Pearl S. Buck's Novels of China and America Rob Hardy, 2021-08-30 This book the first single authored book length study of Buck s fiction for over twenty years shows how Buck s thought developed through the medium of her fiction from her early turbulent years in China to her last lonely days in the United States with chapters examining her loss of faith in

Christianity her reflections on Chinese life during and after the breakdown of Old China her voluminous reading her confrontation with the horrors of American racism and sexism after her return to the United States and her final metaphorical search for home as she approached death The book argues that Buck the first American woman to win both the Pulitzer and Nobel prizes for literature was a heroic forerunner of those who while occupying a place in the world never feel fully at home there in Buck s case because her Chinese identity throughout her life struggled with her American For this reason Pearl S Buck s fiction deserves to be considered alongside that of writers such as Anchee Min Maxine Hong Kingston and Amy Tan The book s central claim is that Buck is a major novelist capable of speaking to the distress of our times richly deserving the honor she has received in China and deserving greater recognition in the United States **Comics through**

Fuller,2008 A comprehensive introduction to the workings of the business Sportscasters Sportscasting Principles and Practices explains all of the information essential to anyone looking to begin a career in sports media and includes numerous appendices containing acronyms and biographic information about over 200 sportscasters and a complete Instructor s Manual **Journalism 1908** Betty Houchin Winfield,2008-09-03 The year 1908 was not remarkable by most accounts but it was an auspicious year for journalism As newspapers sought to recover from big city yellow journalism and circulation wars that reached their boiling point a few years earlier during the Spanish American War press clubs began to champion higher education And schools dedicated to journalism education led by the University of Missouri began to emerge Now sanctioned by universities journalism could teach acceptable behavior and establish

credentials It was nothing less than the birth of a profession Journalism 1908 opens a window on mass communication a century ago It tells how the news media in the United States were fundamentally changed by the creation of academic departments and schools of journalism by the founding of the National Press Club and by exciting advances that included early newsreels the introduction of halftones to print and even changes in newspaper design Journalism educator Betty Houchin Winfield has gathered a team of well known media scholars all specialists in particular areas of journalism history to examine the status of their profession in 1908 news organizations business practices media law advertising forms of coverage from sports to arts and more Various facets of journalism are explored and situated within the country's history and the movement toward reform and professionalism not only formalized standards and ethics but also labor issues concerning pay hours and job differentiation that came with the emergence of new technologies This overview of a watershed year is national in scope examining early journalism education programs not only at Missouri but also at such schools as Colgate Washington and Lee Wisconsin and Columbia It also reviews the status of women in the profession and looks beyond big city papers to Progressive Era magazines the immigrant press and African American publications Journalism 1908 commemorates a century of progress in the media and given the place of Missouri's School of Journalism in that history is an appropriate celebration of that school's centennial It is a lode of information about journalism education history that will surprise even many of those in the field and marks a seminal year with lasting significance for the profession

Postmodern Belief Amy Hungerford, 2010-07-01 How can intense religious beliefs coexist with pluralism in America today Examining the role of the religious imagination in contemporary religious practice and in some of the best known works of American literature from the past fifty years Postmodern Belief shows how belief for its own sake a belief absent of doctrine has become an answer to pluralism in a secular age Amy Hungerford reveals how imaginative literature and religious practices together allow novelists poets and critics to express the formal elements of language in transcendent terms conferring upon words a religious value independent of meaning Hungerford explores the work of major American writers including Allen Ginsberg Don DeLillo Cormac McCarthy Toni Morrison and Marilynne Robinson and links their unique visions to the religious worlds they touch She illustrates how Ginsberg's chant infused 1960s poetry echoes the tongue speaking of Charismatic Christians how DeLillo reimagines the novel and the Latin Mass why McCarthy's prose imitates the Bible and why Morrison's fiction needs the supernatural Uncovering how literature and religion conceive of a world where religious belief can escape confrontations with other worldviews Hungerford corrects recent efforts to discard the importance of belief in understanding religious life and argues that belief in belief itself can transform secular reading and writing into a religious act Honoring the ways in which people talk about and practice religion Postmodern Belief highlights the claims of the religious imagination in twentieth century American culture

Steampunk London Helena Esser, 2024-07-25 Tracing the genre through fiction visual art film and videogames from the 1980s to the present this book offers a comprehensive exploration of the intersection between neo Victorianism urban spaces and Steampunk Characterised by its interplay between past and present and its anachronistic retro speculation Neo Victorian infused Steampunk remixes modern collective memory to produce a re imagined vision of Victorian London Investigating how Steampunk s re calibrated Londons both source from and subvert Victorian discourse about the city Steampunk London offers a deeper understanding of how a popular cultural memory of the Victorian past is shaped and transmitted in light of present day identity politics Covering key themes including retrofuturism gender and sexuality colonialism and postcolonialism it considers such ideas as how early Steampunk synthesizes Victorian urban ethnography how Victorian urban Gothic shapes shared transmedia memory to challenge reactionary nostalgic meta narratives how Steampunk video games mobilize urban space as an immersive storytelling device with cities open to play and how Steampunk interprets the modern metropolis as an opportunity for feminist and queer agency Through examination of Victorian era writers from Charles Dickens to Arthur Conan Doyle the book digs into works of fiction and media alike looking at The Difference Engine Soulless and The League of Extraordinary Gentlemen From Hell Guy Ritchie s Sherlock Holmes cyberpunk classic Blade Runner and Assassin s Creed Syndicate and The Order 1886 An important intervention in the study of steampunk Helena Esser demonstrates how the works explored invite participatory consumption and considers the genre s potential and failures to interrogate and challenge our relationship with the Victorian past Arabs and Muslims in the Media Evelyn Alsultany, 2012-08-20 After 9 11 there was an increase in both the incidence of hate crimes and government policies that targeted Arabs and Muslims and the proliferation of sympathetic portrayals of Arabs and Muslims in the U S media Arabs and Muslims in the Media examines this paradox and investigates the increase of sympathetic images of the enemy during the War on Terror Evelyn Alsultany explains that a new standard in racial and cultural representations

emerged out of the multicultural movement of the 1990s that involves balancing a negative representation with a positive one what she refers to as simplified complex representations This has meant that if the storyline of a TV drama or film represents an Arab or Muslim as a terrorist then the storyline also includes a positive representation of an Arab Muslim Arab American or Muslim American to offset the potential stereotype Analyzing how TV dramas such as The Practice 24 Law and Order NYPD Blue and Sleeper Cell news reporting and non profit advertising have represented Arabs Muslims Arab Americans and Muslim Americans during the War on Terror this book demonstrates how more diverse representations do not in themselves solve the problem of racial stereotyping and how even seemingly positive images can produce meanings that can justify exclusion and inequality
