Have You Seen My Brother? Margie Cretella,2024-03-11 Imagine these words black ice a car a truck a tree and Northeast Ohio These words can only add up to a tragic car crash And they did The nightmare happened on November 13 2013 and left me on a journey searching for my brother and God It seemed like a game that I didn t want to partake in but I had no choice This game led me to several hospitals where I spent my time asking the hospital staff if they knew where my brother was They always led me to a room of an almost lifeless man lying in a bed and often looking at me like he was wondering who I was Where exactly was my brother the loud boisterous man that I once knew for fifty eight years He was the man that you would hear before you would even see him I wanted that brother back and wanted him back immediately I spent ten years searching for my brother and God It left me exhausted mad bitter and at times lonely How would I go about finding them I would have been happy if I could just find one of them but who would be more important to me my brother or God I couldn t imagine God turning his back on my brother Father Steve a devout Catholic priest because I could only envision God taking care of him every step of the way Would I be fortunate enough to find out that maybe God and my brother were hanging out the whole time searching for me Maybe I was the one who was lost If you like stories about faith family love and willpower then this book is for you

There Might Be Ghosts Inside Those Hills Scott Bradley Hesson,2023-02-09 Where some might find a cavern a dark and gloomy place to me there is no better more relaxing place on earth or in earth Then again I have been working in them since I was twelvethirteen officially So I am more used to them than most people Over those years I and a few of my friends have seen some pretty unusual things Not just the beauty of the formations and the chambers but things that might curl the hair of most I have heard but never saw two little girls laugh I have seen women from the last millennium dressed in their Sunday best turn into mist I have made a Civil War soldier mad at me and watched him turn into a ball of black smoke I have heard the scream of a woman in the dark These experiences are some of the most vivid memories of my life Unlike some I really find these things fascinating and consider myself fortunate to have experienced them Here I tell of some of these experiences and many others including things that I have experienced with real people I also relay some of the most unusual

and some might call intriguing things about caves in general After all caves have been around for a long time and explored by thousands in some cases long before us In all I have to say I have lived a blessed life and thank God for everything I have In this book I tell of some of the things that he has let me see I would like to see more unusual things but I really don't seem to have any kind of control over any of it I do know that it has been fun getting there so far and really do hope it will continue Only time will tell and one day maybe I will have enough for a volume two that would be the ultimate I do hope to have a couple of new books in the future after all I have dealt with the public most of my life They are in some cases more fascinating than the apparitions that I have encountered
