MONICA FELTON

These times are characterized with exceptionally interesting characters. "Well," she continued, as her mind began what everyone who knows her recognizes as will-provoked mirth, "I suppose I am. And why not? How can anybody get anything done if they are perpetually making advice and wondering what other people will think of their actions? You have to be a little bit obstinate if you are to be of any use in this world ... But when am I?" She glanced, pulled out the button's cord of her coat and and gave it a tentative, disappointing, and then suddenly violent shake. "Nobody." "Whoever heard of me?" "Them," I answered, "it's true they did." "No, no. You are wrong. Anyone given my opportunities could have done as much as I have done." "Probably. But most people don't use their opportunities. You did. That's what makes you important," I said. "Important?" She laughed scornfully. "Who cares about being important? Being useful is the only thing that matters."

**A Child Widow's Story** Monica Felton,1966      *Unarchived Histories* Gyanendra Pandey,2013-12-17 For some time now scholars have recognized the archive less as a neutral repository of documents of the past and rather more as a politically interested representation of it and recognized that the very act of archiving is accompanied by a process of un archiving Michel Foucault pointed to madness as describing one limit of reason history and the archive This book draws attention to another boundary marked not by exile but by the ordinary and everyday yet trivialized or trifling It is the status of being exiled within by prejudices procedures activities and interactions so fundamental as to not even be noticed that marks the unarchived histories investigated in this volume Bringing together contributions covering South Asia North and South America and North Africa this innovative analysis presents novel interpretations of unfamiliar sources and insightful reconsiderations of well known materials that lie at the centre of many current debates on history and the archive

inheritance the custom of child marriage widowhood among young women and proscription of widow remarriage These also led to the diabolical practice of widow self immolation or sati which became widespread especially in certain parts of India The well rounded if brief encapsulation of major social issues associated with Gujarati Hindu widowhood provides a basis for future examinations along similar lines
