Contemporary Jewish Religious Thought Arthur Allen Cohen, Paul R. Mendes-Flohr, 1988 A collection of 140 essays by renowned figures on the fundamental concepts, beliefs, and movements in historical and contemporary Jewish thought. Charity, chosen people, death, culture, family, freedom, history, love, immortality, myth, prayer, science, tradition, and Torah are among the subjects addressed in this handbook of Jewish experience and thought. The Oxford Dictionary of the Jewish Religion Adele Berlin, 2011 Hailed by Library Journal as the best ready reference access point to the Jewish religion and as essential by CHOICE in its First Edition, The Oxford Dictionary of the Jewish Religion has been the go-to resource for students, scholars, and researchers in Judaic Studies since its 1997 publication. Now The Oxford Dictionary of the Jewish Religion Second Edition focuses on recent and changing rituals in the Jewish community that have come to the fore since the 1997 publication of the First Edition, including the growing trend of baby naming ceremonies and the founding of gay/lesbian synagogues. Under the editorship of Adele Berlin, nearly 200 internationally renowned scholars have created a new edition that incorporates updated bibliographies, biographies of 20th-century individuals who have shaped the recent thought and history of Judaism, and an index with alternate spellings of Hebrew terms. Entries from the previous edition have been revised, new entries commissioned, and cross-references added all to increase ease of navigation. The Dictionary covers more than three millennia of Jewish religious thought, custom, law, and practice, from traditional approaches to Reform, Conservative, Reconstructionist, and post-denominational Judaism. Brief definitions and longer essays, all supplemented with bibliographies, enlighten readers about the major figures, folklore, and events in the history of Judaism throughout the world. Past Imperatives Louis E. Newman, 2012-02-01 Past Imperatives explores the nature and development of Jewish ethics by analyzing three important sets of issues: the relationship between Jewish law and ethics, the relationship between Jewish ethics and theology, and the problems and prospects for constructing a contemporary Jewish ethic. The penetrating and provocative essays are drawn from a number of fields, including legal theory, literary theory, and theory of religion. These studies illuminate many previously uninvestigated aspects of Jewish biomedical ethics, covenant theology, and textual interpretation in Judaism. By exploring these issues within the larger context of historical and theoretical work in religious studies, Past Imperatives moves beyond previous work in Jewish ethics, which has largely sought to offer moral guidance from a Jewish perspective. This volume boldly confronts the fact that Judaism encompasses many, sometimes contradictory, ethical perspectives and investigates their theological underpinnings, how they have developed, and how they differ from other moral and/or religious perspectives. 20th Century Jewish Religious Thought Arthur A. Cohen, Paul Mendes-Flohr, 2010-01-01 JPS is proud to reissue Cohen and Mendes-Flohr's classic work, perhaps the most important comprehensive anthology available on 20th-century Jewish thought. This outstanding volume presents 140 concise yet authoritative essays by renowned Jewish figures: Eugene Borowitz, Emil Fackenheim, Blu Greenberg, Susannah Heschel, Jacob Neusner, Gershom Scholem, Adin

Steinsaltz and many others They define and reflect upon such central ideas as charity chosen people death family love myth suffering Torah tradition and more With entries from Aesthetics to Zionism this book provides striking insights into both the Jewish experience and the Judeo Christian tradition Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion Albert John Walford, Marilyn Mullan, Priscilla Schlicke, Library Association, 1996 This new edition of Volume II last published in 1994 has been extensively expanded and revised in all areas Fully updated the new edition includes major changes and covers a span of topics from archaeology through medieval history to statistics It includes philosophy psychology religion social sciences geography biology and history All areas have been completely updated with additional material in economics business and management **Reader's Guide to Judaism** Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly Ethical Issues in Six Religious Traditions Peggy Morgan, 2007-02-16 How do Hindus view euthanasia Is there a Sikh view of advertising Do Jews and Muslims share the same attitude to marriage How do Christian and Buddhist views on the environment differ This book draws together authors respected in six traditions to explore in parallel the ethical foundations for Hindu Buddhist Sikh Jewish Christian and Muslim faiths Each section introduces a different religion and asks specific topical questions set in a wider context The issues addressed are religious identity and authority the personal and the private marriage and family influences on and use of time money and other personal resources the quality and value of life questions of right and wrong equality and difference conflict and violence and global issues The contributors to this expanded edition are Peggy Morgan Clive Lawton Werner Menski Eleanor Nesbitt Alan Brown and Azim Nanji Additions for this new edition include subsections on reproduction vegetarianism just war and terrorism and *Studien zur jüdischen Bibel* Johann Maier, 2024-12-30 Der 2019 verstorbene Judaist Johann Maier gehörte zu den renommiertesten Vertretern seines Fachs in Deutschland Eine Auswahl seiner wichtigen teils bahnbrechenden Schriften zur Geschichte Religionsgeschichte und Literatur des Judentums wird in diesem Band gemeinsam mit einem umfassenden Schriftenverzeichnis dargeboten **The Oxford Handbook of Religious Perspectives on Reproductive Ethics** Davis, 2023 As I write this introduction the third season of the Israeli series Schtisel has arrived on Netflix eagerly awaited by viewers around the world who would never have imagined how caught up they would get by this family drama of four generations of ultra Orthodox Jews living in Jerusalem One episode focuses on Ruchami and Hanina a young couple who have been married for five years but without children It turns out that pregnancy and childbirth would threaten Ruchami's life She is using an IUD but she keeps threatening to have it removed risking her life to become a mother Finally with great
