laugh and the Cave of Echoes encourages and stresses how important it is to believe in yourself In the Valley of Winds they learn to be strong and in the River of Reflection they can think about how their choices will affect them in the long run They are put to the test again in the Whispering Woods and the Labyrinth of Light where they learn how strong togetherness is and how bright they are inside A scary dragon is their last task and it s the exciting end to their trip They find that bravery kindness and understanding can bring people who are enemies together and make friends In the end they find that the real prize is not money but the strength and unity of their community in the woods This shows that love friendship and community are the real gems in life A book called Bella and Benny Braveheart A Duo s Journey to Battle Calamities and Ensure a Safe World for All shows how important friendship is how brave you have to be to deal with bad luck and how strong you are when you stick together Bella and Benny s trips show that working together and helping each other can get through anything making society safer and better for everyone Chapter 1 The Call of the Forest In the middle of the Greenwood Forest two beautiful bears named Bella and Benny Braveheart lived The trees there whispered old secrets and the streams sang old songs Bella and Benny were not like other bears who sat around all day They liked to explore and were always ready for a new task a secret to solve or a dangerous trip They were known for being brave in the bush and it was that daring that led them to find something that would set them off on an adventure that would last a lifetime One day Bella was exploring the dark mossy depths of Greenwood when she saw something strange hidden between the roots of an old tree The brothers were excited and interested when they found what looked like an old worn out map This map was different from the others they had seen because it was full of symbols and showed a way through parts of their forest that they had never been to before they got to a spot that pointed to a possible secret treasure They saw that this wasn t your typical treasure hunt when they got closer The trees had been complaining about changes like smaller streams and the forest had been complaining about a future with less water A drought was coming that would have destroyed Greenwood and put the peace and safety of the town at risk Some people thought that Greenwood might not have to go through this terrible event because of the wealth shown on the chart The news made them feel heavy in the heart but it also gave them a sense of purpose They knew the trip ahead would be hard and test their bravery wisdom and bond as siblings It was terrible to think that their forest which was their home was going to be silent Right then and there they decided to go on this quest together to find the secret treasures that would save Greenwood Because they needed to reach their goal quickly they sped up their preparations With one last look at the peaceful area that had been their home they packed up their things said goodbye to their loved ones in whispers and left for the unknown The map took them through parts of the forest they had never been to before The air was thick with old stories and the sun barely touched the ground Benny s strength and Bella s intelligence worked well together on their trip They were able to get past the physical obstacles because Benny was determined and strong Bella s sharp eyes and good sense of direction helped them find their way through the maze of turns and twists Their best trait was their bond as siblings

which gave them confidence and comfort when the dark forest seemed too deep The map said that they had reached the edge of the Whispering River which was known for its dangerous currents and the old turtle that watched over it This is where they faced their first challenge the turtle s question which showed how smart and united they were They showed how determined they were by figuring out the puzzle which taught them that mental and emotional toughness were just as important to their goal as physical toughness With each step they took Bella and Benny s journey became a live sign of how determined they were and how much they loved their community The map not only showed them where the prize was but it also taught them a lot about being brave making friends being determined and facing your fears They learned that being brave wasn t about not being afraid it was about being determined to move forward anyway Their adventure grew as they went deeper into Greenwood and stopped just looking for a lost prize It turned into a trip of self discovery learning about the fragile balance of nature and realizing that real bravery starts inside They met big and small animals and each one had a story to tell a lesson to teach or a task to offer All of these interactions made their trip more interesting Following an old map through the forest Bella and Benny looked for a prize that would protect their home Their journey showed who they were and how much they loved Greenwood The trip was meant to show how strong their love was and how strong their friendship was They were just beginning their trip but with each step they were writing a story of bravery hope and the unwavering power of working together to get through hard times Each other and Bella Braveheart were ready to go into the jungle

Chapter 2

What the River s Riddle

Bella and Benny Braveheart came across the Whispering River while going through the beautiful Greenwood Forest The river is known for its fast clear currents and the strange animals that live in it With its soft whisper like sounds that sounded like bubbling the river was a task that neither Bella nor Benny had seen coming There was a wise old turtle that watched over the river and was famous for how old it was and how hard it was for people who wanted to cross The twins looked up to and were interested in the turtle because of its slow exact movements and eyes that held knowledge from thousands of years ago The turtle wasn t a test of strength or stamina but of information and insight It spoke with a voice as old and deep as the river and said To cross my waters you must solve a puzzle Bella and Benny knew how serious the situation was and that the puzzle was both a test and a way to keep them from going further They learned from that that brute force isn t always the best way to solve problems sometimes the mind works better Even though the puzzle looked easy it was really just a maze of words that kept going in circles confusing the mind Bella and Benny paid close attention as the turtle told the story again their brains working hard to figure out what it meant They understood that to solve the problem they had to change the way they thought go beyond what the words meant at first glance and find the wisdom that lay hidden beneath It tested their patience creativity and ability to work together by requiring them to combine their ideas and thoughts in order to find a solution With her sharp mind Bella looked at the puzzle carefully trying to find hidden meanings and patterns Benny broke the puzzle up into small pieces and used his analytical thought to figure it out He looked for clues in

each piece As they talked ideas danced around in their heads and each one brought them closer to an answer It showed how close they were as brothers and explorers as well as how well they could work together as a strong team They didn't get the answer to the problem in a flash of genius instead they worked together to find it which showed how important it is to work together and how each person brought something unique to the table After they said what they thought the turtle seemed to stand still for a long time before it nodded and smiled at them It told them You are wise beyond your years you have solved the puzzle and then it let them cross the river Their journey changed when they crossed the Whispering River It taught them an important lesson Bella and Benny found out that knowledge or the power to think and reason was stronger than any physical force They knew that the problems they would face on their journey would not always be solved by being stronger Often they would have to think carefully and use their knowledge and good sense to make the right choices **Robby Braveheart** David Krewson,2011 Consumed with financial stresses that no high school freshman should have to endure Robby Wilson makes a terrible decision in an effort to keep the bank from foreclosing on his family's home he steals money from the church where his sister attends an after school program This fateful choice plagues Robby with guilt for months and sets off a chain of events that changes his family members lives including those of his out of work father and his mother who has to work two jobs to keep the family sheltered and fed With the help of the very people he stole from Robby is finally able to come to grips with his wrongdoing and find peace in an environment neither he nor his father who harbors anger toward the church because of an oppressive experience as a child ever knew existed Filled with heartache compassion and a touch of humor Robby Braveheart is an inspiring novel that portrays ways in which God accomplishes extraordinary things through ordinary people **Barney Braveheart - The Dragon Kingdom (4-6 Year Olds)** Mikey Simpson,2012 Barney Braveheart strays into an apple orchard and find himself at the heart of the Dragon Kingdom But all is not as tranquil as it first appears
