

Sets of Numbers

- The **natural numbers** are the set of numbers used when counting; there are the numbers $\{1, 2, 3, 4, 5, \dots\}$.
- The **whole numbers** are the set of natural numbers and zero; there are the numbers $\{0, 1, 2, 3, 4, 5, \dots\}$.
- The **integers** are the set of whole numbers and their opposites; there are the numbers $\{\dots, -5, -2, -1, 0, 1, 2, 3, \dots\}$.
- The **rational numbers** are the set of numbers that can be expressed as a fraction of two integers where the denominator is not zero. Rational numbers include the set of natural numbers, whole numbers, and integers.

EX: $-\frac{3}{4}, 0, 2, \sqrt{16}, 2\frac{1}{2}, 0.8\bar{3}, 2.35$

- The **irrational numbers** are the set of numbers that cannot be expressed as a fraction of two integers.

EX: $\pi, \sqrt{2}, \sqrt[3]{10}$

- The **real numbers** are the set of rational numbers and irrational numbers.

EX: $-4, \pi, \frac{1}{5}, \sqrt{5}, \sqrt[3]{64}, 0.125, \sqrt[3]{27}, 0.3$

- The **imaginary numbers** are the set of square roots of negative numbers, written in the form bi , where i is a nonzero real number and $i = \sqrt{-1}$.

EX: $-3i, 4i, 3i, \sqrt{-8}, -\sqrt{-100}$

- The **complex numbers** are the set of real numbers plus an imaginary number, written in the form $a + bi$, where a and b are real numbers and $i = \sqrt{-1}$.

EX: $8 + 2i, -6 + i, -4 - 3i, 7 - 6i, 5i$

Solving Equations

When you perform the same operation to each side of an equation, the result is a new equation that has the same solution. Equations that have the same solution(s) are **equivalent equations**.

Using the Addition Property of Equality

The **Addition Property of Equality** states that when the same number is added to equal numbers, the sums are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a + c = b + c$.

EX: $2 + 7 = 2 + 7$

Applying this property to equations, when the same number is added to each side of an equation, the result is an equivalent equation.

EX: If $x = 2 + 13$, then $x + 2 = 2 + 13 + 2$, or $x = 17$

Using the Subtraction Property of Equality

The **Subtraction Property of Equality** states that when the same number is subtracted from equal numbers, the differences are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $a - c = b - c$.

EX: $12 - 6 = 12 - 6$

Applying this property to equations, when the same number is subtracted from each side of an equation, the result is an equivalent equation.

EX: If $y = 7 + 15$, then $y - 7 = 7 + 15 - 7$, or $y = 18$

Using the Multiplication Property of Equality

The **Multiplication Property of Equality** states that when equal numbers are multiplied by the same number, the products are equal.

RULE: If a, b , and c are any real numbers and $a = b$, then $ac = bc$.

EX: $3 \cdot 4 = 3 \cdot 3$

Applying this property to equations, when both sides of an equation are multiplied by the same real number, the result is an equivalent equation.

EX: If $\frac{x}{4} = 3$, then $\left(\frac{x}{4}\right) \cdot 4 = (3) \cdot 4$, or $x = 12$

Using the Division Property of Equality

The **Division Property of Equality** states that when equal numbers are divided by the same nonzero number, the quotients are equal.

RULE: If a, b , and c are any real numbers, $c \neq 0$, and

$a = b$, then $\frac{a}{c} = \frac{b}{c}$

EX: $\frac{15}{3} = \frac{15}{3}$

Applying this property to equations, when both sides of an equation are divided by the same nonzero real number, the result is an equivalent equation.

EX: If $7x = 21$, then $\frac{7x}{7} = \frac{21}{7}$, or $x = 3$

Solving Multistep Equations

Some equations require more than one inverse operation to solve. The goal when solving a multistep equation is to isolate the variable (i.e., get it by itself). To do this, use the properties of equality. If there are like terms on one side of an equation, they should be combined before using the properties.

EX: Solve the equation $5x + 3x - 1 = 19$

1. $5x + 3x - 1 = 19$

2. $8x - 1 = 19$

3. $8x - 1 + 1 = 19 + 1$

4. $8x = 20$

5. $\frac{8x}{8} = \frac{20}{8}$

6. $x = 2.5$

1. Original equation

2. Combine like terms.

3. Use the Addition Property of Equality to add the subtraction and isolate the variable term.

4. Simplify.

5. Use the Division Property of Equality to divide the multiplication and isolate the variable.

6. Simplify.

Variables on Both Sides

When an equation has variables on both sides, the objective is to get all variable terms on the same side of the equation by using either the Addition or Subtraction Property of Equality.

EX: Solve the equation $4x + 8 = 2x$

1. $4x + 8 = 2x$

2. $4x - 2x + 8 = 2x - 2x$

3. $2x + 8 = 0$

4. $2x + 8 - 8 = 0 - 8$

5. $2x = -8$

6. $\frac{2x}{2} = \frac{-8}{2}$

7. $x = -4$

1. Original equation

2. Use the Subtraction Property of Equality to move the variable term to one side.

3. Simplify.

4. Use the Addition Property of Equality to isolate the variable term.

5. Simplify.

6. Use the Division Property of Equality to isolate the variable.

7. Simplify.

Solving Absolute Value Equations

The **absolute value** of a number is its distance from zero on the number line. Therefore, the equation $|x| = 4$ has two solutions, 4 and -4, since both have a distance of 4 units from zero on the number line.

The other an equation $|\frac{x}{2}| = 6$, where 6 is a positive number, solve the disjunction $x = 12$ or $x = -12$.

EX: Solve the equation $|x + 7| = 3$

1. $|x + 7| = 3$

2. $x + 7 = 3$ or $x + 7 = -3$

3. $x + 7 - 7 = 3 - 7$ or

$x + 7 - 7 = -3 - 7$

4. $x = -4$ or $x = -10$

1. Original equation

2. Write a disjunction.

3. Use the Subtraction Property of Equality to subtract 7 from both sides to isolate the variable.

4. Simplify.

Solving Inequalities

An **inequality** shows the relationship between two numbers or expressions. The solution of an inequality is the set of numbers that make the inequality true.

Addition & Subtraction Properties

The **Addition and Subtraction Properties of Inequality** state that adding or subtracting the same number on each side of an inequality produces an equivalent inequality. If a, b , and c are real numbers, then the following are true:

Addition Property of Inequality: If $a < b$,

then $a + c < b + c$; if $a < b$, then $a + c < b + c$.

Subtraction Property of Inequality: If $a < b$,

then $a - c < b - c$; if $a < b$, then $a - c < b - c$.

Notice that similar statements hold true for $>$ and $\geq$.

NUMERIC EXAMPLES

Addition Property of Inequality: Since $4 < 7$, then

$4 + 3 < 7 + 3$, since $3 < 5$, then $3 + 4 < 3 + 7$.

Subtraction Property of Inequality: Since $9 < 3$, then

$9 - 3 < 3 - 3$, since $4 < 7$, then $4 - 2 < 7 - 2$.

ALGEBRAIC EXAMPLES

Addition Property of Inequality: If $x - 3 < 22$, then

$x - 3 + 3 < 22 + 3$, or $x < 25$.

Subtraction Property of Inequality: If $x + 9 < 16$, then

$x + 9 - 9 < 16 - 9$, or $x < 7$.

Multiplication & Division Properties

The **Multiplication and Division Properties of Inequality** state that multiplying or dividing each side of an inequality by a positive number results an equivalent inequality. These properties also state that multiplying or dividing each side of an inequality by a negative number and reversing the direction of the inequality symbol makes an equivalent inequality.

Given a, b , and c are real numbers:

To show $a < b$ is possible	To show $a < b$ is impossible
If $a < b$, then $ac < bc$	If $a < b$, then $ac > bc$
If $a < b$, then $ac < bc$	If $a < b$, then $ac > bc$

Notice that similar statements hold true for $>$ and $\geq$.

NUMERIC EXAMPLES

Multiplication Property of Inequality:

Since $2 < 5$, then $2 \cdot 3 < 5 \cdot 3$, since $2 < 5$, then

$21 < 24$; $3 < 5$, then $3 \cdot 2 < 5 \cdot 2$.

Since $6 < 4$, then $6 \cdot 4 < 4 \cdot 4$, since $6 < 4$, then

$24 < 16$; $4 < 2$, then $4 \cdot 2 < 2 \cdot 2$.

Division Property of Inequality:

Since $4 < 6$, then $\frac{4}{2} < \frac{6}{2}$, since $4 < 6$, then $\frac{4}{-2} > \frac{6}{-2}$

Since $9 < 3$, then $\frac{9}{3} > \frac{3}{3}$, since $9 < 3$, then $\frac{9}{-3} > \frac{3}{-3}$

Algebra A Course For College Students

Allen R. Angel, Dennis Runde

Algebra A Course For College Students:

Algebra: a Course for College Students Alfonse Gobran, 1973 **Algebra for College Students** Margaret L. Lial, John Hornsby, Terry McGinnis, 2015-01-28 For advanced 1 semester Intermediate Algebra courses or basic 1 semester College Algebra courses Is there anything more beautiful than an A in Algebra Not to the Lial team Marge Lial John Hornsby and Terry McGinnis write their textbooks and accompanying resources with one goal in mind giving students and teachers all the tools they need to achieve success With this revision of the Lial Developmental Algebra Series the team has further refined the presentation and exercises throughout the text They offer several exciting new resources for students and teachers that will provide extra help when needed regardless of the learning environment traditional lab based hybrid online new study skills activities in the text an updated and expanded Lial Video Library available in MyMathLab and a new accompanying Lial Video Library Workbook available in MyMathLab Also available with MyMathLab MyMathLab is an online homework tutorial and assessment program designed to work with this text to engage students and improve results Within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them absorb course material and understand difficult concepts Note You are purchasing a standalone product MyMathLab does not come packaged with this content MyMathLab is not a self paced technology and should only be purchased when required by an instructor If you would like to purchase both the physical text and MyMathLab search for 0321969235 9780321969231 Algebra for College Students plus MyMathLab Access Card Package Package consists of 0321431308 9780321431301 MyMathLab Glue in Access Card 0321654064 9780321654069 MyMathLab Inside Star Sticker 032196926X 9780321969262 Algebra for College Students **Understanding Elementary Algebra with Geometry: A Course for College Students** Lewis Hirsch, Arthur Goodman, 2005-09-19 Hirsch and Goodman offer a mathematically sound rigorous text to those instructors who believe students should be challenged The text prepares students for future study in higher level courses by gradually building students confidence without sacrificing rigor To help students move beyond the how of algebra computational proficiency to the why conceptual understanding the authors introduce topics at an elementary level and return to them at increasing levels of complexity Their gradual introduction of concepts rules and definitions through a wealth of illustrative examples both numerical and algebraic helps students compare and contrast related ideas and understand the sometimes subtle distinctions among a variety of situations This author team carefully prepares students to succeed in higher level mathematics Important Notice Media content referenced within the product description or the product text may not be available in the ebook version Understanding Intermediate Algebra Lewis Hirsch, Arthur Goodman, 2005-09 You ll have the confidence and knowledge to succeed in this course and any subsequent math course you take with UNDERSTANDING INTERMEDIATE ALGEBRA A COURSE FOR COLLEGE STUDENTS Hirsch and Goodman s gradual introduction of concepts rules and definitions through a wealth of illustrative examples both numerical and algebraic

will help you compare and contrast related ideas and understand the sometimes subtle distinctions among a variety of situations **Algebra** Margaret F. Willerding, 1979 *Understanding Intermediate Algebra* Lewis Hirsch, Arthur Goodman, 2006 Understanding Elementary Algebra with Geometry Lewis Hirsch, Arthur Goodman, 2001-11-01 Helping students grasp the why of algebra through patient explanations Hirsch and Goodman gradually build students confidence without sacrificing rigor To help students move beyond the how of algebra computational proficiency to the why conceptual understanding the authors introduce topics at an elementary level and return to them at increasing levels of complexity Their gradual introduction of concepts rules and definitions through a wealth of illustrative examples both numerical and algebraic helps students compare and contrast related ideas and understand the sometimes subtle distinctions among a wide variety of situations This author team carefully prepares students to succeed in higher level mathematics **Prep-course College Algebra** JJtheTutor, Jonathan T. Richardson, 2015-03-05 What every student should know and master prior to starting his or her first College level Algebra course This book is designed to help a student that is preparing for a college algebra course The Prep Course book is an isolation of everything that is crucial from previous courses with formulas and examples If the material within the book is understood and remembered the course will be significantly easier This is a short book that is not intimidating and is explained as simply as possible with no vague descriptions but detailed and pointing out what most students miss The prep course can also act as an aid throughout the course for recalling formulas identities and properties

Algebra for College Students Allen R. Angel, 2007-03-07 Algebra for College Students is typically used in a very comprehensive 1 semester Intermediate Algebra course serving as a gateway course to other college level mathematics courses The goal of the Intermediate Algebra course is to provide students with the mathematical skills that are prerequisites for courses such as College Algebra Elementary Statistics Liberal Arts Math and Mathematics for Teachers This Algebra for College students text may also be used in a 1 semester lower level College Algebra course as a prerequisite to Precalculus

Thank you for downloading **Algebra A Course For College Students**. As you may know, people have look hundreds times for their favorite readings like this Algebra A Course For College Students, but end up in malicious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some harmful bugs inside their computer.

Algebra A Course For College Students is available in our digital library an online access to it is set as public so you can download it instantly.

Our books collection spans in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Algebra A Course For College Students is universally compatible with any devices to read

Algebra A Course For College Students Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Algebra A Course For College Students free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Algebra A Course For College Students free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for

instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Algebra A Course For College Students free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Algebra A Course For College Students. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Algebra A Course For College Students any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Algebra A Course For College Students Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Algebra A Course For College Students is one of the best book in our library for free trial. We provide copy of Algebra A Course For College Students in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Algebra A Course For College Students. Where to download Algebra A Course For College Students online for free?
