Bestaire Damour:

Master Richard's Bestiary of Love and Response Richard (de Fournival),2000 This affordable reprint edition of the beautifully illustrated translation of Richard de Fournival's Bestiary of Love and the anonymous Response makes this medieval examination of the nature of love accessible to students and the general reader *Beasts of Love* Jeanette M. A. Beer,2003-01-01 In *Le Bestiaire d'amour* and the Response a medieval chancellor's erotic bestiary to a woman is countered by the woman's passionate protest against the cleric's misogynistic presuppositions Beer presents a close linear reading of the two literary texts *Le bestiaire d'amour et la response du bestiaire* Richard (de Fournival),2009 Au cours du second quart du XIIIe siècle Richard de Fournival, clerc rudit d'une ouverture d'esprit et d'une science d'un humaniste fin lettré et bibliophile dont le fonds manuscrit constituera une part importante de la première bibliothèque de Sorbonne, médecin alchimiste et poète, crée avec le Bestiaire d'Amour une œuvre en prose originale destinée à une fortune européenne considérable et immédiate sur le modèle mais en marge des bestiaires moralisés. Richard adapte le symbolisme animal, une casuistique courtoise qui illustre sous une forme pseudo-autobiographique les tapes et les infortunes d'une jeune amoureuse. Une soixantaine d'animaux empruntés à la tradition zoologique antique et médiévale viennent fixer par l'image autant que par la valeur emblématique que l'auteur leur impose les postures et les démarches de l'amant sincère et de la dame. Parmi les nombreuses imitations et adaptations que le Bestiaire d'Amour a suscitées, la Response se distingue en donnant crédit à l'autobiographie sous la forme d'un jeu parti parfois véritablement en défaveur de la dame ou des femmes victimes des manœuvres de séduction masculines. La présente édition prend appui sur plusieurs traductions qui ont profondément renouvelé l'approche critique de l'œuvre. **Le Bestiaire D'Amour** Richard,2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Emmerson,2013-10-18 From emperors and queens to artists and world travelers, from popes and scholars to saints and heretics, *Key Figures in Medieval Europe* brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Le Bestiaire D'amour Rime A. ED. Thordstein, **Stolen Song** Eliza Zingesser,2020-03-15 Stolen Song documents the act of cultural appropriation that created a founding moment for French literary history the rescripting and domestication of troubadour song a prestige corpus in the European sphere as French This book also documents the simultaneous creation of an alternative point of origin for French literary history a body of faux archaic Occitanizing songs Most scholars would find the claim that troubadour poetry is the origin of French literature uncomplicated and uncontroversial However Stolen Song shows that the Frenchness of this tradition was invented constructed and confected by francophone medieval poets and compilers keen to devise their own literary history Stolen Song makes a major contribution to medieval studies both by exposing this act of cultural appropriation as the origin of the French canon and by elaborating a new approach to questions of political and cultural identity Eliza Zingesser shows that these questions usually addressed on the level of narrative and theme can also be fruitfully approached through formal linguistic and manuscript oriented tools

Bestiaire D'amour. Love and Courtship Among Animals. (Translated by Cornelia Schaeffer. Illustrated by Pierre-Yves Trémois.). Jean Rostand,Cornelia SCHAEFFER,Pierre Yves TRÉMOIS,1961

Animal Skins and the Reading Self in Medieval Latin and French Bestiaries Sarah Kay,2017-02-24 Just like we do today people in medieval times struggled with the concept of human exceptionalism and the significance of other creatures Nowhere is this more apparent than in the medieval bestiary Sarah Kay s exploration of French and Latin bestiaries offers fresh insight into how this prominent genre challenged the boundary between its human readers and other animals Bestiaries present accounts of animals whose fantastic behaviors should be imitated or avoided depending on the given trait In a highly original argument Kay suggests that the association of beasts with books is here both literal and material as nearly all surviving bestiaries are copied on parchment made of animal skin which also resembles human skin Using a rich array of examples she shows how the content and materiality of bestiaries are linked due to the continual references in the texts to the skins of other animals as well as the ways in which the pages themselves repeatedly and at times it would seem deliberately intervene in the reading process A vital contribution to animal studies and medieval manuscript studies this book sheds new light on the European bestiary and its profound power to shape readers own identities

From Song to Book Sylvia Huot,2019-05-15 As the visual representation of an essentially oral text Sylvia Huot points out the medieval illuminated manuscript has a theatrical performative quality She perceives the tension between implied oral performance and real visual artifact as a fundamental aspect of thirteenth and fourteenth century poetics In this generously illustrated volume Huot examines manuscript texts both from the performance oriented lyric tradition of chanson courtoise or courtly love lyric and from the self consciously literary tradition of Old French narrative poetry She demonstrates that the evolution of the lyrical romance and dit narrative poems which incorporate thematic and rhetorical elements of the lyric was responsible for a progressive redefinition of lyric poetry as a written medium and the emergence of an explicitly written literary tradition uniting lyric and narrative poetics Huot first investigates the nature of the vernacular book in the thirteenth and fourteenth centuries analyzing organization page layout rubrication and illumination in a series of manuscripts She then describes the relationship between poetics and manuscript format in specific texts including works by widely read medieval authors such as Guillaume de Lorris Jean de Meun and Guillaume de Machaut as well as by lesser known writers including Nicole de Margival and Watriquet de Couvin Huot focuses on the writers characteristic modifications of lyric poetics their use of writing and performance as theme their treatment of the poet as singer or writer and of the lady as implied reader or listener and the ways in which these features of the text were elaborated by scribes and illuminators Her readings reveal how medieval poets and book makers conceived their common project and how they distinguished their respective roles

Alice Munro's Bestiary Héliane Ventura,2024-10-09 Taking its cue from medieval bestiaries this alphabet book is composed of 63 entries ranging from ADDER to WOLFHOOUNDS with each entry juxtaposing an image an excerpt from a story by Alice Munro and a commentary The images are reproduced from original medieval illuminations the excerpts feature an animal or a human being depicted through animal comparison and the commentaries highlight the way Munro suggests relationality between the human and the non human Munro troubles the boundaries between good and evil as she troubles the boundaries between human and non human Through the mask of the animal she effects a release from strict morality and proposes an uncommon and undomesticated representation of human life revolving on simultaneous transcendence and derision The volume will appeal to Munro scholars and to lovers of Alice Munro alike because it solves some of the enigmas set by her stories but suggests other riddles and more secrets

Repurposing Literary Romance Texts in Medieval Manuscripts Stefano Resconi,2025-02-10 Transcribing a text within a Medieval

manuscript was often not a culturally and ideologically neutral act The lack of direct control by the authors over the circulation of their works allowed scribes to employ particularly refined strategies aimed at assigning new functions and meanings to these texts which might appear very different from the original to the readers This could be achieved in various ways such as manipulating the configuration of the manuscript creating or emphasising textual connections within organised collections exploiting paratexts or making more significant alterations to the text itself This volume provides an overview of the primary ways in which textual repurposing and the consequent guiding of the reader are achieved within the manuscript tradition of Medieval Romance literary texts Each method is described and exemplified through detailed analysis of particularly significant cases which not only offer interesting insights into the perception of authorship in this literary context but also reveal unexpected ways through which manuscript compilers revitalise and enhance the communication of the works they handle This book will be of interest to readers of Romance Medieval literature Medieval manuscript culture and material philology

The Master and Minerva Helen Solterer, 2023-09-01 Can words do damage For medieval culture the answer was unambiguously yes And as Helen Solterer contends in French medieval culture the representation of women exemplified the use of injurious language Solterer investigates the debates over women between masters and their disciples Across a broad range of Old French literature to the early modern *Querelle des femmes* she shows how the figure of the female respondent became an instrument for disputing the dominant models of representing women The female respondent exploited the criterion of injurious language that so preoccupied medieval masters and she charged master poets ethically and legally with libel Solterer's work thus illuminates an early decisive chapter in the history of defamation Can words do damage For medieval culture the answer was unambiguously yes And as Helen Solterer

Introducing the Medieval Fox Paul Wackers, 2023-02-15 This book is an entertaining informative and enchanting introduction to its subject just as those medieval banes of the farmyard the Fox and the Vixen were enchanting in escapades from fables and funny tales from beastly epic poems and bestiaries and from medieval material culture in Danish wall paintings and Dutch manuscript illustrations and statues stained glass and Italian mosaics There exist books on medieval fox stories and on the animal's iconography which are important themes in this study but this book is the first holistic approach to all types of manifestations of foxes in medieval culture from medical recipes and fur trade to Bible commentaries and hunting manuals
