Tulsa, 2021 Randy Krehbiel,2025-04-15 2021 As the centennial of one of the nation s worst race massacres approached citizens of Tulsa faced the prospect with hope and dread Hope that the anniversary would show Tulsa had changed since that day in 1921 when a white mob left the city s thriving African American Greenwood neighborhood a smoldering ruin Dread that Tulsa s faults would be exposed as never before its racism reinforced rather than mitigated The anniversary in the wake of COVID 19 a combustible presidential visit and a nationwide explosion of racial tension was even more fraught than expected An extraordinary account of a city under inordinate pressure Tulsa 2021 offers a deeply informed behind the scenes view of how Tulsans and Americans met that moment of crisis and what the experience can tell us about racial politics today Following up on his book Tulsa 1921 Randy Krehbiel brings a seasoned reporter s keen eye and an insider s understanding to

the story of a city contending with racial and urban stresses that are both unique to Oklahoma and indicative of larger trends. The conflicts he uncovers were not split entirely along racial lines but often revolved around the power of political messaging to shape public opinion. His detailed picture of Tulsa in 2021 reveals how politics unacknowledged racism and fear destroyed or damaged promising relationships between white Republican leaders and Black mostly Democratic Tulsans. In 1921 factions of whites and Blacks fought to control the narrative of the Tulsa Race Massacre. As Tulsa 2021 dramatically demonstrates, the struggle continues to this day.

Two Sides to Everything Shaunna L. Scott, 1995-02-23. This is an oral history and ethnography of miners and their families in Kentucky, focusing on political ideology and working class consciousness. Harlan County, Kentucky, emerged in the public eye during the 1930s when poverty, unemployment, and violent unionization struggles caught the attention of the national news media and the American people. It burst on the scene again during the 1972-73 Brookside strike, an event chronicled in the Academy Award-winning film *Harlan County U S A*. In this book, the author brings the American reader up to date on this interesting community by documenting the everyday lives of Harlan miners and their families in the mid-1980s. Using a neo-Marxian perspective, *Two Sides to Everything* characterizes the nature, limitations, and transformative potential of class consciousness among two generations of Harlan miners. It also elucidates the apparent contradictions between popular images of central Appalachians as militant labor activists on one hand and passive traditional fatalistic hillbillies on the other. The book accomplishes these tasks through a systematic consideration of the relationship between the central experiential bases and sources of identity among Harlan county miners: class, kinship, community, religion, and gender.

Mountain Life and Work, 1975 **Ballston Spa REIMAGINED** Hauprich, 2021-05-15. What was originally conceived as the Ballston Spa Living 2020 Community Yearbook has been expanded to include bonus content about life as it was unfolding in an upstate New York village against the unprecedented backdrop of a coronavirus pandemic. True to its reimagined title, the literary keepsake showcases a treasure trove of stories and photos that celebrate the indomitable Spirit of Ballston Spa as villagers transitioned to the masked social distancing era. Innovative plans for fostering renewed vitality, future growth, and prosperity in the settlement that dates back to 1771 are also found within these covers. Lest we forget the way we were, a special commemorative album additionally includes images of smiling faces interacting at close range with friends, neighbors, and tourists at popular multigenerational events in the revitalized downtown before COVID heralded the debut of a New Normal.
