

"The American heartland often spontaneously produces its own lovely and promising Menippean satires, and David Wallace's young genius is one undimmed. The magnitude of his borrowings he pays back with interest. He often writes like a loquacious angel . . . and tells us as much about his generation as Philip Roth did about his, or Donleavy, or Exley, or, more recently, Bret Ellis and Jay McInerney, with all of whose appetites for literature and irreverent spirits (as well as the Jetsons) I believe he has broken bread. The youthful snare drum of triumph is here made to thrill with talent, observation, and humor."

—Richard Elinson, author of *Cocktails at Sonoma* and *The Breadfruit Lottery*

"*The Broom of the System* is a storm of a book. They build nuclear reactors that burn less energy than this guy does. David Wallace doesn't mind flirting with narrative critical mass, taunting the meltdown."

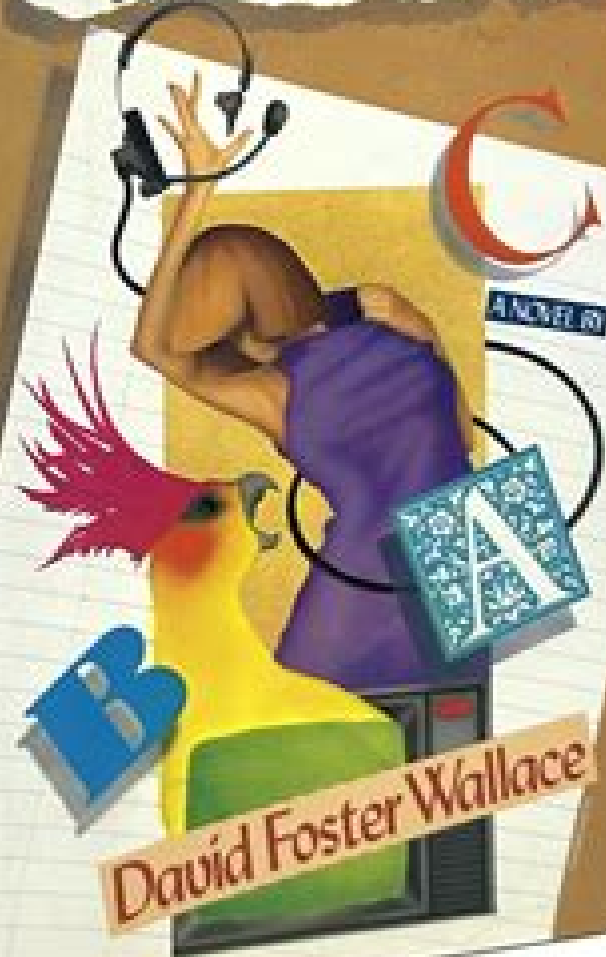

—Bob Shacochis, author of *Easy in the Islands*
