Catechism primers are inconspicuous but telling little books for children combining the teaching of reading skills and religious catechesis From the 16th to the 19th centuries they have been produced disseminated and used in huge numbers in many regions of the world in particular in Europe Remarkably similar texts appeared across the continent spanning confessional traditions that were in other respects highly divergent In different places and across the whole period different denominations used not only similar pedagogical and religious strategies but also shared the same formats and iconography This volume edited by scholars from Finland Germany Switzerland and the United Kingdom is the result of a collaborative transnational and interdisciplinary effort including education language teaching children s literature book history and religious studies With contributions on seventeen European countries and regions it sheds new light on a fascinating but largely neglected part of European cultural heritage and by establishing a comprehensive and authoritative summary of the field offers fresh impetus for further transnational research *Eliza Cook's Journal* ,1852 **Eliza Cook's Journal** Eliza Cook,1852 **The Children's Catechism** John Muckarsie,1795 *A Collection of Pamphlets on Religious and Moral Subjects Relating to Great Britain* ,1844 Reading Children in Early Modern Culture Edel Lamb,2018-01-09 This book is a study of children their books and their reading experiences in late sixteenth and seventeenth century Britain It argues for the importance of reading to early modern childhood and of childhood to early modern reading cultures by drawing together the fields of childhood studies early modern literature and the history of reading Analysing literary representations of children as readers in a range of genres including ABCs prayer books religious narratives romance anthologies school books drama translations and autobiography alongside evidence of the reading experiences of those defined as children in the period it explores the production of different categories of child readers Focusing on the good child reader the youth as consumer ways of reading as a boy and as a girl and the retrospective recollection of childhood reading it sheds new light on the ways in which childhood and reading were understood and experienced in the period *The pious child's delight; or, Some helps to the religion of children [&c. Comprising A catechism of the principles of religion, An historical catechism, Examples of prayer, Moral and divine poems.]*. Isaac Watts,1845 **Report of the proceedings of the conference of the clergy of the United Diocese of Down&Connor,&Dromore, held in ... October, ... 1861 (1862, 63) ... Edited by ... A. T. Diocese of Down, Connor, and Dromore,1864 Catechisms Written for Mothers, Schoolmistresses and Children, 1575-1750 Paula McQuade,2017-12-02 As works designed for mothers to instruct their children within the home early modern mother directed catechisms like traditional catechisms use the question and answer format to present the basic tenets of the Protestant faith But such catechisms differ from traditional ones in how they represent the mother child relationship Because catechisms discuss fine questions of theology and because they present a non contentious image of

maternal authority many literary critics and cultural historians have failed to explore their cultural significance focusing instead upon secular dramatic representations of motherhood in early modern plays and pamphlet accounts of murderous mothers This collection demonstrates that these catechisms provide valuable insight into constructions of early modern maternity and more broadly into the degree of power and authority accorded to women in the early modern Protestant family It includes nearly all of the extant catechisms the editor was able to locate which were designed expressly for mothers and published between 1550 and 1750 The Works of the Rev.
