Brownfields Redevelopment:

Brownfields Redevelopment Joaquin Jay Gonzalez III, Tad McGalliard, Ignacio Dayrit, 2021-09-04 In urban planning a brownfield is a former industrial or commercial site where environmental contamination hinders development They exist in almost every community there is probably one in your neighborhood and state or federal resources can be used to facilitate assessment cleanup and reuse Drawing on a range of local and international experiences this collection of essays focuses on cases where citizens nonprofits developers cities and state and federal agencies overcame challenges and mitigated risks to redevelop brownfields using leading edge practices and simple innovations The Covid 19 pandemic and mass civil unrest of 2020 underscores the importance of health and social justice considerations in future development initiatives [Brownfields Redevelopment and the Quest for Sustainability](#) Christopher de Sousa, 2008-03-03 Examines the role that brownfields redevelopment is playing and can play in our quest for sustainability focusing on efforts in the US and Canada This book looks at how brownfields are used as spaces for developing an array of residential recreational and employment oriented projects that have breathed new life into the urban environment [Brownfields Redevelopment](#) Seth D. Kirshenber, 1997

Brownfields Todd S. Davis, 2002 Written for real estate lawyers environmental lawyers property owners lenders environmental consultants environmental regulators state or local government leaders and developers [Brownfields Redevelopment](#) Mark S. Dennison, 1998 Cleaning up and redeveloping environmentally contaminated real estate also known as brownfields can be extremely lucrative This book is a comprehensive guide to the issues surrounding brownfields initiatives It examines success stories of state and federal brownfields programs the legal implications of purchasing improving redeveloping and revitalizing these sites incentives available and strategies for undertaking these projects Special features include checklists cost estimates for sample projects and tables listing features of individual programs and lists of resources

Achieving Sustainability in Ukraine through Military Brownfields Redevelopment Cezar Morar, Laurel Berman, Serap Erdal, Liudmyla Niemets, 2024-12-30 This book is written by international experts who are brownfields practitioners from over 15 countries Blighted and contaminated properties including military industrial commercial and multi residential properties globally referred to as brownfields are a shared phenomenon among NATO and NATO partner countries They provide practical solutions to addressing evaluating and cleaning up brownfields including multiple case studies Topics include reuse of military brownfields sustainable site reuse community engagement risk assessment impacts of the war in Ukraine related to military brownfields development and redevelopment a free training to improve capacity to evaluate environmental and health risks of brownfields and shared best practices

Reclaiming Brownfields Richard C. Hula, 2016-03-23 The environmental legacy of past industrial and agricultural development can simultaneously pose serious threats to human health and impede

reuse of contaminated land The urban landscape around the world is littered with sites contaminated with a variety of toxins produced by past use Both public and private sector actors are often reluctant to make significant investments in properties that simultaneously pose significant potential human health issues and may demand complex and very expensive cleanups The chapters in this volume recognize that land and water contamination are now almost universally acknowledged to be key social economic and political issues How multiple societies have attempted to craft and implement public policy to deal with these issues provides the central focus of the book The volume is unique in that it provides a global comparative perspective on brownfield policy and examples of its use in a variety of countries Brownfields and the 50 states United States.

Committee on Government Reform. Subcommittee on Federalism and the Census,2006 *Sustainable Brownfield Development* Christopher De Sousa,2021-07-14 While industrial and chemical innovations have contributed extensively to human advancement the darker part of their legacy has been the hundreds of thousands of polluted sites left behind Governments at all levels have rallied to support the remediation and reuse of these land resources and put many of the nation s brownfields back into productive use This book presents two dozen brownfield projects in the United States that have incorporated sustainability highlighting project features best management practices and lessons from the field regarding the underlying policies and practices that enabled these projects to be completed or in some cases stalled altered or abandoned The case studies represent an array of brownfield projects that aimed to go beyond conventional practice and include a range and variety of end uses e g corner gas stations industrial office residential brightfields green space mixed use and transit oriented developments The cases investigate site histories planning and development and examine sustainability characteristics to understand how projects overcame the barriers to brownfield reuse and the implementation of sustainability features and derive a series of lessons learned including innovative policies programs and or funding mechanisms that helped make these projects work Sustainable Brownfield Development will be of interest to developers planners consultants and community representatives interested in environmental policy urban planning community development ecological restoration economic development and parks planning by providing direction and inspiration for those eager to erase the blight of the past and build a more sustainable future **An Assessment of State Brownfield Initiatives** ,1999 **Brownfields Redevelopment , Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations for 2000: Department of Housing and Urban Development** United States.
