includes individual group and club criminal behavior These groups are sometimes called one percenters due to the American Motorcycle Association statement that ninety nine percent of motorcyclists are law abiding citizens While many may be familiar with the reputation of the Hells Angels many may not realize the wide network of other Outlaw Motorcycle Gangs or the extent of their involvement in criminal activities The brief includes a breakdown of the criminal networks and activities of these groups which operate similarly to an organized crime group It also covers the evolution of motorcycle clubs to motorcycle gangs It examines the recent trend of American based motorcycle gangs into international organized crime activities This book will be of interest to researcher studying criminology particularly organized crime and criminal networks as well as international and comparative law and public policy *Outlaw Bikers and Ancient Warbands* Carl

Bradley,2021-10-13 This book is the first to compare the shared cultural tenets of ancient warbands and outlaw biker gangs It argues that the values of hyper masculinity can be traced from the former into the contemporary environment of the latter codes of honour loyalty and bravery have prioritised small groups of males over women and other men creating a history of hyper masculinity that shows little sign of stopping Indeed *Outlaw Bikers and Ancient Warbands* Hyper Masculinity and Cultural Continuity argues that such hyper masculine culture can be found in many male groups such as the police military and sports and that if we want to understand hyper masculinity and face it as a society then we need to recognize that outlaw bikers are a reflection of behavior that has a very long tradition This pioneering work explores these issues from ancient times and into the future **Outlaw Motorcycle Clubs and Street Gangs** Tereza Kuldova,Martín

Sánchez-Jankowski,2018-04-25 This edited collection offers in depth essays on outlaw motorcycle clubs and street gangs Written by sociologists anthropologists and criminologists it asks the question of how the self proclaimed outlaws integrate into society While these groups may cultivate a deviant image these original studies show that we should not let ourselves be deceived by appearances These outlaws are paradoxically well integrated into mainstream society The essays read the relationship of these groups to the media law enforcement and society through the lens of their strategies of scheming legality and resisting criminalization These reveal most strikingly how the knowledge of social codes norms and mechanisms is put to use by these groups This groundbreaking volume provides answers to previously understudied questions through well researched case studies drawn from across Europe and United States With wide reaching implications for communities around the world this exciting collection of essays will be of great interest to academics and governmental institutions as well as students and general readers of anthropology sociology and criminology *The Outlaws of the Wild West: 150+ Westerns in One Edition* Mark Twain,James Fenimore Cooper,Max Brand,James Oliver Curwood,B. The Hoodsman - Queens and Widows Skye Smith, 2019-04-10

Cover Flap: In 1079, the Conqueror is critically wounded by Raynar in a skirmish at Gerberoi. With the Conqueror ill, Philip of France encourages rebellions against Norman rule. William placates Philip by choosing different sons to be the heirs of Normandy and of England. His favourite son, Richard, is to be the next King of the English. With William ill and rarely in England, Regent Odo and the rest of the Norman ruling class keep to the South. Raynar is in Scotland, visiting Margaret, when Northumbrian rebels kill the Bishop of Durham. In revenge, Odo's army harrows the North yet again. While King Henry is busy securing and rebuilding the West Country after the Category 5 hurricane of August 10th 1103, Queen Edith must rule the palace and the court of England. With the help of Raynar, Countess Lucy, and Countess Maud, she moves the court from Winchester to Westminster. About the Author: Skye Smith is my pen name. My ancestors were miners and shepherds near Castleton in the Peaks District of Derbyshire. I have been told by some readers that this series reminds them of Bernard Cornwell's historical novels and have always been delighted by the comparison. This is the tenth of my Hoodsman series of books, and you should read the first, *Killing Kings*, before you read this book. All of the books contain two timelines linked by characters and places. The current story is set in the era of King Henry I in the 1100s, while the longer flashback story is set in the era of King William I after 1066. I have self-published twelve *The Hoodsman* historical adventure novels and one Companion reference.
