Contemporary Portugal The Revolution And Its Antecedents

Scott C. Dulebohn

Contemporary Portugal The Revolution And Its Antecedents:

Contemporary Portugal Lawrence S. Graham, Harry M. Makler, 2014-07-03 Despite worldwide interest in the Portuguese Revolution of 1974 Portugal remained for most people a little known and poorly understood country neglected for years by social scientists Editors Graham and Makler brought together for the first time in one substantive volume most of the leading social science experts on Portugal The contributors highly original research represents the best work generated by the International Conference Group on Modern Portugal at its two major conferences held in 1973 and 1976 The result is a comprehensive collection of essays discussing in detail the events leading up to the revolution the causes of the military coup and the movement of a society on the brink of revolutionary upheaval toward open democratic parliamentary elections As the first interdisciplinary study to span fifty years of Portuguese history from the Estado Novo of 1926 to the eventual social democratic republic this book stands alone in its field The specialist as well as the general reader will find insights into the dynamics of Portugal's people politics and economics *The Revolution Within the Revolution* Nancy G.

Bermeo, 2014-07-14 In this dramatic story of the making and unmaking of Portugal's agrarian reform Nancy Bermeo probes the origins and effects of the workers' actions Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Contemporary Portugal Stephen Syrett, 2017-11-22 This title was first published in 2002 Portugal experienced rapid and dramatic change over the final decades of the twentieth century After the turbulence that followed the 1974 revolution the 1980s and 1990s provided a period of unprecedented political stability and economic modernization during which Portugal converged rapidly with the wealthier member states of the European Union This important new volume offers a timely focus on this recent period Written for a wide audience by a multidisciplinary team of experts the book provides an accessible overview and analysis of the key dimensions of recent economic and political change in Portugal and identifies the tensions and policy challenges that rapid change has produced In so doing the book reveals something of the complexity of contemporary Portugal an outward looking modern democratic and European state but one where the legacy of its recent traditional colonial and often inward looking past continues to influence and shape its development in the twenty first century *The Portuguese Revolution of 1974-1975* Maria Inácia Rezola PhD, 2023-11-17 As Portugal is celebrating the 50th anniversary of the Carnation Revolution this book conveys a global and differentiating perspective on the aims and actions of its three main protagonists the Armed Forces the political parties and mass social organizations by close examination of original archival documentation oral and written primary sources and government records Historical Dictionary of

Portugal Douglas L. Wheeler, Walter C. Opello Jr., 2010-05-10 Portugal is a small Western European nation with a large distinctive past replete with both triumph and tragedy One of the continent's oldest nation states Portugal has frontiers that are essentially unchanged since the late 14th century The country's unique character and 850 year history as an independent state present several curious paradoxes As of 1974 when much of the remainder of the Portuguese overseas empire was decolonized Portuguese society appeared to be the most ethnically homogeneous of the two Iberian states and of much of Europe This in spite of the fact that Portuguese society had received during 2 000 years of infusions of other ethnic groups in invasions and immigration Phoenicians Greeks Celts Romans Suevi Visigoths Muslims Arab and Berber Jews Italians Flemings Burgundian French black Africans and Asians Indeed Portugal has been a crossroads despite its relative isolation in the western corner of the Iberian Peninsula between the West and North Africa Tropical Africa and Asia and America Since 1974 Portugal's society has become less homogeneous as there has been significant immigration of former subjects from her erstwhile overseas empire The third edition of Historical Dictionary of Portugal greatly expands on the second edition through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects **Parties, Politics, and Democracy in the New Southern Europe** P. Nikiforos Diamandouros, Richard Gunther, 2001-06-11 In the acclaimed Politics of Democratic Consolidation Nikiforos Diamandouros Richard Gunther and their co authors showed how democratization unfolded in Greece Italy Portugal and Spain culminating in consolidated democratic regimes This volume continues that analysis posing the basic question What kind of democratic politics emerged in those countries It presents systematic analyses of the basic institutions of government and of the dynamics of electoral competition in the four countries set in comparative context alongside several other democracies as well as detailed studies of the evolution of the major parties their electorates their ideologies and their performances in government over the past twenty years The authors reach two major conclusions First the new democracies salient features are moderation centripetalism and the democratization of erstwhile antisystem parties on the Right and Left Second no single Southern European model has emerged the systems differ from one another about as much as do the other established democracies of Europe Contributors P Nikiforos Diamandouros University of Athens Richard Gunther Ohio State University Thomas C Bruneau Naval Postgraduate School Monterey Arend Lijphart University of California at San Diego Leonardo Morlino University of Florence Risa A Brooks Stanford University Jos R Montero Autonomous University of Madrid Giacomo Sani University of Pavia Paolo Segatti University of Trieste Gianfranco Pasquino University of Bologna Takis S Pappas College Year Athens Hans Jrgen Puhle Goethe University Frankfurt am Main Anna Bosco University of Trieste Economic Adjustment in New Democracies D. Ethier, 1997-05-29 The politics of economic adjustment in new democracies has received a lot of attention However none of the most recent examinations provide a thorough comparative analysis of Southern Europe Ethier's book fills this gap The

book challenges many existing preconceptions about Southern Europe while confirming and complementing the main assertions of comparable studies on Eastern Europe Latin America Asia and Africa

Latin Fascist Elites Paul H. Lewis, 2002-12-30 Many dictatorships are short lived but a few manage to stay in power for decades Lewis takes three Latin fascist tyrants Mussolini Franco and Salazar and shows how they perpetuated their rule through the careful recruitment and circulation of top echelon subordinates to carry out their orders Long established dictatorships have to respond to political and social pressures surrounding them just as democracies do but it is harder to study them because they are closed systems One possible way of viewing their internal processes is by observing who they recruit into top leadership positions Every dictator however powerful must delegate some authority to an elite stratum just below him By watching which kinds of men are recruited how long they are kept in power and whether different skills are sought at different times it may be possible to chart the evolution of a 20 or 30 year regime The Mussolini Franco and Salazar regimes all fit the criteria of being long established Mussolini ruled for almost 21 years Franco for over 37 and Salazar for 36 Moreover all three shared a family resemblance as being fascist Comparing them affords the additional advantage of adding to our understanding of the Latin variant of fascism as contrasted to the Central and Eastern European A provocative work for scholars students and other researchers involved with European Politics Modern European History and fascist regimes

European Destiny, Atlantic Transformations Scott B. MacDonald, With the fall of its centuries old empire in 1974 1975 Portugal embarked on a transitional period that reconciled a long tradition of acting out national interests overseas with the need to integrate itself into Western Europe The result has been a deemphasis on various Atlantic and colonial linkages and the forging of a new and highly successful European identity within the framework of the European Community In *European Destiny Atlantic Transformations* Scott B MacDonald offers a comprehensive analysis of Portugal's foreign policy and its highly successful venture in economic and political transformation Although Portugal is firm in its commitment to a European destiny it has not turned its back on relations with the United States and its former colonies in Africa and Asia MacDonald traces the evolution of U S Portuguese cooperation along economic cultural and military lines and shows how NATO has played a pivotal role in the process This was most recently underscored when the U S made extensive use of the Azores during the Gulf War against Iraq Likewise in its ties with the Lusophone countries formerly under its control Cape Verde Guinea Bissau S o Tom and Principe Portugal has sought to improve political relations and act as a peacemaker in regional conflicts such as those in East Timor Angola and Mozambique The scope of MacDonald's work takes in issues posed to Portugal by new foreign policy concerns that range from the breakup of the Soviet Union to the rise of Islamic fundamentalism in North Africa and the Middle East He points out that in a world of rapidly shifting political and economic alignments Portugal provides a representative model of a relatively small nation that has undergone successful economic reform while deepening its commitment to its new democratic system As such the Portuguese model is instructive for newly emerging democracies of

Eastern Europe and Latin America European Destiny Atlantic Transformations is an important addition to the literature on post Cold War politics It will be read by historians economists and foreign policy specialists

The Developing Place of Portugal in the European Union Jose Magone, 2017-12-02 After decades of isolation and a turbulent transition to democracy Portugal's integration into the European Union has given political economic social and cultural stability to a country that had to overcome the trauma of losing an empire This volume clearly is a major contribution to the study of how Portugal became part of the European Union as a political system and its development towards Europeanization and domestication Magone first lays a theoretical framework for the study of Europeanization and discusses political parties the political system and Portuguese society in terms of Europeanization He then examines public administration how the European Union and the OECD impacted on the modernization agenda and includes a discussion of the national EU policy coordination Magone also considers the Portuguese Euro elite and how they interacted with the Portuguese presidency and the processes of decision making going on among the different levels of the governance system of the European Union He highlights a case study of the Portuguese presidency of the European Union which took place in the first half of 2003 In addition Magone discusses the impact of the EU structural funds on Portugal and scrutinizes Portuguese foreign and defense policies in particular its reconstructed foreign policy which was clearly instrumental in achieving the independence of East Timor He reviews the growing integration of Portugal into the emerging structures of the Common Foreign and Security Policy CFSP concluding with the challenges that Portugal will face in the future in the education health and business sectors An interesting finding is the growing alienation of the population from the political class who clearly make all the decisions in relation to the European Union without proper consultation of the population through referenda In sum this book is vital to understand one of the oldest nation states of the world Jos M Magone is senior lecturer

Iberian Military Politics José Javier Olivas Osuna, 2014-10-27 By applying the nodality authority treasure and organisation public policy framework and neo institutional theory to the dictatorship of Salazar and Franco respectively this study explores the instruments that governments used to control the military and explains the divergent paths of civil military relations in 20th Century Portugal and Spain

Carlucci Versus Kissinger Bernardino Gomes, Tiago Moreira de Sá, 2011-08-16 This book focuses on the United States views and political actions in Portugal during the democratic transition and should not be taken for a history of the Portuguese revolution In other words its aim is to evaluate the impact of American actions in the final outcome of the transition from an authoritarian regime to democracy in Portugal To that end extensive research was carried out during a four year period both in the US and in Portugal privileging primary sources especially American and Portuguese archival materials many of which were previously unpublished

The New Mediterranean Democracies Geoffrey Pridham, 2016-01-29 This volume first published in 1984 discusses the viability of applying the Mediterranean model to three countries that were transitioning to democracy Spain Greece and Portugal combining both comparative and national case

study approaches In particular Spain Greece and Portugal offer comparable examples of the problems of establishing new democratic systems within relatively unstable and economically less developed environments This title applies different theories of regime transition to the countries in question This volume will be of interest to students of politics **Cold War** Spencer C. Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century *Competitive Elections in Developing Countries* Myron Weiner, Ergun Özbudun, 1987 This is the latest in the At the Polls series in which Duke University Press has joined with the American Enterprise Institute for Public Policy Research to publish studies on the electoral process as it functions around the world Cited by Choice for its high standard of scholarly analysis and objectivity the series provides both a chronicle of events and a thorough analysis of the election results The Third Wave Samuel P. Huntington, 2012-09-06 Between 1974 and 1990 more than thirty countries in southern Europe Latin America East Asia and Eastern Europe shifted from authoritarian to democratic systems of government This global democratic revolution is probably the most important political trend in the late twentieth century In The Third Wave Samuel P Huntington analyzes the causes and nature of these democratic transitions evaluates the prospects for stability of the new democracies and explores the possibility of more countries becoming democratic The recent transitions he argues are the third major wave of democratization in the modern world Each of the two previous waves was followed by a reverse wave in which some countries shifted back to authoritarian government Using concrete examples empirical evidence and insightful analysis Huntington provides neither a theory nor a history of the third wave but an explanation of why and how it occurred Factors responsible for the democratic trend include the legitimacy dilemmas of authoritarian regimes economic and social development the changed role of the Catholic Church the impact of the United States the European Community and the Soviet Union and the snowballing phenomenon change in one country stimulating change in others Five key elite groups within and outside the nondemocratic regime played roles in shaping the various ways democratization occurred Compromise was key to all democratizations and elections and

nonviolent tactics also were central New democracies must deal with the torturer problem and the praetorian problem and attempt to develop democratic values and processes Disillusionment with democracy Huntington argues is necessary to consolidating democracy He concludes the book with an analysis of the political economic and cultural factors that will decide whether or not the third wave continues Several Guidelines for Democratizers offer specific practical suggestions for initiating and carrying out reform Huntington s emphasis on practical application makes this book a valuable tool for anyone engaged in the democratization process At this volatile time in history Huntington s assessment of the processes of democratization is indispensable to understanding the future of democracy in the world **The Encyclopedia of the Cold War**

Spencer C. Tucker,2007-09-12 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO s The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time

Europe Since 1945 Mary Fulbrook,2001 This text brings home the waves of transformation that have washed across Europe in the second half of the 20th century sketching out general patterns of this change and exploring some of the local themes and variations in parts of Europe Narratives of Political Violence Raquel da Silva,2018-08-06 An exploration of how political violence is constructed this book presents the life stories of individuals once committed to political transformation through violent means in Portugal Challenging simplistic conceptualisations about the actors of violence this book examines issues of temporality gender and interpersonal dynamics in the study of political violence It is the first comprehensive case study of political violence in Portugal based on the perspectives of former militants These are individuals from different political spheres who became convinced that they could not be mere spectators of the circumstances of their times For them the only viable way of making a difference was through violent acts Applying the Dialogical Self Theory to trace the identity positions underpinning their narratives this book not only sheds light on radicalisation and deradicalisation processes at the individual level but also on the meso and macro level contexts that instigate engagement with and encourage disengagement from armed organisations This book will be of interest to students and scholars of critical

terrorism studies political violence European history and security studies more generally *To Craft Democracies* Giuseppe Di Palma, 1990-11-01 Is democracy a hot house plant Is it difficult to transplant it into new soil The fall of so many dictatorships in the last few years first in Southern Europe then in Latin America now in Eastern Europe opens new more optimistic perspectives on democratic development The crises of dictatorships and the search for a new political order offer fertile ground for an examination of how best to effect democratic transitions By focusing on the objective conditions that make democracy probable sociological and historical theories of democracy often lose sight of what is possible Here Giuseppe Di Palma instead explores those conciliatory political undertakings that political actors on all sides now engage in to make the improbable possible His emphasis is on political crafting in regard to constitutional choices to alliances and convergences between contestants to trade offs to the pacing of the transitions Di Palma also examines the reasons stalemate the high cost of repression a loss of goals international constraints and inducements that may motivate incumbents and nondemocratic political actors to accept democracy even in those cases as in Central America and Eastern Europe where acceptance would seem least likely An original and imaginative work that in the light of recent transitions challenges our assumptions about fledgling democracies and breaks new theoretical ground *To Craft Democracies* will appeal to anyone interested in the way we forge our political communities today

When people should go to the book stores, search commencement by shop, shelf by shelf, it is truly problematic. This is why we present the books compilations in this website. It will entirely ease you to look guide **Contemporary Portugal The Revolution And Its Antecedents** as you such as.

Contemporary Portugal The Revolution And Its Antecedents Introduction

In today's digital age, the availability of Contemporary Portugal The Revolution And Its Antecedents books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Contemporary Portugal The Revolution And Its Antecedents books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Contemporary Portugal The Revolution And Its Antecedents books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Contemporary Portugal The Revolution And Its Antecedents versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Contemporary Portugal The Revolution And Its Antecedents books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Contemporary Portugal The Revolution And Its Antecedents books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Contemporary Portugal The Revolution And Its Antecedents

books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Contemporary Portugal The Revolution And Its Antecedents books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Contemporary Portugal The Revolution And Its Antecedents books and manuals for download and embark on your journey of knowledge?

FAQs About Contemporary Portugal The Revolution And Its Antecedents Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Contemporary Portugal The Revolution And Its Antecedents is one of the best book in our library for free trial. We provide copy of Contemporary Portugal The Revolution And Its Antecedents in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Contemporary Portugal The Revolution And Its Antecedents. Where to download Contemporary Portugal The

Revolution And Its Antecedents online for free? Are you looking for Contemporary Portugal The Revolution And Its Antecedents PDF? This is definitely going to save you time and cash in something you should think about.
