Broken Armour:

Fortress Europe J.E. Kaufmann,H.W. Kaufmann,2022-06-02 A few of the fortifications and fortified lines of the world wars are well known and have often been written about illustrated and studied But they tend to distract attention from the wide range of fixed defenses constructed across Europe on an enormous scale after the Franco Prussian War of 1870 71 during a period of insecurity and aggression That is why this new highly illustrated study which covers the entire continent is so valuable The authors examine the major fortified positions and describe their strategic purpose their design and construction and the role they played in military planning and operations The outstanding contribution of the major military architects of the time is a key theme The work of S r de Rivi res Brialmont and others had a major influence on the course of the First World War and on the fortifications built before and during the Second World War Their approach is visible in the designs for the Maginot Line the East and West walls of Germany the Vallo Alpino in Italy the Soviet Stalin and Molotov lines the Mannerheim and Salpa lines of Finland the Greek Metaxas Line the Bene Line of Czechoslovakia as well as the defenses built by the Dutch and Scandinavians The breadth of the coverage the degree of detail and the numerous illustrations make the book essential reading and reference for anyone who has a special interest in the world wars and the history of fortifications

Essential Novelists - William Hope Hodgson William Hope Hodgson,August Nemo,2020-05-07 Welcome to the Essential Novelists book series were we present to you the best works of remarkable authors For this book the literary critic August Nemo has chosen the two most important and meaningful novels ofWilliam Hope Hodgsonwhich are Carnacki the Ghost Finder and The Night Land William Hope Hodgson sworks both contain elements of science fiction although they also

partake of horror and the occult According to critical consensus in these works despite his often laboured and clumsy language Hodgson achieves a deep power of expression which focuses on a sense not only of terror but of the ubiquity of potential terror of the thinness of the invisible bound between the world of normality and an underlying reality for which humans are not suited Novels selected for this book Carnacki the Ghost Finder The Night Land This is one of many books in the series Essential Novelists If you liked this book look for the other titles in the series we are sure you will like some of the authors
