Ukrainian Intelligentsia in Post-Soviet L'viv Eleonora Narvselius, 2012-01-01

Intelligentsia assumes the right to speak in the name of the entire nation and to extrapolate its own tastes values and choices to it Therefore intelligentsia s voices have been in many ways decisive in the discussions about Ukrainian national identity which gained momentum in the post Soviet Ukrainian society The historical and cultural cityscape of L viv is an especially apt site for investigation of the nexus intelligentsia nation not only in the Ukrainian but in the East Central European context This borderline city while not being a remarkable industrial administrative or political centre has acquired the reputation of a site of unique cultural production and a principal center of the Ukrainian nationalist movement throughout the twentieth century Here the popular conceptions of intelligentsia have been elaborated at the intersection of various cultural historical and political traditions This study addresses Ukrainian speaking intelligentsia and intellectuals in L viv both as a discursive phenomenon and as the social category of cultural producers who in the new circumstances both articulate the nation and are articulated by it **Language Use and Language Learning in CLIL Classrooms** Christiane Dalton-Puffer, Tarja

Nikula,Ute Smit,2010-12-15 This volume explores a highly topical issue in second and foreign language education the spreading practice in mainstream education to teach content subjects through a foreign language CLIL has been enthusiastically embraced as a language enrichment measure in many contexts and finally research can offer principled insights into its dynamics and potentials The editors introductory and concluding chapters offer a synthesis of current CLIL research as well as a critical discussion of unresolved issues relating both to theoretical concerns and research practice The individual contributions by authors from a range of European contexts report on current empirical research in this dynamic field The focus of these chapters ranges from theoretical to empirical from learning outcomes to classroom talk examining both the written and spoken mode across secondary and tertiary educational contexts This volume is a valuable resource not only for researchers and teachers but also for policy makers
