funny useful useless trivial profound and other facts about life earth the universe flora and fauna people language etymology and other stuff related to my Instagram posts pictures and or directly copied from their caption texts Bonus The origin of spreadfire What s the story behind the name This is the origin story of spreadfire It s mostly about the birth of the name and only tangential about the person behind the pseudonym Fear not for the messiah has come From Hope to Peace Andrew Falotico,2016-06-07 This book examines what I believe are Seven Divine Energies of the Universe I define these energies From Hope to Peace in a way that can be utilized by applying a formula called M A P Meditation Affirmation and Prayer Over a seven day period we will work together to empower you to achieve your goals of a balanced lifestyle Each day we will explore one of the Seven Divine Energies of Hope Belief Faith Forgiveness Gratitude Unconditional Love and Peace in detail using the M A P formula When you are ready to start your journey simply open the cover and begin *The Human Ideology* Valentin Matcas,2016-04-20 Ideologies are sets of beliefs and ideas determining closely your thinking judgment behavior and social interaction throughout life Ideologies may be religious social political national cultural educational spiritual traditional and scientific And if it ends in ism it is an ideology for certain as capitalism nationalism socialism and communism However all religions and schools of thought are ideologies and most of them do not end in ism Since when you have enclosed sets of beliefs meant to remain highly consistent among themselves and highly exclusive keeping you within while criticizing and attacking the rest then these are ideologies Cults have their own ideologies at their base along with entire regimes and political parties scientific organizations social hierarchies including hierarchic Brotherhoods and entire nations The major difference between ideological thinking and normal natural thinking is that ideologies restrain your cognition to specific artificial predetermined sets of beliefs for various reasons And this gives ideologies their specific artificial consensual enforced structure as opposed to normal reasoning and normal behavior which remain genuine and unrestricted Since this is the difference between freedom and servitude between the accurate and the consensual and between genuine fulfillment and hierarchic assignments And many times ideologies state upfront that they are based on beliefs and consensus that you have to serve someone or something in that ideology that you have to follow specific rules and beliefs or that you have to state specific oaths and attend specific rituals and ceremonies And so you do for someone remarkable or for your own good or for the good of your own kind but you have to do so exactly as stated in the ideology And sometimes it is good and sometimes dreadful while the other ideologies are always dreadful but not yours While it always upsets you when anyone challenges your ideology in any manner which is another detail defining ideologies consistently Are ideologies good or bad in this world They are certainly good mostly yours since they mean the world to you And they are fake irrelevant and even harmful but the other ideologies never yours And as you already notice it depends on your own perspective while the good and the bad in this world should relate to the world itself If not you end up following your own wellbeing and gratification in this world and throughout life or the wellbeing and gratification of your remarkable authority or of your own kind or of all followers of this

ideology but not of the entire world with you included And this is the bad part for the rest of the world because it triggers discrimination exploitation and consequently implicit extermination This is a main characteristic of all remarkable ideologies and this is exactly what harms this world Throughout this book we study ideologies in all details and from all perspectives in order to identify and understand them just to be able to protect yourself and this world from them Because if thoughts can harm you in any manner then ideologies certainly can since they may bring this world to discrimination servitude and totalitarianism as they always do
