Cyprus And International Peacemaking 1964 1986:

Cyprus and International Peacemaking 1964-1986 Farid Mirbagheri, 2014-05-01 This book traces the international community's attempts to achieve a solution to the Cyprus problem from 1964-86 and analyzes why it has failed. It also discusses the deep mutual distrust between Turks and Greeks throughout the Eastern Mediterranean which hampers all attempts to reach a satisfactory solution to this intractable problem. Mirbagheri also examines the divergent policies of the key external players and how they have contributed to the current stalemate. Cyprus and International Peacemaking Farid Mirbagheri, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis, an information company.

International Conflict Management Michael J. Butler, 2009-05-07 This textbook chronicles the logic, evolution, application and outcomes of the five major approaches to international conflict management. *Relational peace practices* Anna Jarstad, Johanna Söderström, Malin Åkebo, 2023-05-30 This book presents a new approach for studying peace beyond the absence of war. As war ends, the varying nature of the peace that ensues has been the object of much debate. Through in-depth case studies including Cyprus, Cambodia, South Africa, Abkhazia, Transnistria, Russia, Colombia, Sri Lanka, the Philippines, and Myanmar, the book illustrates how conceptualising relational peace provides a framework that can be applied across cases and actors, different levels of analysis, a variety of geographical contexts, and using different temporal perspectives and types of data. This novel framework enables improved empirical studies of peace. The book contributes nuanced understandings of peace in particular settings and demonstrates the multifaceted nature of peaceful relations, what is termed relational peace practices, making important contributions to the field of studying peace beyond the absence of war.

Walls, Borders, Boundaries Marc Silberman, Janet Ward, Karen E. Till, 2012 How is it that walls, borders, boundaries and their material and symbolic architectures of division and exclusion engender their very opposite? This edited volume explores the crossings, permeations and constructions of cultural and political borders between peoples and territories, examining how walls, borders and boundaries signify both interdependence and contact within sites of conflict and separation. Topics addressed range from the geopolitics of Europe's historical and contemporary city walls to conceptual reflections on the intersection of human rights and separating walls, the memory politics generated in historically disputed border areas, theatrical explorations of border crossings and the mapping of boundaries within migrant communities. **The Middle East and North Africa 2003** Eur, Mediating in Cyprus Oliver P. Richmond, 2013-04-03 The UN peacemaking operation in Cyprus has been one of the longest of its kind but has resulted in discarded proposals, non-papers or reports. This study investigates the Cypriot parties' views of peacemaking to shed light on the problem and on the theoretical debates surrounding mediation. **International Peacemaking in Cyprus Between 1964 and 1986** Mohammad F. Mirbagheri, 1993 **Divided Europeans: Understanding Ethnicities in Conflict** Tim Allen, John Eade, 2023-09-20 This book critiques the concepts of cultural functionalism and biologised ethnicity. The chapters examine ethnicities in conflict.

across Europe and have been selected on the grounds that they not only provide a rich ethnographic account of overt ethnic conflict or racial violence but also relate these local situations to wider processes. The contributors do not put forward a single homogeneous point of view but they all assume perspectives that are opposed to the prevalent simplistic primordialism of most media coverage and political analysis. Most of the contributors are anthropologists and have presented drafts of their chapters at a series of meetings organised by a network called the Forum Against Violence. Many of the articles have appeared previously in the International Journal on Minority and Group Rights Volume 4. This book should be of interest to academics and practitioners in the fields of human rights anthropology and related topics. **Books on Turkey**, 2005

Estonia, the European Union and other international bodies face problems of power, politics and humanitarian principle, a problem ignored but not resolved in Cyprus. James, 2001-11-28. During the Cold War, the small state of Cyprus was of great strategic importance to the West. Britain, the United States and NATO all had valuable installations there and any armed conflict between Greek and Turkish Cypriots could easily suck two nearby NATO members, Greece and Turkey, into war. When, therefore, intercommunal fighting broke out in Cyprus in December 1963, the West was deeply embarrassed. This book examines the consequential efforts of first Britain and then the UN to keep the peace. **Crisis and Conciliation**, James Ker-Lindsay, 2007-10-24. When Abdullah Ocalan, leader of the Kurdistan Workers Party (PKK), was arrested in February 1999, it marked a turning point in relations between Greece and

Turkey As the country s most wanted man his arrest was greeted with jubilation throughout most of Turkey However it also led to a public outcry when it emerged that he had been captured leaving the Greek Embassy in Nairobi Kenya This was seen as definitive proof that the Greek Government had been aiding and abetting the PKK In the days and weeks that followed the arrest relations between the Aegean neighbours sank to their lowest level since the summer of 1974 when Athens and Ankara had come to the brink of war over Cyprus However by the end of the year the picture could not have been more different An improbable series of events that included a regional conflict two major disasters and the death of a senior Greek politician had led to a complete transformation in the relations between the two countries The crowning moment of this change came in December when Greece dropped its long standing opposition to Turkish candidacy for EU membership How did this remarkable change come about Who should take the credit And what did it mean for diplomatic relations in the Eastern Mediterranean This is the story of how two countries started down a path to peace after decades of tension and hostility and how over the course of one monumental year relations between Greece and Turkey went from the brink of conflict to an unprecedented affirmation of friendship and solidarity
