Continuity Of Feudal Power The Caracciolo Di Brienza In Spanish Naples:

The Continuity of Feudal Power Tommaso Astarita,1992 **The Caracciolo Di Brienza in Spanish Naples** Tommaso Astarita,1988 **The New Christians of Spanish Naples 1528-1671** P. Mazur,2013-05-30 This study reveals the more complex reality of Early Modern Naples than what has commonly been represented in which royal representatives in the city came to depend on the assistance of a series of merchants financiers and bureaucrats who shared a common identity as conversos descendants of converted Jews **Defiled Trades and Social Outcasts** Kathy Stuart,1999 This book presents a social and cultural history of dishonourable people unehrliche Leute an outcast group in early modern Germany Executioners skinners grave diggers shepherds barber surgeons millers linen weavers sow gelders latrine cleaners and bailiffs were among the dishonourable by virtue of their trades This dishonour was either hereditary often through several generations or it arose from ritual pollution whereby honourable citizens could become dishonourable by coming into casual contact with members of the outcast group The dishonourable milieu of the city of Augsburg from the sixteenth to the eighteenth centuries is reconstructed to show the extent to which dishonour determined the life chances and self identity of dishonourable people The book then investigates how honourable estates interacted with dishonourable people and how the pollution anxieties of early modern Germans structured social and political relations within honourable society *Patronage and Dynasty* Ian F. Verstegen,2007-03-01 This collection of essays offers a thorough study of the patron artist relationship through the lens of one of early modern Italy s most powerful and influential historical families Contributors present a longitudinal study of the della Rovere family s ascent into Italian nobility The della Rovere was a family of popes cardinals and powerful dukes who financed some of the world s best known and greatest artwork The essays explore the issue of identity and its maintenance of carving a permanent spot for a family name in a rapidly changing atmosphere Although these studies depart from art patronage they uncover how the popes cardinals dukes and signore of the della Rovere family constituted their identity Originally a nouveau riche creation of papal nepotism the della Rovere first populated the ranks of cardinals under the powerful popes Sixtus IV and Julius II Within the framework of later papal relations the family negotiated its position within the economy of Italian nobles **The Medieval World** Peter Linehan,Janet L. Nelson,Marios Costambeys,2018-02-01 Ranging from Connacht to Constantinople and from Tynemouth to Timbuktu the forty four contributors to *The Medieval World* seek to bring the Middle Ages to life offering definitive appraisals of the distinctive features of the period This second edition includes six additional chapters covering the Byzantine empire illuminated manuscripts the sprit la que of the late middle ages saints and martyrs the papal chancery and scholastic thought Chapters are arranged thematically within four parts 1 Identities Selves and Others 2 Beliefs Social Values and Symbolic Order 3 Power and Power Structures 4 Elites Organisations and Groups *The Medieval World* presents the reader with an authoritative account of original scholarship across the medieval millennium and provides essential reading for all students

of the subject *The European Nobility, 1400-1800* Jonathan Dewald, 1996-05-16 An authoritative and accessible survey of the European nobility over four centuries *Cultures of Conflict Resolution in Early Modern Europe* Stephen Cummins, Laura Kounine, 2017-05-15 Disputes discord and reconciliation were fundamental parts of the fabric of communal living in early modern Europe This edited volume presents essays on the cultural codes of conflict and its resolution in this period under three broad themes peacemaking as practice the nature of mediation and arbitration and the role of criminal law in conflicts Through an exploration of conflict and peacemaking this volume provides innovative accounts of state formation community and religion in the early modern period Justice and Society in the Highlands of Scotland Charles Fletcher, 2021-10-25 This book fills a significant gap in our current understanding of early modern Scottish history It is the first systematic consideration of the workings of seigneurial courts of feudal lords in 18th century Scotland For several hundred years these courts were one of the main forums for justice across Europe Until 1748 Scottish courts of barony and regality handled both criminal complaints and civil disputes they made by laws and levied taxes they set wages and enforced morality The 18th century was a time of epoch defining events in Scotland such as the Jacobite rebellions and union with England The amount of literature on this period of Scottish history is extensive it is therefore remarkable that the story of these courts has been left untouched **The Military Revolution and the Trajectory of Spain: War, State and Society 1500-1700** I.A.A. Thompson, 2020-12-21 I A A Thompson Emeritus Fellow of the Royal Historical Society is the author of *War and Government in Habsburg Spain* a seminal study of the impact of war on the development of the state in Spain in the 16th and 17th centuries In this volume he reprints for an English readership ten essays examining the implications for government the financial system and Spain's position in Europe of the fundamental changes in the art and practice of war both on land and at sea that took place during this period This Military Revolution has been one of the most contentious debates among historians for the last fifty years but little attention has so far been paid to Spain itself despite her predominance in Europe for much of the period These essays are designed to correct that omission and to assist in a fuller understanding both of the Military Revolution and of the strengths and weaknesses of the Spanish state *The Site of Petrarchism* William J. Kennedy, 2003-08-15 Drawing upon poststructuralist theories of nationalism and national identity developed by such writers as Etienne Balibar Emmanuel Levinas Julia Kristeva Antonio Negri and Slavoj Žižek noted Renaissance scholar William J. Kennedy argues that the Petrarchan sonnet serves as a site for early modern expressions of national sentiment in Italy France England Spain and Germany Kennedy pursues this argument through historical research into Renaissance commentaries on Petrarch's poetry and critical studies of such poets as Lorenzo de' Medici Joachim du Bellay and the Pléiade brigade Philip and Mary Sidney and Mary Wroth Kennedy begins with a survey of Petrarch's poetry and its citation in Italy explaining how major commentators tried to present Petrarch as a spokesperson for competing versions of national identity He then shows how Petrarch's model helped define social class political power and national identity in mid sixteenth century

France particularly in the nationalistic sonnet cycles of Joachim Du Bellay Finally Kennedy discusses how Philip Sidney and his sister Mary and niece Mary Wroth reworked Petrarch's model to secure their family's involvement in forging a national policy under Elizabeth I and James I Treating the subject of early modern national expression from a broad comparative perspective *The Site of Petrarchism* will be of interest to scholars of late medieval and early modern literature in Europe historians of culture and critical theorists Richard Helgerson

Gender, Law and Economic Well-Being in Europe from the Fifteenth to the Nineteenth Century Anna Bellavitis, Beatrice Zucca Micheletto, 2018-07-04 This book offers a comparative perspective on Northern and Southern European laws and customs concerning women's property and economic rights By focusing on both Northern and Southern European societies these studies analyse the consequences of different juridical frameworks and norms on the development of the economic roles of men and women This volume is divided into three parts The first *Laws* presents general outlines related to some European regions the second *Family strategies or marital economies* questions the potential conflict between the economic interests of the married couple and those of the lineage within the nobility finally the third part of the book *Inside the urban economy* focuses on economic and work activities of middle and lower classes in the urban environment The assorted and rich panorama offered by the history of the legislation on women's economic rights shows that similarities and differences run through Europe in such a way that the North-South model looks very stereotyped While this approach calls into question classical geographical and cultural maps and well established chronologies it encourages a reconsideration of European history according to a cross boundaries perspective By drawing on a wide range of social economic and cultural European contexts from the late medieval to early modern age to the nineteenth century and including the middle and lower classes especially artisans merchants and traders as well as the economic practices and norms of the upper middle class and aristocracy this book will be of interest to economic and social historians sociologists of health gender and sexuality and economists

Vico and Naples Barbara Ann Naddeo, 2011-03-15 Vico and Naples is an intellectual portrait of the Neapolitan philosopher Giambattista Vico 1668-1744 that reveals the politics and motivations of one of Europe's first scientists of society According to the commonplaces of the literature on the Neapolitan Vico was a solitary figure who at a remove from the political life of his larger community steeped himself in the recondite debates of classical scholarship to produce his magnum opus the *New Science* Barbara Ann Naddeo shows however that at the outset of his career Vico was deeply engaged in the often tumultuous life of his great city and that his experiences of civic crises shaped his inquiry into the origins and development of human society With its attention to Vico's historical rhetorical and jurisprudential texts this book recovers a Vico who was keenly attuned to the social changes transforming the political culture of his native city He understood the crisis of the city's

corporate social order and described the new social groupings that would shape its future In Naddeo's pages Vico comes alive as a prescient judge of his city and the political conundrum of Europe's burgeoning metropolises He was dedicated to the acknowledgment and juridical remedy of Naples' vexing social divisions and ills Naddeo also presents biographical vignettes illuminating Vico's role as a Professor of Rhetoric at the University of Naples and his bid for the prestigious Morning Chair of Civil Law which foundered on the directives of the Habsburgs and the politics of his native city Rich with period detail this book is a compelling and vivid reconstruction of Vico's life and times and of the origins of his powerful notion of the social

The Other Prussia Karin Friedrich, 2006-11-02 This book considers the phenomenon of nation building before the age of modern nationalism It focuses on royal Polish Prussia the other Prussia a province of the Polish Lithuanian Commonwealth from 1466 to 1772 and its major cities Danzig Thorn and Elbing As an integral part of the Polish state the Prussian estates took pride in their separate institutions and privileges Although its urban elites became predominantly Protestant and German speaking

they formulated a republican identity deliberately hostile to the competing monarchical dynastic myth in neighbouring ducal Prussia ruled by the Brandenburg Hohenzollerns from 1618 After 1700 the Polish crown increasingly antagonized the Prussian burghers by its centralizing policies and its failure to protect the integrity of the Commonwealth's borders The decline of Poland and the partitions of 1772-93 guaranteed that it was not the tradition of liberty but the Hohenzollern version of Prussian identity that survived into the modern era Joint winner of the Orbis book prize The American Association for the Advancement of Slavic Studies *The Reformation and Rural Society* C. Scott Dixon, 2002-05-02 What was the effect of the Reformation movement on the parishioners of the German countryside This book examines the reform movement at the level of its implementation the rural parish Investigation of the Reformation and the sixteenth century parish reveals the strength of tradition and custom in village life and how this parish culture obstructed and frustrated the efforts of the Lutheran reformers The Reformation was not passively adopted by the rural inhabitants On the contrary the parishioners manipulated the reform movement to serve their own ends Parish documentation reveals that the system of parish rule diffused the disciplinary aims of the church and rendered the pastors impotent A look at parish beliefs suggests that the nature of parish thought worked to undermine the main tenets of the Lutheran faith and that the legacy of the Reformation was a dialogue between these two realms of experience **Healers and Healing in Early Modern Italy** David Gentilcore, 1998 How did people of the past explain and deal with illness This pioneering new book explores the wide range of healers and forms of healing in the southern half of the Italian peninsula that was the kingdom of Naples between 1600 and 1800 Drawing on numerous sources the book uncovers religious and popular ideas about disease and its causation and cures and uncovers new territory in the history of medicine
