Custer, the Seventh Cavalry, and the Little Big Horn Mike O'Keefe, 2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry s disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer s tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer s experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876 77 and the Seventh Cavalry s pursuit of the Nez Percés in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians

librarians collectors and Custer enthusiasts **Atlantic Crossroads** José Moya, 2021-06-24 Unlike most books on the Atlantic that associate its history with European colonialism and thus end in 1800 this volume demonstrates that the Atlantic connections not only outlasted colonialism they also reached unprecedented levels in postcolonial times when the Atlantic truly became the world's major crossroads and dominant economy Twice as many Europeans entered New York Buenos Aires and São Paulo in 3 years on the eve of WWI as had arrived in all the New World during 300 years of colonial rule Transatlantic ties surged again with mass movements from the West Indies Latin America and Africa to North America and Western Europe from the 1960s to the present As befits a transnational subject the 24 contributors in this volume come from 14 different countries Over half of the chapters are co-authored an exceptional level of scholarly collaboration and all but two are explicitly comparative Comparisons include Congo and Yoruba slaves in Brazil Irish and Italian mercenaries and adventurers in the New World German Lutherans in Canada and Argentina Spanish laborers in Algeria and Cuba the diasporic nationalism of ethnic groups without nation states and the transatlantic politics of fascism and anti-fascism in the interwar Overall the volume shows the Atlantic World's distinctiveness rested not on the level or persistence of colonial control but on the density and longevity of human migrations and the resulting high levels of social and cultural contact circulation connection and mixing This title will appeal to students and researchers in the fields of Atlantic and global history migration diaspora slavery ethnicity nationalism citizenship politics anthropology and area studies **The Last Stand** Nathaniel Philbrick, 2023-01-03 An engrossing and tautly written account of a critical chapter in American history Los Angeles Times Nathaniel Philbrick author of *In the Hurricane's Eye* Pulitzer Prize finalist *Mayflower* and *Valiant Ambition* is a historian with a unique ability to bring history to life *The Last Stand* is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand Bringing a wealth of new information to his subject as well as his characteristic literary flair Philbrick details the collision between two American icons George Armstrong Custer and Sitting Bull that both parties wished to avoid and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth *Abe Lincoln Afloat* Jules C. Institute in Virginia grew increasingly concerned that the history and culture of her people were being lost as elders died without passing along their knowledge. A skilled writer Waggoner set out to record the lifeways of her people and correct much of the misinformation about them spread by white writers, journalists, and scholars of the day. To accomplish this task, she traveled to several Lakota and Dakota reservations to interview chiefs, elders, traditional tribal historians, and other tribal members, including women. Published for the first time and augmented by extensive annotations, *Witness* offers a rare participant's perspective on nineteenth and early twentieth century Lakota and Dakota life. The first of Waggoner's two manuscripts presented here includes extraordinary firsthand and as told to historical stories by tribal members such as accounts of life in the Powder River camps and at the agencies in the 1870s, the experiences of a mixed blood H'kpa girl at the first off-reservation boarding school, and descriptions of traditional beliefs. The second manuscript consists of Waggoner's sixty biographies of Lakota and Dakota chiefs and headmen based on eyewitness accounts and interviews with the men themselves. Together, these singular manuscripts provide new and extensive information on the history, culture, and experiences of the Lakota and Dakota peoples.
