Buckhead A Place For All Time:

Buckhead Susan Kessler Barnard,2009 Buckhead a community four miles from downtown Atlanta began approximately 6 000 years ago when the Paleo Indians lived along the Chattahoochee River By the mid 1700s the Muscogee Creek Indians lived there in the village of Standing Peach Tree They ceded a major portion of their land to Georgia in 1821 and from that cession came Atlanta and Buckhead Settlers arrived and operated river ferries mills and farms When Henry Irby opened a tavern in 1838 and hung a buck s head either over the door or on a yard post the area became known as Buck s Head After the Civil War black neighborhoods schools and potteries were established Around the turn of the century some Atlanta residents bought land in Buckhead built cottages and operated small farms The streetcar was extended to Buckhead in 1907 and friends followed friends to the community Images of America Buckhead is an album of this once quiet rural community before it was annexed to the City of Atlanta in 1952 Buckhead Susan Kessler Barnard,1996 **The Silent Majority**

Matthew D. Lassiter,2013-10-24 Suburban sprawl transformed the political culture of the American South as much as the civil rights movement did during the second half of the twentieth century The Silent Majority provides the first regionwide account of the suburbanization of the South from the perspective of corporate leaders political activists and especially of the ordinary families who lived in booming Sunbelt metropolises such as Atlanta Charlotte and Richmond Matthew Lassiter examines crucial battles over racial integration court ordered busing and housing segregation to explain how the South moved from the era of Jim Crow fully into the mainstream of national currents During the 1960s and 1970s the grassroots mobilization of the suburban homeowners and school parents who embraced Richard Nixon s label of the Silent Majority reshaped southern and national politics and helped to set in motion the center right shift that has dominated the United States ever since The Silent Majority traces the emergence of a color blind ideology in the white middle class suburbs that defended residential segregation and neighborhood schools as the natural outcomes of market forces and individual meritocracy rather than the unconstitutional products of discriminatory public policies Connecting local and national stories and reintegrating southern and American history The Silent Majority is critical reading for those interested in urban and suburban studies political and social history the civil rights movement public policy and the intersection of race and class in modern America

The Politics of Losing Rory McVeigh, Kevin Estep,2019-02-19 The Ku Klux Klan has peaked three times in American history after the Civil War around the 1960s Civil Rights Movement and in the 1920s when the Klan spread farthest and fastest Recruiting millions of members even in non Southern states the Klan s nationalist insurgency burst into mainstream politics Almost one hundred years later the pent up anger of white Americans left behind by a changing economy has once again directed itself at immigrants and cultural outsiders and roiled a presidential election In The Politics of Losing Rory McVeigh and Kevin Estep trace the parallels between the 1920s Klan and today s right wing backlash identifying the conditions that allow white nationalism to emerge from the shadows White middle class Protestant

Americans in the 1920s found themselves stranded by an economy that was increasingly industrialized and fueled by immigrant labor. Mirroring the Klan's earlier tactics, Donald Trump delivered a message that mingled economic populism with deep cultural resentments. McVeigh and Estep present a sociological analysis of the Klan's outbreaks that goes beyond Trump the individual to show how his rise to power was made possible by a convergence of circumstances. White Americans' experience of declining privilege and perceptions of lost power can trigger a political backlash that overtly asserts white nationalist goals. *The Politics of Losing* offers a rigorous and lucid explanation for a recurrent phenomenon in American history with important lessons about the origins of our alarming political climate. *Atlanta*, 2004-02. Expect No help: the life and times of Jumpin` Jack Flash Cesspool Jones, 2013-05-21. *Expect No Help* is a non-fiction novel that depicts America from the 1960s up to now through the eyes of someone who was there and still is sometimes. It shows most anyone who reads this how to grow up, author's point of view, even coming up in the 60s and 70s. Much change happened from then till now with the word change now reduced to a 4-letter word along with the word power. This novel is all about the future of this country at the grass roots level. That means old school America ain't goin' anywhere soon if at all. However, this novel looks at new school America with only slight skepticism only for the fact change makes the world go round. Without change, the world turns stagnant. However, once again, what do you want to change into? This novel does a pretty good job in trying to decipher that question, leaving no stone unturned with an open-minded and also a one-sided opinion. That is not easy to do. There is absolutely no political correctness what so ever in this novel and could be considered toxic to people with narrow-minded beliefs. This novel don't care but with tact. It is written somewhat off of the streets in a language that anyone from a stoner to a P.H.D. can understand. The very first part of the book vaguely states what the novel is all about and if that's gonna be a rough ride for you, wear a helmet while reading it or find something else to do. **Out in the South** Carlos Lee Barney Dews, Carolyn Leste Law, 2001-01-15. Dave Dougherty, 2017-08-01 The 5th Ohio Volunteer Cavalry Regiment fought over three years from March 1862 to General Johnson's surrender in April 1865. It played a major role in Kilpatrick's Cavalry Corps on Sherman's March to the Sea, told as an overview of operations and through the diary of Sergeant William H. Harding. Confederate histories have often reported the regiment decimated and defeated in every battle, but this study presents the truth of the matter for the first time. Fighting in Judson Kilpatrick's 3rd Cavalry Division during Sherman's campaign through Georgia and the Carolinas, doing everything that could be expected of them and acquitted themselves honorably against the Confederate commanders Joseph Wheeler and Wade Hampton. This volume is the definitive study of the 5th Ohio and Kilpatrick's campaign in Sherman's army from Atlanta to the end of the war. Bonuses include the diary and letters of Commissary Sergeant William H. Harding, present in Company K of the 5th OVC from August 1862 to July 1865.
