The Sarashina Diary Sugawara no Takasue no Musume, 2014-07-22 A thousand years ago a young Japanese girl embarked on a journey from the wild East Country to the capital She began a diary that she would continue to write for the next forty years and compile later in life bringing lasting prestige to her family Some aspects of the author's life and text seem curiously modern She married at age thirty three and identified herself as a reader and writer more than as a wife and mother Enthralled by romantic fiction she wrote extensively about the disillusioning blows that reality can deal to fantasy The Sarashina Diary is a portrait of the writer as reader and an exploration of the power of reading to shape one's expectations and aspirations As a person and an author this writer presages the medieval era in Japan with her deep concern for Buddhist belief and practice Her narrative's main thread follows a trajectory from youthful infatuation with romantic fantasy to the disillusionment of age and concern for the afterlife yet at the same time many passages erase the dichotomy between literary illusion and spiritual truth This new translation captures the lyrical richness of the original text while revealing its subtle structure and ironic meaning The introduction highlights the poetry in the Sarashina Diary and the juxtaposition of poetic passages and narrative prose which brings meta meanings into play The translators commentary offers insight into the author's family and world as well as the fascinating textual legacy of her work

Old Saint Peter's, Rome Rosamond McKitterick, John Osborne, Carol M. Richardson, Joanna Story, 2013-11-07 St Peter's Basilica in Rome is arguably the most important church in Western Christendom and is among the most significant buildings anywhere in the world However the church that is visible today is a youthful upstart only four hundred years old compared to the twelve hundred year old church whose site it occupies A very small proportion of the original is now extant entirely covered over by the new basilica but enough survives to make reconstruction of the first St Peter's possible and much new evidence has been uncovered in the past thirty years This is the first full study of the older church from its late antique construction to Renaissance destruction in its historical context An international team of historians art historians archaeologists and liturgists explores aspects of the basilica's history from its physical fabric to the activities that took place within its walls and its relationship with the city of Rome

The Proverbial Woman Amy J. Chase, 2024-10-15 Female identity is fraught and fetishized commercialized and contested so potent a weapon in contemporary cultural warfare that a sitting US senator had no shame in asking a nominee to the Supreme Court to define woman But the battle over female identity is not of modern invention Its roots are ancient And in the Hebrew Bible one text has served as the focal point of both classical and fashionable conceptions of female identity Proverbs 31 A timeless pattern of femininity for some and a punchline for others the poems themselves have received wildly differing levels of analysis with

too much ink spent on the ideal woman and far too little on political rebukes and economic displacement The Proverbial Woman offers a comprehensive narrative and dialogical approach to the text that unearths the poetry's social sexual and political silences and silencings It highlights the forgotten characters the women who destroy kings the silenced poor displaced peasants and foreigners It examines the text's conflict setting characters and dialogue It encourages the reader to recognize the drama taking place in the text's world and to explore how these features enabled an ancient community pondering these sapiential lines to process their cooperation with empire in an economic system that benefited some and exploited others The Proverbial Woman excavates the power dynamics that promote elite ideologies even as gaps ambiguities and contradictions enable marginalized perspectives within the text to resist them The interpretive approach demonstrated in this study can be replicated among communities today wanting to use biblical texts to construct for themselves a more just and prosperous world

The Pursuit of Harmony Gustav Heldt, 2010-02-28 The Heian court of the late ninth and early tenth centuries represents one of the most innovative and influential periods in the history of Japanese poetry It witnessed the creation of entirely new forms of verse in poetry matches screen poems and officially sponsored anthologies none of which had a precedent in earlier times At the apex of these phenomena lay compilation of the Kokin Wakashū Collection of Poems Ancient and Modern whose status as the first imperial anthology of native poetry would make it integral to Japanese court culture for centuries afterward Despite the enormous historical significance of these new forms of poetry and the marked interest displayed by powerful individuals in patronizing them however little sustained attention has been paid to the ties between the practices of producing and performing verse and processes of economic ideological political and social change in this period This book is intended to address such issues through an investigation of the ways in which different members of the court community deployed poems in the pursuit of power

Historicism, Psychoanalysis, and Early Modern Culture Carla Mazzio, Douglas Trevor, 2013-10-28 First published in 2000 Did people in early modern Europe have a concept of an inner self Carla Mazzio and Douglas Trevor have brought together an outstanding group of literary cultural and history scholars to answer this intriguing question Through a synthesis of historicism and psychoanalytic criticism the contributors explore the complicated nuanced and often surprising union of history and subjectivity in Europe centuries before psychoanalytic theory Addressing such topics as fetishes and Renaissances the cartographic unconscious and the topographic imaginary these essays move beyond the strict boundaries of historicism and psychoanalysis to carve out new histories of interiority in early modern Europe

Poetry, Publishing, and Visual Culture from Late Modernism to the Twenty-first Century Natalie Pollard, 2020-05-27 This is a book about contemporary literary and artistic entanglements word and image media and materiality inscription and illustration It proposes a vulnerable fugitive mode of reading poetry which defies disciplinary categorisations embracing the open endedness and provisionality of forms This manifests itself interactively in the six case studies which have been chosen for their distinctness and diversity across the long twentieth century the book begins with the early twentieth century work of writer and artist Djuna Barnes exploring her re animation of sculptural and dramatic sources It then turns to the late modernist artist and poet David Jones considering his use of the graphic and plastic arts in *The Anathemata* and next to the underappreciated mid century poet F T Prince whose work uncannily re activates Michelangelo's poetry and sculpture The second half of the book explores the collaborations of the canonical poet Ted Hughes with the publisher and artist Leonard Baskin during the 1970s the innovative late twentieth century poetry of Denise Riley who uses page space and embodied sound as a form of address and finally the contemporary poet Paul Muldoon who has collaborated with photographers and artists as well as ventriloquising nonhuman phenomena The resulting unique study offers contemporary writers and readers a new understanding of literary artistic and nonhuman practices and shows the cultural importance of engaging with their messy co dependencies The book challenges critical methodologies that make a sharp division between the textual work and the extra literary and raises urgent questions about

the status and autonomy of art and its social role *American Poetry after Modernism* Albert Gelpi, 2015-03-09 Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich. Gelpi argues that a distinctly American poetic tradition was solidified in the later half of the twentieth century, thus severing it from British conventions. In Gelpi's view, what distinguishes the American poetic tradition from the British is that at the heart of the American endeavor is a primary questioning of function and medium. The chief paradox in American poetry is the lack of a tradition that requires answering and redefining what it means to be a poet and likewise how the words of a poem create meaning, offer insight into reality, and answer the ultimate questions of living. Through chapters devoted to specific poets, Gelpi explores this paradox by providing an original and insightful reading of late twentieth-century American poetry.
