Coptic Life In Egypt:

Coptic Life in Egypt Claudia Yvonne Wiens, 2003 While a number of photographic books on Egypt's Christians have concentrated on the artistic and architectural heritage of the Copts *Coptic Life in Egypt* focuses on the religious traditions and social life of the ordinary people revealing a little known side of the lived religion of a Christian community largely unfamiliar to the Western world The book is divided into seven chapters each begins with a short introductory text giving the background on customs traditions and beliefs captured so vividly in the photographs that follow People in Egypt like to display their religious beliefs in every store juice bar ironing shop or commercial establishment run by Copts tokens of Christianity are on exhibit And for many Copts their religion is a very large part of their lives finding expression for example in their passionate attendance at mulids and pilgrimages which draw thousands of people Mulids are one of the best examples of how social life is combined with religious life how religious devotion is fused with fun and joy a family may have a baby baptized and then enjoy a ride on one of the merry go rounds they may make supplications to a saint then have a picnic or enjoy a cotton candy This vibrant book of lively photographs is a window onto a colorful and intriguing world

Brooks Hedstrom, 2017-11-23 This book traces changing perceptions of Egypt's monastic landscape through an analysis of archaeological and documentary evidence from late antiquity , Egypt and the Eastern Mediterranean World Jelle Bruining, Janneke H. M. de Jong, Petra M. Hoffman, 2023-02-07 A fascinating insider's account of Sufi life in contemporary Egypt For centuries Sufism Islamic mysticism held a major place in Islamic spirituality intellectual life and popular religion While many scholars have commented on Sufism's decline few have delved deeply into present day Egyptian Sufism or considered it as a system in its own right Drawing on her detailed fieldwork and a variety of little known literary sources Valerie J Hoffman presents Sufism as it exists in Egypt today in the vivid experiences of its adherents With an array of conclusions that overturn widely held beliefs about modern Sufis Hoffman argues that the apparent assimilation of Egyptian Sufism masks a thriving movement hidden from the Western world From her experiences as a quasi disciple of a Sufi master she offers new insights into the movement's evolution the vital role of women in Sufism and Sufi perspectives on gender and sexuality The State

Egyptian Women in the Coptic Orthodox Church of Egypt Aida Beshara,2019-10-29 Both Egyptian and foreign historians have testified to the high status of women in all spheres of life during the ancient Egyptian period Women were queens in their own right once the chief physician was a woman In the spiritual life there were priestesses and female musicians and dancers serving in temples This book deals with the role of women in the Christian Coptic Orthodox Church which was established in the first century AD The Coptic church has been blessed with thousands of female martyrs and saints some of whom are of worldwide fame There are fourteen female saints after whom Coptic churches in Egypt are named The Virgin St Mary is the most prominent of them The two Egyptian saints Demianah and Refqah are also popular Sts Verena and Regula are Egyptian saints who were martyred and buried in Switzerland St Verena evangelized in Switzerland and taught Swiss maidens hygiene practices There are more than eighty monuments consecrated to St Verena in Switzerland The Egyptian St Sophia has a world famous church in her name in Istanbul Turkey Unfortunately after the Arab invasion of Egypt in the seventh century the role of women in the church diminished considerably However since the middle of the twentieth century a great revival of the role of women has occurred more women have entered religious life as nuns and deaconesses serving as Sunday school teachers writing books about the church and even teaching in Coptic seminaries My goal is for this book to reach English language readers all over the world and enlighten them about the contribution of women in the service of Christianity through the Coptic Orthodox Church of Egypt

Nationalism and Minority Identities in Islamic Societies Maya Shatzmiller, 2005 The movement of nation building in Islamic societies away from the secular or Pan Arab models of the early twentieth century toward a variety of nationalisms was accompanied by growing antagonism between the Muslim majority and ethnic or religious minorities The papers in Nationalism and Minority Identities in Islamic Societies offer a comparative analysis of how these minorities developed their own distinctive identities within the modern Islamic nation state The essays focus on identity formation in five minority groups Copts in Egypt Baha'is and Christians in Pakistan Berbers in Algeria and Morocco and Kurds in Turkey and Iraq While every minority community is distinctive the experiences of each show that a state's authoritarian rule uncompromising attitude towards expressions of particularism and failure to offer tools for inclusion are all responsible for the politicization and radicalization of minority identities The place of Islam in this process is complex while its initial pluralistic role was transformed through the creation of the modern nation state the radicalization of society in turn radicalized and politicized minority identities Minority groups though at times possessing a measure of political autonomy remain intensely vulnerable Contributors include Juan R I Cole University of Michigan David L Crawford Fairfield University Michael Gunter Tennessee Technological University Azzedine Layachi St John's University Richard C Martin Emory University Paul S Rowe University of Western Ontario Maya Shatzmiller University of Western Ontario Charles D Smith University of Arizona Pieternella van Doorn Harder Valparaiso University the late Linda S Walbridge University of Oklahoma and M Hakan Yavuz University of Utah Announcing the series Studies in Nationalism and Ethnic Conflict General Editors Sid Noel and Richard Vernon co-directors of University of Western Ontario's Nationalism and Ethnic Conflict Research Group Studies in Nationalism and Ethnic Conflict is a series that examines the political dimensions of nationality in the contemporary world The series includes both scholarly monographs and edited volumes which consider the varied sources and political expressions of national identities the politics of multiple

Languages and Cultures of Eastern Christianity: Greek Scott Fitzgerald Johnson, 2017-05-15

This volume brings together a set of fundamental contributions many translated into English for this publication along with an important introduction Together these explore the role of Greek among Christian communities in the late antique and Byzantine East late Roman Oriens specifically in the areas outside of the immediate sway of Constantinople and imperial Asia Minor The local identities based around indigenous eastern Christian languages Syriac Coptic Armenian Georgian etc and post Chalcedonian doctrinal confessions Miaphysite Church of the East Melkite Maronite were solidifying precisely as the Byzantine polity in the East was extinguished by the Arab conquests of the seventh century In this multilayered cultural

environment Greek was a common social touchstone for all of these Christian communities not only because of the shared Greek heritage of the early Church but also because of the continued value of Greek theological hagiographical and liturgical writings. However, these interactions were dynamic and living so that the Greek of the medieval Near East was itself transformed by such engagement with eastern Christian literature appropriating new ideas and new texts into the Byzantine repertoire in the process. **Children and Family in Late Antique Egyptian Monasticism** Caroline T.

Schroeder, 2020-09-17 Early Christian asceticism emphasized renunciation of family while Egyptian monks in late antiquity cared for children. **Those for Whom the Lamp Shines** Vince L. Bantu, 2023-09-26 In *Those for Whom the Lamp Shines* Vince L. Bantu uses the rich body of anti-Chalcedonian literature to explore how the peoples of Egypt both inside and outside the Coptic Church came to understand their identity as Egyptians. Working across a comparative spectrum of traditions and communities in late antiquity at the intersection of religious and other social forms of identity, Bantu shows that it was the dissenting doctrines of the Coptic Church that played the crucial role in conceptualizing Egypt and being Egyptian. Based on the study of neglected Coptic and Syriac texts, *Those for Whom the Lamp Shines* offers the only sustained treatment of ethnic and religious self-understanding in Africa's oldest Christian church. *Publications of the Metropolitan Museum of Art Egyptian Expedition* Hugh Gerard Evelyn-White, Metropolitan Museum of Art (New York, N.Y.).
