World of Sports Indoor Anil Taneja, 2009 The Windsor Magazine , 1900 **You Could Look It Up** Jack Lynch, 2016-02-23 Knowledge is of two kinds said Samuel Johnson in 1775 We know a subject ourselves or we know where we can find information upon it Today we think of Wikipedia as the source of all information the ultimate reference Yet it is just the latest in a long line of aggregated knowledge reference works that have shaped the way we've seen the world for centuries *You Could Look It Up* chronicles the captivating stories behind these great works and their contents and the way they have influenced each other From The Code of Hammurabi the earliest known compendium of laws in ancient Babylon almost two millennia before Christ to Pliny's Natural History from the 11th century Domesday Book recording land holdings in England to Abraham Ortelius's first atlas of the world from Samuel Johnson's A Dictionary of the English Language to The Whole Earth Catalog to Google Jack Lynch illuminates the human stories and accomplishment behind each as well as its enduring impact on civilization In the process he offers new insight into the value of knowledge

International Sport: A Bibliography, 2000 Richard William Cox, 2013-10-23 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new
