Smile, Particularly in Bad Weather Prudence Black, 2017 Air hostesses took to the skies in the 1930s proud and excited to have the most glamorous job in the world barely looking over their shoulders as they boarded aircraft Air travel had created a new type of modern workplace this was a job like no other filled with adventure shiny new technology and work that was thrilling demanding and exhausting Young women flocked in droves to be measured weighed and squeezed into snappy uniforms Smile Particularly in Bad Weather tells a story about the development of this pioneering profession It describes the shift from the 1930s when the girl next door took to the air with a great degree of bravado through to the 1960s and the coffee tea or me stereotype where airlines sexualised the air hostess as a point of marketing difference then on to a crucial period where the air hostess fought back no longer wanting to be stereotyped nor discriminated against in terms of fair working conditions This job shaped working women to become something more it tested their independence it encouraged self enhancement and sophistication and it took them to places they hadn t dreamt about Connecting the Nation Paul Ashton, Tracy Ireland, Jaya Keaney, Alison Wain, Mitchell Whitelaw, 2017-01-01 Aviation has played an important part in shaping Australia s culture and history through the course of the twentieth century Australia embraced aviation from its earliest days eagerly responding to its potential to cover a challenging country to bring far flung communities closer and to provide services that could not be delivered any other way Add the romance of pioneer heroes the vital role of aviation in wartime and the capacity to deliver aid to people in need in Australia and beyond and it is clear why aviation is at the heart of Australia s recent history This book aims to set out the major themes that characterise Australia s aviation history for a broad audience and to provide a foundation for a broader discussion and for further research about how aviation transformed Australia Connecting the Nation is a vital and timely introduction to the history of civil aviation in Australia as we prepare for the centenary of civil aviation services in 2020 Politics in the Blood Paul Davey, 2008 Biography of three generations of the one family Hubert Doug and Larry Anthony all of whom for over some 70 years held the Federal seat of Richmond in NSW for the National Party Note that the hold on the seat was not continuous for this entire period Author is also a member of the National Party Provided by publisher **Aircraft & Aerospace Asia-Pacific** , 1999-02 Airways , 2000-07 **The Biographical Dictionary of the Australian Senate** F.
