Airborne Bart Hagerman,1990 *In the Hands of Fate* Dwight R Messimer,2012-04-15 Patrol Wing Ten was the only U S Navy aviation unit to fight the Japanese in the early weeks of World War II and the daring exploits of its PBY scout plane pilots offer a dramatic tale of heroism duty and controversy Poorly equipped and dead tired from flying back to back patrols with no fighter cover the men lost sixty six percent of their aircraft in just eight weeks as they took on an enemy that outnumbered them nearly 1 000 to one This forceful narrative places the reader right in the midst of their courageous battle Dwight Messimer s aggressive research on the topic has resulted in a work that provides moving details to their desperate but valiant acts against the seemingly invincible Japanese juggernaut that swept across the southwest Pacific at the opening of the war By Christmas Day in 1941 Patrol Wing Ten was forced to split into two groups one fighting an air and sea campaign in Java the other fighting as infantry on Bataan and Corregidor Moving back and forth between the two groups Messimer skillfully interweaves their experiences with the major events of the overall war He uses material from the fifty survivors he managed to track down and deftly captures their ability to maintain a sense of humor in the face of overwhelming danger The more than one hundred personal and official documents uncovered during years of research reveal new information relating to technical points about the planes facts verified by the PBY crews that do not agree with popularly accepted ideas To those who believe the wing accomplished nothing and this group includes many pilots Messimer argues that while attempts to bomb the Japanese fleet proved futile because the PBYs were unsuitable for such a task the wing s rescue and evacuation missions saved many lives The airdales themselves were not so lucky When Corregidor fell nearly half of them were captured and many died in captivity **There's a War to Be Won** Geoffrey Perret,2011-08-03 THERE S A WAR TO BE WON is the landmark story of one of the greatest armies in history a conscript force of amateur soldiers who had an unparalleled record of combat success Here for the first time in one volume is the chronicle of the United States Army s dramatic mobilization and stunning march to victory in World War II In a lively and engrossing

narrative that spans theaters of operations around the world Geoffrey Perret tells how the Army was drafted trained organized armed and led at every stage of the war Beginning with the prescient military planners of the 1930s he offers vivid warts and all profiles of the farsighted commanders who would lead the way men like Marshall MacArthur Eisenhower Ridgway Bradley and Patton Drawing heavily on important new source material in major archives throughout the United States THERE S A WAR TO BE WON offers new insights into the wartime Army its commanders and its battles A major work of American military history An immensely readable well researched history Dramatic Chicago Tribune **The Eagle and the Rising Sun** Alan Schom,2004 A fresh and provocative account of the greatest naval campaign of the twentieth century
