ONE HUNDRED years past and gone just like yesterday and Nigeria is still in transition Created on the vagaries of British imperialism Lord Frederick Lugard on January 1 1914 unilaterally stitched together two diametrically opposed Northern and Southern parts of the Niger bend to form an entity he called NIGERIA Since then Nigeria has remained changeless but with severe internal contradictions that threaten the shaky foundation on which it was formed By the amalgamation of 1914 Nigeria marks her centenary in 2014 a century that reverberates 46 years of colonial domination which set the agenda for political instability and internal conflicts 29 wasted years of incessant bloody military coups and dictatorship and 25 years of incoherent democratic governance *Echoes of a Century* discusses fundamental issues in Nigeria's loose federation as well as unresolved national challenges in the past 100 years It also examines the issue of leadership and its ceaseless manipulation through zoning federal character demography ethnicity and religion that revolve around individuals against national interests the politics and illusion of oil wealth that has become the nation's albatross endemic corruption and societal decadence that negate her growth and development and the clamour for a national conference to renegotiate the country's future Could Nigeria have done better as two separate entities as it were before the amalgamation of 1914 or better still as three separate nations as envisaged in 1957 against the encumbrances of its present structure where trust is lacking and confidence progressively eroding among federating units With visible cracks on its bonds of unity rising cases of religious bigotry and fundamentalism ethnic chauvinism and exclusion it is argued that should Nigeria eventually survive as one united nation it may not develop beyond the status of a third world country *A Century of Grinnell High School Athletics* Dave Adkins, 2015-09-17

[A Century of NFL Football](#) Roger Gordon, 2019-08-29. The birth of the National Football League can be traced to a meeting held in the showroom of a Canton, Ohio, car dealership in September 1920. From these humble beginnings, pro football has grown into a global phenomenon. Today, nearly a century later, fans flock to stadiums across the country, and worldwide television viewership numbers in the hundreds of millions. To celebrate the NFL's 100th season, Roger Gordon describes the evolution of pro football in trivia questions, answers, and anecdotes. Rather than merely posing questions and providing short answers, Gordon gives details behind each story that bring to life players, coaches, rivalries, and championships.
