No's *Irrversible* In the Easter Eggs he considers Dominique Laporte's *The Irreparable* as the object of loss and Giorgio Agamben's *The Irreparable* as hope in what is without remedy The result is not another film studies book but a new genre a new set of rhetorics for new ways of thinking about cinematics perhaps postcinematics Victor J Vitanza is Professor of English and Rhetorics and is the founding Director of the Ph.D. program in Rhetorics Communication and Information Design in the College of Architecture Art and Humanities at Clemson University He is also Professor of Rhetoric and Philosophy as well as the holder of the Jean François Lyotard Chair in the Media and Communication Division at the European Graduate School in Switzerland He is the Editor of *PRETEXT: A Journal of Rhetorical Theory* His books include *Sexual Violence in Western Thought and Writing* Chaste Rape Palgrave 2011 *Negation Subjectivity and The History of Rhetoric* SUNY 1997 *Writing Histories of Rhetoric* Southern Illinois 1993 and *PRETEXT: A Retrospective* Pittsburgh 1993 **Nightmare Movies** Kim Newman, 2011-04-18 Now over twenty years old the original edition of *Nightmare Movies* has retained its place as a true classic of cult film criticism In this new edition Kim Newman brings his seminal work completely up to date both reassessing his earlier evaluations and adding a second part that assesses the last two decades of horror films with all the wit intelligence and insight for which he is known Since the publication of the

first edition horror has been on a gradual upswing and taken a new and stronger hold over the film industry Newman negotiates his way through a vast back catalogue of horror charting the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 60s through to the slick releases of the 2000s in a critical appraisal that doubles up as a genealogical study of contemporary horror and its forebears Newman invokes the figures that fuel the ongoing demand for horror the serial killer the vampire the werewolf the zombie and draws on his remarkable knowledge of the genre to give us a comprehensive overview of the modern myths that have shaped the imagination of multiple generations of cinema goers *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but a truly entertaining guide with which to discover the less well trodden paths of horror and re discover the classics with a newly instructed eye **Edited Clean Version** Raiford Guins,2008-12-31 According to Guins these new control technologies are designed to embody an ethos of neoliberal governance through the very media that have been previously presumed to warrant management legislation and policing Repositioned within a discourse of empowerment security and choice the action of regulation he reveals has been relocated into the hands of users **BOOK JACKET**

Censoring Hollywood Aubrey Malone,2011-10-10 Censorship has been an ongoing issue from the early days of filmmaking One hundred years of film censorship encompassing the entire 20th century are chronicled in this work The freewheeling nature of films in the early decades was profoundly affected by Prohibition the Depression and the formation of the Legion of Decency culminating in a new age of restrictiveness in the movies Such powerful arbiters of public taste as Will H Hays of the Motion Picture Producers and Distributors of America and Joseph Breen of the Production Code Association fomented an era whereby films with contentious material were severely censored or even condemned This held sway until rebellious filmmakers like Otto Preminger challenged the system in the 1950s eventually resulting in the abandonment of the old regime in favor of the contemporary G through NC 17 ratings system Hosting the Monster Holly Lynn Baumgartner,Roger Davis,2008 *Hosting the Monster* responds to the call of the monstrous with not rejection but invitation Positing the monster as that which defies classification the essays in this collection are an ongoing engagement with that which lies outside of established boundaries With chapters ranging from the monstrous mother or the deformed child to subjectivity in transition this volume is not only of interest to film and gender scholars and literary and cultural theorists but also students of popular culture or horror Its wide appeal stems from its invitation both to entertain the monster and to widen the call to and the listening for the monsters that have not yet and perhaps must not yet come calling back This sense of hospitality and non hostility is one guiding principle of this collection suggesting that the ability to survey and research the otherwise may reveal more about the subjectivity of the self through the wisdom of the other however monstrous the manifestation Holly Lynn Baumgartner is an associate professor of Humanities and English at Mercy College of Northwest Ohio Her articles have appeared in *Reflections Rhizomes American Book Review* and other journals Roger Davis is an

also discusses such topics as the death of film itself to be replaced by digital video **Video Theory** Andreas Treske, 2015-04-15 Video is a part of everyday life comparable to driving a car or taking a shower It is nearly omnipresent available on demand and attached to nearly anything anywhere Online Video became something vital and independent With all the video created by the cameras around us constantly uploading sharing linking and relating a blue ocean is covering our planet an ocean of video What might look as bluish noise and dust from the far outside might embed beautiful and fascinating living scapes of moving images objects constantly changing re arranging assembling evolving collapsing but never disappearing a real cinema Andreas Treske describes and theorizes these objects formerly named video their forms behaviours and properties Cinema of Mystery Rose London, 1975 **Horror Film** Steffen Hantke, 2004 Essays on the rise of the horror film and on how moviemakers package and promote fright **Debussy Redux** Matthew Brown, 2012-04-09 In a study that is both scholarly and highly entertaining Matthew Brown explores pop culture s appropriations of Debussy s music in everything from 30s swing tunes 40s movie scores 50s lounge exotica 70s rock and animation 80s action films and Muzak The book however is far more than a compendium of fascinating borrowings The author uses these musical transfers to tackle some of the most fundamental aesthetic issues relevant to the music of all composers not just Debussy David Grayson Book jacket **Second Takes** Andrew Repasky McElhinney, 2013-09-28 Second Takes presents the history of English language cinema by focusing on cinematic remakes and on how cinema has been replaced by new forms of media Remakes with their innate plurality offer the most substance for concentrated cultural analysis of how movies reflect and shape American culture Analyzing the archetypes that recur in this culture reveals how movies are an increasingly dangerous surrogate for the actual Close readings are presented of such works as popular favorites as Cronenberg s Crash Disney s The Parent Trap Ferrara s Bad Lieutenant Hitchcock s Psycho Kubrick s A Clockwork Orange Lynch s Twin Peaks the film and Welles The Magnificent Ambersons while unearthing pictures ripe for rediscovery such as One More Tomorrow Strange Illusion and Andy Warhol s Vinyl Instructors considering this book for use in a course may request an examination copy here

Gloria Swanson Stephen Michael Shearer, 2025-10-16 Gloria Swanson defined what it meant to be a movie star but her unforgettable role in Sunset Boulevard overshadowed the true story of her life Now Stephen Michael Shearer sets the record straight in the first in depth biography of the film legend Swanson was Hollywood s first successful glamour queen Her stardom as an actress in the mid 1920s earned her millions of fans and millions of dollars Realizing her box office value early in her career she took control of her life Soon she was not only producing her own films she was choosing her scripts selecting her leading men casting her projects creating her own fashions guiding her publicity and living an extravagant and sometimes extraordinary celebrity lifestyle She also collected a long line of lovers including Joseph P Kennedy and married men of her choosing including a French marquis thus becoming America s first member of nobility As a devoted and loving mother she managed a quiet success of raising three children Perhaps most important as a keen businesswoman she also was

able to extend her career more than sixty years Her astounding comeback as Norma Desmond in Billy Wilder s Sunset Boulevard catapulted her back into the limelight But it also created her long misunderstood persona one that this meticulous biography shows was only part of this independent and unparalleled woman *killing for culture* David Kerekes, David Slater, 2016-06-03 Unlike images of sex which were clandestine and screened only in private images of death were made public from the onset of cinema The father of the modern age Thomas Edison fed the appetite for this material with staged executions on film Little over a century later the executions are real and the world is aghast at brutalities freely available online at the click of a button Some of these films are created by lone individuals using shaky camera phones Luka Magnotta for instance and the teenagers known as the Dnipropetrovsk maniacs Others are shot on high definition equipment and professionally edited by organized groups such as the militant extremists ISIS KILLING FOR CULTURE explores these images of death and violence and the human obsession with looking and not looking at them Beginning with the mythology of the so called snuff film and its evolution through popular culture this book traces death and the artifice of death in the mondo documentaries that emerged in the 1960s and later the faux snuff pornography that found an audience through Necrobabes and similar websites However it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine atrocity commenced one that has irrevocably changed the way in which we function as a society
