Social Im/mobilities in Africa Joël Noret,2019-11-08 Grounded in both theory and ethnography this volume insists on taking social positionality seriously when accounting for Africa s current age of polarizing wealth To this end the book advocates a multidimensional view of African societies in which social positions consist of a variety of intersecting social powers or capitals including wealth education social relationships religion ethnicity and others Accordingly the notion of social im mobilities emphasizes the complexities of current changes taking us beyond the prism of a one dimensional social ladder for social moves cannot always be apprehended through the binaries of gains and losses

An Introduction to Population Geographies Holly R. Barcus,Keith Halfacree,2017-09-01 An Introduction to Population Geographies provides a foundation to the incredibly diverse topical and interesting field of twenty first century population geography It establishes the substantive concerns of the subdiscipline acknowledges the sheer diversity of its approaches key concepts and theories and engages with the resulting major areas of academic debate that stem from this richness Written in an accessible style and assuming little prior knowledge of topics covered yet drawing on a wide range of diverse academic literature the book s particular originality comes from its extended definition of population geography that locates it firmly within the multiple geographies of the life course Consequently issues such as childhood and adulthood family dynamics ageing everyday mobilities morbidity and differential ability assume a prominent place alongside the classic population geography triumvirate of births migrations and deaths This broader framing of the field allows the book to address more holistically aspects of lives across space often provided little attention in current textbooks Particular note is given to how these lives are shaped though hybrid social biological and individual arenas of differential life course experience By engaging with traditional quantitative perspectives and newer qualitative insights the authors engage students from the quantitative macro scale of population to

the micro individual scale Aimed at higher level undergraduate and graduate students this introductory text provides a well developed pedagogy including case studies that illustrate theory concepts and issues *Oswaal CBSE Chapterwise Solved Papers 2023-2014 Geography Class 12th (2024 Exam)* Oswaal Editorial Board,2023-01-16 Description of the product 100% Updated with Latest Syllabus Fully Solved Board Paper Crisp Revision with timed reading for every chapter Extensive Practice with 3000 Questions Board Marking Scheme Answers Concept Clarity with 1000 concepts Smart Mind Maps Mnemonics Final Boost with 50 concept videos NEP Compliance with Competency Based Questions Art Integration

Inside the Foreign Exchange Universe Tholoor M. Thomas, 2013-12-24 The foreign exchange FX market is the largest financial market and has a daily turnover close to five trillion US dollars The evolution of the foreign exchange market since the abrogation of the Bretton Woods agreement in 1971 has been remarkable The FX market which was once accessible only to large banks and institutions is now within reach of average people This significant change stems from market liberalisation globalisation and advancements in technology Most people carry out some sort of foreign exchange transaction very frequently this transaction occurs directly or indirectly Plus the fluctuations in exchange rates affect the

financial lives of people on a regular basis Yet the subject of foreign exchange is widely misunderstood because of its intricacies It is essential to establish a basic understanding of FX because it has an important influence on our earnings expenditures savings and investments Though a lot has been written on the subject much of the literature lacks precision This book fills that gap by providing readers with a condensed and precise explanation of foreign exchange and its market dynamics Tholoor M Thomas draws on his forty one years of experience in the foreign exchange market to introduce the forex basics factors affecting exchange rates exchange rate arithmetic exchange rate regimes options and futures used to hedge currency risks evolution of the market through history major market participants numerous world currencies and the key jargons used in the industry This book provides a wealth of information for students of finance those looking to begin a career in foreign exchange investment analysts portfolio managers and anyone interested in attaining a deeper knowledge of the foreign exchange universe

Russian Federation International Monetary Fund. European Dept.,2013-10-21 This 2013 Article IV Consultation highlights that real GDP growth in Russia has slowed amid weak investment and external demand Yet the economy remains close to full capacity with unemployment at historic lows and capacity utilization at pre crisis highs Short term indicators are mixed but on balance suggest some recovery of activity in recent months indicating a stronger growth outlook for the second half of 2013 The near term outlook is for moderate growth and inflation at the upper end of the target range of the Central Bank of the Russian Federation CBR

The Russian Economy and Foreign Direct Investment Kari Liuhto,Sergei Sutyryin,Jean-Marc F. Blanchard,2016-11-10 Before the recent Ukrainian crisis Russia was one of the main sources of foreign direct investment FDI outflow and one of the main targets of FDI inflow in the world However the events in the Ukraine the formation of the Eurasian Economic Union and China s growing interest in the Russian market and its natural resources have changed the picture completely This new book brings together an international group of contributors to present a timely and comprehensive analysis of FDI to and from Russia The book assesses the impact of the changed international political situation on foreign firms operating in Russia and explores how the new world context has affected Russian investments abroad The book also considers the future relationship between Russian corporations and the EU and the USA in light of recent events This book answers an array of key questions including how have investments from and to Russia developed in the last 100 years how are Russian businesses spreading to foreign countries through their indirect investments and how is the Russian Government influencing the investments of Russian businesses abroad This volume is of great interest to those who study international economics modern world economy and FDI as well as those interested in international investment movements and the changing role of Russia in international business and the global economy
