Quantick,Martyn Waites,Stav Sherez,2014-09-25 We can all name the classic rock and pop albums of the last fifty years But what about the great lost albums The albums that fell behind the back of the musical sofa The albums that in a very real sense have been completely made up by the authors of this book It took a bestselling crime writer or three to hunt down these fifty lost classics and an award winning TV comedy scriptwriter to buy them a pint and make them write it From the 60s to the 00s with track listings and full histories Great Lost Albums reveals the recordings that just perhaps never existed but really should have done Albums include Bob Dylan s legendary collaboration with Liberace Joy Division s musical theatre period Coldplay s IKEA Sessions including Conscious Uncoupling See Leaflet for Details and In my Place There s a Lovely HEMNES Shelving System The Who s magisterial abandoned rock opera Bingo Wizard Kraftwerk s hastily deleted Christmas album featuring the melancholic classic I Wish to Return this Item and many many more John Cale's Paris 1919 Mark Doyle,2025-02-06 John Cale s enigmatic masterpiece Paris 1919 appeared at a time when the artist and his world were changing forever It was 1973 the year of the Watergate hearings and the oil crisis and Cale was at a crossroads The white hot rage of his Velvet Underground days was nearly spent now he was living in Los Angeles working for a record company and making music when time allowed He needed to lay to rest some ghosts but he couldn t do that without scaring up others Paris 1919 was the result In this vivid wide ranging book Mark Doyle hunts down the ghosts haunting Cale s most enduring solo album There are the ghosts of New York of the Velvets Nico and Warhol that he smuggled into Los Angeles in his luggage There is the ghost of Dylan Thomas a fellow Welshman who haunts not just Paris 1919 but much of Cale s life and art There are the ghosts of history of a failed peace and the artists who sought the truth in dreams And there are the ghosts of Christmas surprising visitors who bring a nostalgic warmth and a touch of wintry dread With erudition and wit Doyle offers

new ways to listen to an old album whose mysteries will never fully be resolved *The Beach Boys' Smile* Luis Sanchez, 2014-05-08 Smile is not merely a great unfinished album but a living work of art that is all at once expansive indeterminate and resolutely pop In the early 1960s The Beach Boys rose from the suburbs of Hawthorne California to become emissaries of a post war American dream that fused middle class aspiration and mobility with images of youth Led by dream master Brian Wilson their music gave voice to a Southern California mythos and compelled an audience across the nation and beyond to live out their own versions of the fantasy By 1966 the encroaching counterculture added new dimensions of creative possibility to popular music Looking to revise and expand Brian Wilson sought collaboration with a brilliant musician named Van Dyke Parks Together they began work on Smile an ambitious album of music that refracted The Beach Boys na vet into a visionary exploration of American consciousness Smile edged so close to greatness it seemed destined to become one of the most significant musical advances of its time But the story didn't end quite like this In this book of evocative essays Sanchez traces the musical journey that transformed The Beach Boys from West Coast surf heroes into America's pop luminaries and ultimately why Smile represents a tumultuous turning point in the history of popular music

Wall Of Pain Dave Thompson, 2010-03-04 In 2009 Phil Spector the legendary record producer was sentenced to life imprisonment for the murder of B movie actress Lana Clarkson It was an ignominious climax to a life of staggering highs and scarcely believable lows Wall of Pain Dave Thompson's biography of Phil Spector has now been updated to include important details of the seemingly interminable trial The architect of the Wall Of Sound Spector's already iconic status in the music world was enhanced by his work with The Beatles Writer and producer of countless hits his innovative genius in the studio revitalised music production in the 1960s and changed the way we listen to music forever But there was always a dark side to Phil Spector His success became over shadowed by his reputation for eccentricity and excess his fractious personality and
