

Do Nothing Breath

Let's take a moment to do nothing and just breathe

Time Needed: 5-10 minutes

Location: A Quiet Place

Does it feel like theres always something you're supposed to be doing, or somewhere you need to go?

Everyone is always in a hurry

Well, for this moment, we are going to nothing. Except breathe!

Let's get in a comfortable sitting or laying position. Close your eyes if you'd like and get comfortable

Breathe in and out.

Let any thoughts in your mind just go

Breathe in and out

Breathe in and out

And Relax.....

A Breath For Nothing

The Space of Literature Maurice Blanchot, 2015-11 Maurice Blanchot the eminent literary and cultural critic has had a vast influence on contemporary French writers among them Jean Paul Sartre and Jacques Derrida From the 1930s through the present day his writings have been shaping the international literary consciousness The Space of Literature first published in France in 1955 is central to the development of Blanchot's thought In it he reflects on literature and the unique demand it makes upon our attention Thus he explores the process of reading as well as the nature of artistic creativity all the while considering the relation of the literary work to time to history and to death This book consists not so much in the application of a critical method or the demonstration of a theory of literature as in a patiently deliberate meditation upon the literary experience informed most notably by studies of Mallarmé Kafka Rilke and Herlinde Blanchot's discussions of those writers are among the finest in any language

In Defense of Dabbling

Karen Walrond,2025-09-23 Dalliances demand neither talent not discipline Walrond argues we need only enjoy what we re doing In Defense of Dabbling is a ringing endorsement for being just okay at stuff The Atlantic Resist grind culture and discover the joy of dabbling From Karen Walrond author of The Lightmaker s Manifesto and Radiant Rebellion comes a delightful jaunt into how to be a total amateur by doing the things you love even if you re not any good at them In today s grind culture hobbies become side hustles Work creeps into leisure time Perfectionism reigns We look up to experts and we look down on amateurs And when someone asks us what we like to do we realize we have absolutely no idea But amateur just means one who loves So what if being a total amateur is actually a good thing What if we ve been so focused on achieving that we have forgotten how to be interesting In her new book Karen Walrond strikes out to discover the things she loves that demand no excellence just desire As she cultivates practices and rituals without any expectation of success or accolades she shows us how to do the same And she helps us learn Seven Attributes of Intentional Amateurism curiosity mindfulness self compassion play zone stretching connection and awe Follow Walrond as she dabbles in throwing pottery swimming laps playing piano learning to surf and photographing the Milky Way spoiler it doesn t all go well Listen in on her conversations with other amateurs and experts too about how intentional amateurism enhances mental and social health And to get you started on your own intentional amateurism practice she also serves up a list of more than two hundred ideas for things to dabble in ways to discover your own path to being a total amateur Walrond reminds us that it s in the living that we create a life so failure isn t a concern in fact it s kind of the point If we get better at a hobby or a craft that s simply a byproduct never the goal Transcendence awaits What joy might we find if we simply started doing the things we love *The Moore-Noble*

Debate J. C. Noble,1910 **The House by the Medlar-Tree** Giovanni Verga,2022-06-02 Giovanni Verga s The House by the Medlar Tree is a poignant exploration of Sicilian rural life presenting a rich tapestry of local customs struggles and the

indomitable human spirit through a vivid naturalistic lens. Written in Verga's signature verismo style, the novel employs a jarring juxtaposition of lyrical descriptions and harsh realities, capturing the deep emotional and material turmoil faced by its characters. Set against the backdrop of Sicily's pastoral landscapes, the story focuses on the lives of the lower classes, revealing themes of social stratification, familial bonds, and the relentless passage of time, signifying Verga's critical stance toward the constraints of societal norms. Giovanni Verga, a central figure in Italian literature, was influenced by his own experiences growing up in Sicily, where he witnessed the complexities and struggles of peasant life. His profound sense of place and cultural identity significantly shaped his literary voice, fostering an authentic representation of his characters' lives. Moreover, Verga's exposure to contemporary European realism encouraged him to adapt and redefine narrative techniques in fiction, emphasizing the importance of local color and sociocultural authenticity. For readers seeking a profound yet accessible portrayal of rural Italian life, *The House by the Medlar Tree* stands as a compelling invitation to engage with the nuances of human resilience and cultural identity. This timeless work not only enriches our understanding of Sicilian society but also resonates universally with those interested in the complexities of socio-economic realities and familial ties.
