of memory contestation span three geographic regions Western Europe Eastern Europe and Russia recognizing that each developed distinctive interpretations of the war and different patterns of memory politics This empirically rich study reveals the grievances that motivate memory challengers and their strategies for shaping the commemoration discourses and rituals The memory challengers toolkit includes varieties of emotional manipulation subtle distortion revisionism and full scale denial The study finds that while there are differences in context and strategy across cases and regions there are also areas of convergence Moreover a memory challenge in one country can spill over into others with serious consequences for foreign relations While *World War II Memory and Contested Commemorations in Europe and Russia* deals with debates and narratives about events in the last century its focus is on power persuasion and identity in the present **Jews in Germany After the Holocaust** Lynn Rapaport, 1997-07-17 What is it like to be Jewish and to be born and raised in Germany after the Holocaust Based on remarkably candid interviews with nearly one hundred German Jews Lynn Rapaport s book reveals a rare understanding of how the memory of the Holocaust shapes Jews everyday lives As their views of non Jewish Germans and of themselves their political integration into German society and their friendships and relationships with Germans are subtly uncovered the obstacles to readjustment when sociocultural memory is still present are better understood This is also a book about Jewish

identity in the midst of modernity It shows how the boundaries of ethnicity are not marked by how religious Jews are or their absorption of traditional culture but by the moral distinctions rooted in Holocaust memory that Jews draw between themselves and other Germans Jews in Germany after the Holocaust has won an award for being the best book in the sociology of religion from the American Sociological Association
