Balmaidens Lynne Mayers, 2004 **A Traveler's Tale** Enid Saunders Candlin, 1974 **The Tourist's Gaze** Glenn Hooper, 2001 Travel literature has been described by Jonathan Raban as literature's red light district It defies people's beliefs confuses expectations crosses disciplinary boundaries and is linked to ethnography journalism and biography Yet for all that has managed to remain not only a visible but also an increasingly popular literary genre This anthology makes an entertaining and insightful contribution to this engaging field It includes extracts from well known writers such as Thackeray Boll and Chesterton but also presents less familiar figures from the nineteenth and twentieth centuries The seventy pieces collected here both offer sharp observations of the country and are equally revealing about the travelers themselves Each extract where possible is prefaced by a brief biography of its author For readers interested in the origins and historical role of travel writing in general and how they relate to Ireland the editor offers an illuminating introduction This anthology presents illuminating snapshots of Ireland over two hundred years It also provides insights into the varied perspectives of the travelers themselves a perspective often influenced by contemporary political events such as the Great Famine Home Rule the Civil War and the Troubles This anthology leaves the reader with an enduring image of Ireland's ability to fascinate and stimulate visitors through two centuries

Blackwood's Edinburgh Magazine, 1855 *Character Sketches of Romance, Fiction and the Drama* Ebenezer Cobham Brewer, 2004-03 Originally published in 1892 the object of this Handbook is to supply readers and speakers with a lucid but very brief account of such names as are used in allusions and references whether by poets or prose writers to furnish those who consult it with the plot of popular dramas the story of epic poems and the outline of well known tales The number of dramatic plots sketched out is many hundreds Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories and the strange repetitions of historic incidents It has been borne in mind throughout that it is not enough to state a fact It must be stated attractively and

the character described must be drawn characteristically if the reader is to appreciate it and feel an interest in what he reads
