

Ancient Jewish Philosophy

Jonathan Klawans

Ancient Jewish Philosophy:

Ancient Jewish philosophy: a study in metaphysics and ethics Israel Efros, **Ancient Jewish Philosophy** Israel Efros,1964 **Ancient Jewish philosophy** Israel Isaac Efros,1964 **Ancient Jewish Philosophy** Samuel Solomon Cohon,1950 **Medieval Jewish Philosophy and Its Literary Forms** Aaron W. Hughes,James T. Robinson,2019-07-11 This well written accessible essay collection demonstrates a maturation in Jewish studies and medieval philosophy Choice Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented articulated and developed This was not always the case The contributors to this collected work consider Jewish philosophy in the medieval period when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy Many medieval Jewish philosophers were highly accomplished poets for example and made conscious efforts to write in a poetic style This volume turns attention to the connections that medieval Jewish thinkers made between the literary the exegetical the philosophical and the mystical to shed light on the creativity and diversity of medieval thought As they broaden the scope of what counts as medieval Jewish philosophy the essays collected here consider questions about how an argument is formed how text is put into the service of philosophy and the social and intellectual environment in which philosophical texts were produced **Ancient Jewish Philosophy** Israel Efros,1964 **Philosophical Essays, Ancient, Mediaeval & Modern** Isaac Husik,1952 **Ancient Jewish Philosophy** Israel Isaac Efros,1976 Jewish Philosophy in the Middle Ages T. M. Rudavsky,2018-07-11 T M Rudavsky presents a new account of the development of Jewish philosophy from the tenth century to Spinoza in the seventeenth viewed as part of an ongoing dialogue with medieval Christian and Islamic thought Her aim is to provide a broad historical survey of major figures and schools within the medieval Jewish tradition focusing on the tensions between Judaism and rational thought This is reflected in particular philosophical controversies across a wide range of issues in metaphysics language cosmology and philosophical theology The book illuminates our understanding of medieval thought by offering a much richer view of the Jewish philosophical tradition informed by the considerable recent research that has been done in this area *Ancient Jewish Diaspora* René Bloch,2022-09-19 In the Hellenistic period Jews participated in the imagination of a cosmopolitan world and they developed their own complex cultural forms In this panoramic and multifaceted book Ren Bloch shows that the ancient Jewish diaspora is an integral part of what we understand as Hellenism and argues that Jewish Hellenism epitomizes Hellenism at large Relying on Greek Latin and Hebrew sources the fifteen papers collected in this volume trace the evidence of ancient Jews through meticulous studies of ruins literature myth and modern reception taking the reader on a journey from Philo s Alexandria to a Roman bust in a Copenhagen museum *Jewish Philosophy* Norbert Samuelson,2006-09-19 Surveys the history of Jewish philosophy from the formation of the Hebrew Scriptures This book is intended for courses in Jewish philosophy as well as for more general courses in religious thought Judaism and philosophy It

highlights the Hebrew Scriptures the Midrash medieval rabbinic commentaries and modern works of Jewish theology

Jewish Philosophy Past and Present Daniel Frank, Aaron Segal, 2016-07-22 In this innovative volume contemporary philosophers respond to classic works of Jewish philosophy For each of twelve central topics in Jewish philosophy Jewish philosophical readings drawn from the medieval period through the twentieth century appear alongside an invited contribution that engages both the readings and the contemporary philosophical literature in a constructive dialogue The twelve topics are organized into four sections and each section commences with an overview of the ensuing dialogue and concludes with a list of further readings The introduction to the volume assesses the current state of Jewish philosophy and argues for a deeper engagement with analytic philosophy exemplified by the new contributions **Jewish Philosophy Past and Present** Contemporary Responses to Classical Sources is a cutting edge work of Jewish philosophy and at the same time an engaging introduction to the issues that animated Jewish philosophers for centuries and to the texts that they have produced It is designed to set the agenda in Jewish philosophy for years to come

History of Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003 The History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought

Collected Essays on Philosophy and on Judaism Marvin Fox, 2003 **Josephus and the Theologies of Ancient Judaism** Jonathan Klawans, 2013-01-10 Though considered one of the most important informants about Judaism in the first century CE the Jewish historian Flavius Josephus s testimony is often overlooked or downplayed Jonathan Klawans s **Josephus and the Theologies of Ancient Judaism** reexamines Josephus s descriptions of sectarian disagreements concerning determinism and free will the afterlife and scriptural authority In each case Josephus s testimony is analyzed in light of his works general concerns as well as relevant biblical rabbinic and Dead Sea texts Many scholars today argue that ancient Jewish sectarian disputes revolved primarily or even exclusively around matters of ritual law such as calendar cultic practices or priestly succession Josephus however indicates that the Pharisees Sadducees and Essenes disagreed about matters of theology such as afterlife and determinism Similarly many scholars today argue that ancient Judaism was thrust into a theological crisis in the wake of the destruction of the second temple in 70 CE yet Josephus s works indicate that Jews were readily able to make sense of the catastrophe in light of biblical precedents and contemporary beliefs Without denying the importance of Jewish law and recognizing Josephus s embellishments and exaggerations **Josephus and the Theologies of Ancient Judaism** calls for a renewed focus on Josephus s testimony and models an approach to ancient Judaism that gives theological questions a deserved place alongside matters of legal concern Ancient Jewish theology was indeed significant diverse and sufficiently robust to respond to the crisis of its day

Expressions of Sceptical Topoi in (Late) Antique Judaism Reuven Kiperwasser, Geoffrey Herman, 2021-07-19 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical

strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies Studies in Ancient Judaism and Early Christianity Pieter W. van der Horst,2014-03-13 Over the past 45 years Professor Pieter W van der Horst contributed extensively to the study of ancient Judaism and early Christianity The 24 papers in this volume written since his early retirement in 2006 cover a wide range of topics all of them concerning the religious world of Judaism and Christianity in the Hellenistic Roman and early Byzantine era They reflect his research interests in Jewish epigraphy Jewish interpretation of the Bible Jewish prayer culture the diaspora in Asia Minor exegetical problems in the writings of Philo and Josephus Samaritan history texts from ancient Christianity which have received little attention the poems of Cyrus of Panopolis the Doctrina Jacobi nuper baptizati the Letter of Mara bar Sarapion and miscellanea such as the pagan myth of Jewish cannibalism the meaning of the Greek expression without God the religious significance of sneezing in pagan antiquity and the variety of stories about pious long sleepers in the ancient world pagan Jewish Christian The Mystery of God: Early Jewish Mysticism and the New Testament Christopher Rowland,C.R.A. Morray-Jones,2009-06-17 This book brings together the perspectives of apocalypticism and early Jewish mysticism to illuminate aspects of New Testament theology The first part begins with a consideration of the mystical character of apocalypticism and then uses the Book of Revelation and the development of views about the heavenly mediator figure of Enoch to explore the importance of apocalypticism in the Gospels and Acts the Pauline Letters and finally the key theological themes in the later books of the New Testament The second and third parts explore the character of early Jewish mysticism by taking important themes in the early Jewish mystical texts such as the Temple and the Divine Body to demonstrate the relevance of this material to New Testament interpretation **Ancient and mediaeval philosophy** Herbert Ernest Cushman,1910 *Jewish Philosophy and Western Culture* Victor J. Seidler,2007-11-28 This is one of the first textbooks to try to set the entire discipline of Jewish philosophy in its proper cultural and historical contexts In so doing it introduces the vibrant Jewish philosophical tradition to students while also making a significant contribution to inter religious dialogue Victor J Seidler argues that the dominant Platonic tradition in the West has led to a form of cultural ethics which asserts false superiority in its relationships with others He offers a critical reappraisal of the philosophical underpinnings of this western Christian culture which for so long has viewed Judaism with hostility Examining the work of seminal Jewish thinkers such as Philo Buber Mendelsohn Herman Cohen Leo Baeck Levinas Rosenzweig and others the author argues for a code of ethics which prioritises particular and personal moral responsibility rather than the impersonal and universal

emphases of the Greek tradition His provocative and original overview of Jewish philosophy uncovers a vital and neglected tradition of thought which works against the likelihood of a Holocaust recurring
