The Four Evangelists in Classic Art Rachel Adelaide La Fontaine,1900 **Unstoppable Gospel** Gregg Matte,1973
The path of least resistance is seldom the path of greatest impact This is a truth that the apostles knew intrinsically but from which we the modern church seem to shy away They boldly proclaimed the Gospel in season and out of season We want to avoid risk avoid stepping on toes avoid any bad publicity that might come with going out on a limb But much like the first rockets to leave Earth s atmosphere giant leaps forward in God s kingdom don t come without a big vision and a great big dose of risk In *Unstoppable Gospel* pastor Gregg Matte calls readers to take up the task of the early church and go change the world He shows how using ordinary everyday people has been God s plan from the beginning and how we all have a part in that plan He shares many practical ways Christians can get involved in their churches and communities to take advantage of the countless opportunities God provides for us to make a lasting kingdom impact in our world **One Thousand Evangelistic Illustrations** Aquilla Webb,1921 *The Utrecht Psalter in Medieval Art* ,2024-07-29 With authoritative contributions on the historical stylistic and iconographic context of this masterpiece of Carolingian Renaissance by R McKitterick K van der Horst K Corrigan F M therich and W Noel and including the catalogue of the 1996 exhibition on the Utrecht Psalter at the Museum Catharijneconvent Utrecht *The Gospel of S. Wimmer, 2020-11-23 The so called Canon Tables of the Christian Gospels are an absolutely remarkable feature of the early late antique and medieval Christian manuscript cultures of East and West the invention of which is commonly attributed to Eusebius and dated to first decades of the fourth century AD Intended to host a technical device for structuring organizing and navigating the Four Gospels united in a single codex and in doing so building upon and bringing to completion previous endeavours the Canon Tables were apparently from the beginning a highly complex combination of text numbers and images that became an integral and fixed part of all the manuscripts containing the Four Gospels as Sacred Scripture of the Christians and can be seen as exemplary for the formation development and spreading of a specific Christian manuscript culture across East and West AD 300 and 800 In the footsteps of Carl Nordenfalk's masterly publication of 1938 and few following contributions this book offers an updated overview on the topic of Canon Tables in a comparative perspective and with a precise look at their context of origin their visual appearance their meaning function and their usage in different times domains and cultures **The Illustrated History of Methodism in Great Britain, America, and Australia, from the Days of the Wesleys to the Present Year** W.
