Churchill's Desert Rats in North Africa and Italy Patrick Delaforce,2009 The 7th Armoured Division the Desert Rats was the most famous British fighting formation of World War Two and the Division remains a household name to this day This book covers the Desert Rats early name making campaigns particularly their deployment in the vitally important North

African theatre **British Armoured Divisions and Their Commanders, 1939–1945** Richard Doherty,2013-07-16 A total of eleven British armoured divisions were formed during the 1939 1945 war but as this highly informative book reveals just eight saw action In 1940 only 1st Armoured Division faced the German blitzkrieg and it was in the North African desert that armoured divisions came into their own The terrain was ideal and six such divisions of Eighth Army fought Rommel s Panzers into submission Three were disbanded prior to the invasion of Sicily and Italy The campaign from D Day onwards saw the Guards Armoured 7th Armoured the Desert Rats 11th and Percy Hobart s 79th Armoured Division in the thick of the action Of particular interest are the men who commanded these elite formations and the way their characters contributed to the outcome of operations While some such as Dick McCreery went onto greater heights others did not make the grade the stakes were high A number such as Pip Roberts were just perfectly suited in the role Written by a leading military historian this book describes many fascinating aspects of armoured warfare from its uncertain beginnings through the development of tactics and the evolving tank design Due to British deficiencies reliance had to be placed on US Grants and Shermans with the Comet coming late and the Centurion too late The combination of gripping historical narrative and well researched fact make this an invaluable and highly readable work on the contribution of British Armoured Divisions to victory in the Second World War *The Desert Rats* Charles River Charles River Editors,2018-03-29 Includes pictures Includes online resources and a bibliography for further reading The fighting in North Africa during World War II is commonly overlooked aside from the famous battle at El Alamein that pitted the British under General Bernard Montgomery against the legendary Desert Fox Erwin Rommel But while the Second Battle of El Alamein would be the pivotal action in North Africa the conflict in North Africa began all the way back in the summer of 1940 when Italian dictator Benito Mussolini declared Italy s entrance into the war From his perspective the fact that the British and French had their hands full with the Germans created an opportunity for Italy to enlarge its colonial holdings in Africa by seizing portions of the British Empire However British troops in the colony of Egypt responded to Italy s declaration of war by driving through the Egyptian Ethiopian border and attacking Italian troops stationed in the Italian colony of Ethiopia By September 13 1940 Italian commanders in Ethiopia were finally ready to put Mussolini s plan into action and attack British colonial holdings but British troops had already attacked a series of Italian frontier posts and had inflicted 3 500 casualties among Italy s North African troops Despite Italy s advantages in December 1940 Operation Compass was launched under the overall command of British General Archibald Percival Wavell In a mobile campaign the Italian 10th Army was swiftly routed and pitched into retreat A headlong pursuit followed spearheaded by the 7th Armoured Division who would become known as the legendary Desert Rats and supported by a variety of British and Commonwealth troops It was during this advance that the important port of Tobruk was taken mainly by Australians troops and held for 241 days despite the ebb and flow of Allied military fortunes Dealing with the Italians was one thing but the British faced an entirely different monster in North Africa when Erwin Rommel a German general who had

gained much fame for his role in the invasions of Poland and France was sent to North Africa in February 1941 along with the Afrika Korps Rommel s directives from the German headquarters were to maneuver in a way that would allow him to hide the fact that his ultimate goal was the capture of Cairo and the Suez Canal The ultimate plan was that Rommel would not reveal the Germans true intentions in North Africa until after the Germans had made headway in their invasion of the Soviet Union With the Axis forces trying to push through Egypt towards the Suez Canal and the British Mandate of Palestine American forces landed to their west in North Africa which ultimately compelled Rommel to try to break through before the Allies could build up and overwhelm them with superior numbers Given that the combined Allied forces under Montgomery already had an advantage in manpower Montgomery also wanted to be aggressive and the fighting would start in late October 1942 with an Allied attack The Second Battle of El Alamein was a turning point in the campaign While the scale of the battle paled in comparison to the battles of the Eastern Front where the majority of German troops were concentrated it still marked an important victory in World War II especially from the British perspective The fighting at the end of 1942 inevitably compelled all Axis forces to quit the theater the first time since the beginning of the war that Africa was safe for the Allies The Desert Rats The History and Legacy of the British Army s 7th Armoured Division during World War II chronicles the legendary unit s war record and how the Desert Rats earned their name in North Africa Along with pictures of important people places and events you will learn about the Desert Rats like never before **Desert Rats at War** George Forty,2014-06-19 70 years ago on 7 June 1944 the British 7th Armored Division landed in Normandy halfway through a wartime journey that had started in north Africa Formed on 16 February 1940 it adopted the Jerboa as its divisional sign and while many units that fought in the desert call themselves by the name 7th Armoured Division are the original Desert Rats The division helped destroy the Italian Tenth Army at Beda Fomm on 7 February 1941 defeat the Desert Fox Rommel at El Alamein in October 1942 and drive Axis forces out of North Africa After the desert 7th Armored Division landed at Salerno on 15 September 1943 in time to help repulse concerted German counterattacks before as part of U S Fifth Army s British X Corps it took Naples and crossed the Volturno Pulled out of Italy it reached England in January 1944 where it prepared to enter the Northwestern European theater at Gold Beach from 7 June equipped with the new Cromwell and the Sherman Firefly The division had difficulties in Normandy particularly at Villers Bocage and suffered the ignominy of having its GOC George Erskine and a number of officers sacked and moved to other positions Erskine was replaced by Gerald Lloyd Verney on 4 August 1944 He helped reinstill confidence and discipline to the division which took part in the Allied liberation of France and Belgium entering Ghent in September Verney was in turn replaced by Lewis Lyne in November 1944 and Lyne led the division on their final advance through Holland and into Germany The Desert Rats ended the war with the liberation of Hamburg on 3 May 1945 after one of the most remarkable military journeys in history and was chosen to take part in the Allied victory parade held in Berlin on 21 July 1945 Winston Churchill recognized the achievements of the division when he

spoke at the opening of a soldiers club in Berlin Dear Desert Rats May your glory ever shine May your laurels never fade May the memory of this glorious pilgrimage of war which you have made from Alamein via the Baltic to Berlin never die Desert Rats at War is an evocation of what it was like to serve with the division in the African desert and Europe from the first encounters by the Mobile Force in 1940 to Berlin in 1945 Full of eyewitness accounts and private photos Desert Rats at War has been completely revised and updated with additional text maps and photographs **The War in North Africa, 1940-1943** Colin F. Baxter,1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940 1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940 42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians Desert Rats John Sadler,2012-12-15 The story of the last surviving Desert Rats in their own words and their experience of war in North Africa Desert Rats at War George Forty,1975 **Jayhawk!** Stephen Alan Bourque,2002 Center of Military History Publication 70 73 1 Presents the story of the United States Army s Seven Corps from its deployment to Saudi Arabia through its phases of preparation its offensive against the Iraqi Army and finally its return to Europe and the United States *Desert Rats* John Parker,2013-02-28 In the recent war in Iraq the 7th Armoured Brigade bearers of the Desert Rats insignia was immediately engaged in some of the fiercest early fighting ultimately taking Basra for the Allies The war in Iraq revived public focus on the Desert Rats whose famous battles of World War II helped turn the tide of German dominance After World War II the Desert Rats re emerged as part of the NATO forces during the Cold War years and in other major deployments in the 1991 Gulf War Bosnia and Kosovo In this latest of his military histories John Parker once again draws heavily on the drama of first hand accounts for a story that is a seminal part of modern military history *The Desert VCs* Brian Best,2018-02-28 It was not just the searing heat of the day hot enough to boil an egg on the bonnet of a lorry or the sand that nestled in every crevice of the body or the shivering cold of the starlit nights that the British and Commonwealth troops had to battle in the North African desert it was also the tough and determined Axis forces under their brilliant leader Erwin Rommel The actions which resulted in the awarding of twenty nine VCs in the Desert War included that of stretcher bearer Private Anderson walking alone into the gunfire of the enemy to

rescue wounded comrades not once but time and time again until he too was shot and killed Lieutenant George Gunn who at Sidi Rezegh found his troop of the Royal Horse Artillery facing the onslaught of sixty German tanks One by one the guns were put out of action the crews killed or wounded Eventually only one gun was left manned by the twenty nine year old lieutenant and his sergeant Regardless of the odds Gunn fought on until he too was killed shot through the head The fighting in North Africa was not just in the harsh extremes of the rolling desert but also the barren mountains of Tunisia and the coastal strips of Libya In every battle every maneuver the terrain was the limiting or enabling feature and it was over that unforgiving ground that twenty nine men distinguished themselves and were awarded the highest of all gallantry medals the Victoria Cross **Proposed Airborne Assaults during Operation Overlord** James Daly,2024-07-30 The airborne landings on D Day played a major part in the success of the largest amphibious operation ever mounted Yet just over three months later Operation Market Garden the largest airborne operation ever attempted failed to take all its objectives It is notable however that in the film A Bridge Too Far Dirk Bogarde s Lieutenant General Boy Browning refers to a large number of cancelled operations since D Day What were these operations Why do we know so little about them And what can they tell us about Allied airborne planning and the way that the allies fought in 1944 As James Daly reveals plans were considered or drawn up for a number of ambitious airborne assaults that could have formed part of the Allies efforts to break out of the beachheads Of these three operations Wastage Tuxedo and Wild Oats might well have been part of the fighting in Normandy itself Operation Wild Oats for example was to see the 1st Airborne Division help capture Caen in conjunction with the British I Corps and XXX Corps Three others operations Beneficiary Hands Up and Swordhilt were to be combined airborne and amphibious descents to seize the vitally important ports of St Malo and Brest as well as the Quiberon Bay area in southern Brittany Airborne planning was frenetic and wide ranging during this period One operation would have seen gliders landing on a beach another would have seen the airborne troops taking off without maps Some of them were months in the planning others were merely an idea that lasted for a matter of days Far from being standalone airborne operations all of them were part of a wider strategy and several were major combined operations effectively small scale D Days complete with seaborne landings For the first time this book looks at each of these operations in detail Using new research and drawing on original planning documents including maps of planned drop zones and operational areas most of which have never been published before James Daly explores a little known aspect of the Allies landings in France in the summer of 1944
