Biographical Sketches *Contemporary Jewish Civilization* Gideon Shimoni,1985 *Reader's Guide to Judaism* Michael Terry,2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **Contemporary Jewish Philosophies** William E. Kaufman,1992 Here is a systematic critique of the theological and philosophical views of the major Jewish thinkers of the 20th century The pattern of the book is one of challenge and response with the purpose of activating the mind of the reader to the vital issues of Jewish theology in our own time New forms of Jewish philosophic inquiry in response to the Holocaust the American Jewish experience and the establishment of the state of Israel makes necessary a clear and comprehensive framework in which contemporary Jewish thought may be studied Kaufman traces the effects of this new stage of philosophical thinking through the writings of such luminaries as Franz Rosenzweig Martin Buber Leo Baeck and Mordecai Kaplan as well as seeking the sources of the thought of such contemporary figures as Emil Fackenheim Jacob Agus Arthur Cohen Eugene Borowitz Richard Rubenstein and Abraham Joshua Heschel in the traditional roots of covenant salvation and transcendence **Gendering Modern Jewish Thought** Andrea Dara Cooper,2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In *Gendering Modern Jewish Thought* Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all male fraternity of twentieth century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non normative individuals *Gendering Modern Jewish Thought* suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters *Rethinking the Messianic Idea in Judaism* Michael L. Morgan,Steven Weitzman,2014-11-28 Over the centuries the messianic tradition has provided the language through which modern Jewish philosophers socialists and Zionists envisioned a utopian future Michael L Morgan Steven Weitzman and an international group of leading scholars ask new questions and provide new ways of thinking about this enduring Jewish idea Using the writings of Gershom Scholem which ranged over the history of messianic belief and its conflicted role in the Jewish imagination these essays put aside the boundaries that divide history from philosophy and religion to offer new perspectives on the role and relevance of messianism today **The Oxford Handbook of Jewish Studies** Martin Goodman,Jeremy Cohen,David Sorkin,2002 This

volume on Jewish studies presents surveys of today's interests and directions in the humanities and social sciences. It covers the main areas taught and researched as part of Jewish studies in universities throughout the world especially in Europe, the US and Israel. *Nietzsche, Soloveitchik, and Contemporary Jewish Philosophy* Daniel Rynhold, Michael J. Harris, 2018-06-28

What does one do as a Jewish philosopher if one is convinced by much of the Nietzschean critique of religion? Is there a contemporary Jewish philosophical theology that can convince in a post-metaphysical age? The argument of this book is that Rabbi Joseph Soloveitchik 1903-1993, the leading twentieth-century exponent of Modern Orthodoxy, presents an interpretation of halakhic Judaism grounded in traditional sources that brings a life-affirming Nietzschean sensibility to the religious life. Soloveitchik develops a form of Judaism replete with key Nietzschean ideas which parries Nietzsche's critique by partially absorbing it. This original study of Soloveitchik's philosophy highlights his unique contribution to Jewish thought for students and scholars in Jewish studies while also revealing his wider significance for those working more broadly in fields such as philosophy and religious studies. **Jews** Alan Unterman, 1999-01-01 An introduction to Jewish beliefs and practices demonstrating that Judaism is a living religion which retains the vitality found in the Biblical corpus but which has gone on to develop institutions, modes of behaviour and ideas which constitute the singularity of Jewish expression. **An Introduction to Modern Jewish Thinkers** Alan T. Levenson, Roger C. Klein, 2006-01-11 Highlighting well-known Jewish thinkers from a very wide spectrum of opinion, the author addresses a range of issues including: What makes a thinker Jewish? What makes modern Jewish thought modern? How have secular Jews integrated Jewish traditional thought with agnosticism? What do Orthodox thinkers have to teach non-Orthodox Jews and vice versa? Each chapter includes a short judiciously chosen selection from the given author along with questions to guide the reader through the material. Short biographical essays at the end of each chapter offer the reader recommendations for further readings and provide the low-down on which books are worth the reader's while. *Introduction to Modern Jewish Thinkers* represents a decade of the author's experience teaching students ranging from undergraduate age to their seventies. This is an ideal textbook for undergraduate classes. **Eliezer Schweid: The Responsibility of Jewish Philosophy** Hava Tirosh-Samuelson, Aaron W. Hughes, 2013-06-06 This volume features Eliezer Schweid's philosophy of Judaism for a secular age. The volume brings together four of Schweid's most original and influential philosophical essays and an interview with him that together express his fundamental outlook: the faith of a secular Jew freely choosing loyalty to his or her national culture and drawing on Jewish heritage to inform how to act responsibly toward one's neighbor, one's people, the world and God. The themes span the gamut of Schweid's life work: the existential loneliness of the modern Jew, Judaism as a culture-faith in light of the Holocaust and appreciation for secular humanism with awareness of its shortcomings given the enduring legacy of the Jewish biblical heritage. *The Routledge Companion to Jewish Philosophy* Daniel Rynhold, Tyron Goldschmidt, 2025-05-02 *The Routledge Companion to Jewish Philosophy* is a deep and broad reference that brings diverse perspectives to bear on the key topics, problems and debates in

Jewish philosophy and philosophical theology The 37 chapters were written by an international team of experts from different traditions in philosophy and beyond and appear in print for the first time in this Companion The chapters are divided into ten major sections God Humanity From God to Us From Us to God Jewish Mysticism Faith and Reason Judaism and Normativity Judaism and Politics Judaism and Other Faiths Times and Trends A list of Related Topics at the end of each chapter and a comprehensive index at the back of the volume help readers navigate the Companion and Further Reading sections at the end of each chapter identify the best avenues for future research The volume is essential reading for students and scholars interested in Jewish philosophy theology religious studies and related subjects **Applying Jewish Ethics** Jennifer A. Thompson, Allison B. Wolf, 2022-12-13 Applying Jewish Ethics Beyond the Rabbinic Tradition introduces the reader to applied ethics and examines various social issues from contemporary and largely underrepresented Jewish ethical perspectives The chapters explain and apply Jewish ethical ideas to contemporary issues connected to racial justice immigration gender justice queer identity and economic and environmental justice in ways that illustrate their relevance for Jews and non Jews alike

If you ally need such a referred **Contemporary Jewish Thought A Reader** books that will pay for you worth, acquire the completely best seller from us currently from several preferred authors.
