Alice Csodaországban:

Alice Csodaországban Lewis Carroll, Lewis Carroll Alice Csodaországban című története hazánkban is népszerű volt. Ebben nem elsősorban Hollywood-dollárműs filmcsodát látunk, hanem egy sokkal prazibb okát fordítva a kettőt ugyanis Kosztolányi Dezső színpadgeszt magyar nyelvre olvashatjuk újra most digitális kiadásban. **Translating and Transmediating**

Children's Literature Anna Kérchy, Björn Sundmark, 2020-09-30 From Struwwelpeter to Peter Rabbit from Alice to Bilbo this collection of essays shows how the classics of children's literature have been transformed across languages genres and diverse media forms This book argues that translation regularly involves transmediation the telling of a story across media and vice versa and that transmediation is a specific form of translation Beyond the classic examples the book also takes the reader on a worldwide tour and examines among other things the role of Soviet science fiction in North Korea the ethical uses of Lego Star Wars in a Brazilian context and the history of Latin translation in children's literature Bringing together scholars from more than a dozen countries and language backgrounds these cross disciplinary essays focus on regularly overlooked transmediation practices and terminology such as book cover art trans sensory storytelling cartenfreakment foreignizing domestication and intra cultural transformation *Space, Identity and Discourse in Anglophone Studies* Attila Dósa, Ágnes Maguczna Godó, Anett Schäffer, Robin Lee Nagano, 2024-02-20 This book explores the dynamic intersections where cultures languages and spaces converge shaping identities and creating new forms of expression The authors attempt to unravel the complexity of narrative and imaginative spaces by examining cultural identities in global contexts The essays on literary representations consider abstract border crossings through rewriting and reappropriation in various genres while also looking at immigrant fiction post Anthropocene narratives and hybrid spaces through a postcolonial lens The essays on history and politics critically examine identity conflicts in the United States while the contributions on applied linguistics and language pedagogy offer insights into online teaching experiences during COVID 19 sociocultural aspects of language use and the formation of bilingual identities Employing innovative methods in reinterpreting literary works political narratives and different types of discourse past and present this collection contributes to ongoing scholarly dialogues on the multifaceted challenges associated with identity construction through border crossings *Children's Literature in Translation* Jan Van Coillie, Jack McMartin, 2020-10-30 For many of us our earliest and most meaningful experiences with literature occur through the medium of a translated children's book This volume focuses on the complex interplay that happens between text and context when works of children's literature are translated what contexts of production and reception account for how translated children's books come to be made and read as they are How are translated children's books adapted to suit the context of a new culture Spanning the disciplines of Children's Literature Studies and Translation Studies this book brings together established and emerging voices to provide an overview of the analytical empirical and geographic richness of current research in this field and to identify and reflect on common insights analytical perspectives

and trajectories for future interdisciplinary research This volume will appeal to an interdisciplinary audience of scholars and students in Translation Studies and Children s Literature Studies and related disciplines It has a broad geographic and cultural scope with contributions dealing with translated children s literature in the United Kingdom the United States Ireland Spain France Brazil Poland Slovenia Hungary China the former Yugoslavia Sweden Germany and Belgium **The Fairy-Tale Vanguard** Stijn Praet, 2019-07-08 Ever since its early modern inception as a literary genre unto its own the fairy tale has frequently provided authors with a textual space in which to reflect on the nature status and function of their own writing and that of literature in general At the same time it has served as an ideal laboratory for exploring and experimenting with the boundaries of literary convention and propriety While scholarship pertaining to these phenomena has focused primarily on the fairy tale adaptations and deconstructions of postmodernist writers this essay collection adopts a more diachronic approach It offers fairy tale scholars and students a series of theoretical and literary historical expositions as well as case studies on English French German Swedish Danish and Romanian texts from the seventeenth to the twenty first century by authors as diverse as Marie Catherine d Aulnoy Rikki Ducornet Hans Christian Andersen and Robert Coover **A Melankólia-öböl buja bestiája** Moore Christopher, 2014 **Lewis Carroll's Alice** Charles C.
