A Cornish Childhood Alfred Leslie Rowse,1942 **A Cornish childhood** Alfred L. Rowse,1974 **A Cornish Childhood** Alfred Leslie Rowse,1945 *A Cornish Childhood* ,1979 **The Cornish Family** Bernard Deacon,2004-06 In the best of times and in darker days the strong family unit is one of the most valuable building blocks of our societies The Cornish family in its individuality in its far flung breadth and with its sense of worldwide community is a vigorous example of this truth In this magnificent book Dr Bernard Deacon explores who we are our forefathers and our descendants where we come from and where we are headed and how these major themes are expressed in the meaning of our names **A Cornish Anthology** Alfred Leslie Rowe,1968-11-01 Young Children's Play and Environmental Education in Early Childhood Education Amy Cutter-Mackenzie,Susan Edwards,Deborah Moore,Wendy Boyd,2014-01-18 In an era in which environmental education has been described as one of the most pressing educational concerns of our time further insights are needed to understand how best to approach the learning and teaching of environmental education in early childhood education In this book we address this concern by identifying two principles for using play based learning early childhood environmental education The principles we identify are the result of research conducted with teachers and children using different types of play based learning whilst engaged in environmental education Such play types connect with the historical use of play based learning in early childhood education as a basis for pedagogy In the book *Beyond Quality in ECE and Care* authors Dahlberg Moss and Pence implore readers to ask critical questions about commonly held images of how young children come to construct themselves within social institutions In similar fashion this little book problematizes the taken for grantedness of the childhood development project in service to the certain cultural narratives Cutter Mackenzie Edwards Moore and Boyd challenge traditional conceptions of play based learning through the medium of environmental education This book signals a turning point in social thought grounded in a relational view of environmental education as experiential intergenerational interspecies embodied learning in the third space As Barad says such work is based in inter actions that can account for the tangled spaces of agencies Through the deceptive simplicity of children s play the book stimulates deliberation of the real purposes of pedagogy and of schooling Paul Hart University of Regina Canada **A Grain of Sand** Erma Harvey James,1976 **Roads to Childhood** Anne Carroll Moore,1920 **A Cornish Childhood, 1935-1947** Anne Burley,1994-01-01 The Last of the Celts Marcus Tanner,2004-01-01 The author of *Ireland's Holy Wars* journeys through the Celtic world to discover the Celtic past and what remains of the authentic culture today discovering that Celtic revival is largely misplaced and that the threats to the world's Celtic communities and culture are relentless **At the Lost and Found** Edward Curtin,2025-03-01 *At the Lost and Found* is a dazzling exploration of the most important issues of our time written in a style that defies categorization Open it at any chapter and you will be hooked by themes and sentences that are a moveable feast for head heart and spirit Each chapter is like a river journey that will twist and turn your mind down

unexpected tributaries that you never thought to follow And when you reach the end you will realize you have been traveling one mighty river and all your meandering thoughts and reveries have transported you past places called Lost and Found where you stopped briefly to satisfy your immense hunger for understanding and meaning in a world gone mad Reading Edward Curtin is a feast of many complementary dishes served human family style His writing is truly unique fusing the political with the personal art with astute objective analyses and the tragic with the comic From a detailed critique of the Internet and cell phones one passes effortlessly to the linked bewitchment of CIA propaganda and its assassinations of President Kennedy and the Reverend Martin Luther King Jr There are highlights on pot shops and lowlifes Donld Rumsfeld and Allen Dulles meditations on time remembering and forgetting the endless evil of U S wars waged around the world nuclear war and Trident submarines Leftist betrayals the U S war against Russia through Ukraine capitalism and consumerism the Israeli genocide of Palestinians the corruption of the U S political system the connection between bread rebellion and the search for happiness Bob Dylan music basketball and much more This feast of complementary dishes is moving and memorable Like the mighty river journey it will bring you to a place of gratitude Unlike straightforward political analyses At the Lost and Found weaves politics through the personal and every person s search for understanding happiness and hope in a world on the edge of an abyss Slyly laced within it one will find the author s personal story lightly limned to suggest that Thoreau was right to remind us that it is always the first person that is speaking not some disembodied purely objective abstraction Curtin s writing follows in the tradition of other essayists who saw life whole such as James Baldwin John Berger and Albert Camus Add a touch of sly wit whimsy and storytelling and you have the ingredients that make At the Lost and Found a tour de force

Religion and Spirituality in the Life Cycle James Gollnick,2005 In recent years profound changes have affected the way people view the role of religion and spirituality in the life cycle For many people spirituality always considered an essential part of religion has become an interest no longer tied to organized religion This book addresses the evolving relationship of spirituality to religion in our time and the consequences of this change for understanding personality development It also applies the concept of implicit religion to show how the least easily observed aspects of religion are at work in the growth of personality

The Oxford Handbook of Intellectual Disability and Development Jacob A. Burack,2012 We know considerably more about persons with intellectual disability than we did even a decade ago Seeking to improve and increase upon this knowledge this book provides a map to continue sophisticated and precise research to inspire professionals involved with intellectual disability and to better the lives of persons affected by it

Men and Menswear Laura Ugolini,2017-03-02 Despite increasing academic interest in both the study of masculinity and the history of consumption there are still few published studies that bring together both concerns By investigating the changing nature of the retailing of menswear this book illuminates wider aspects of masculine identity as well as patterns of male consumption between the years 1880 and 1939 While previous historical studies of masculinity have focused

overwhelmingly on the moral spiritual and physical characteristics associated with notions of manliness this book considers the relationship between men and activities which were widely considered to be at least potentially unmanly selling as well as buying clothes thus shedding new light on men s lives and identities in this period **Folklore of Cornwall** Tony Deane,Tony Shaw,2009-03-01 Standing alone at the bottom tip of England and despite the enormous influx of tourists it receives each year Cornwall boasts many unique traditions This volume touches on the wide variety of legends songs and stories and their relationship with the rugged landscape from standing stones and tales of sea monsters and mermaids to ghosts fairies and giants The book looks at pagan ceremonies and old traditions and the very Cornish love of singing It further discusses the Cornish tongue and the old language of Cornwall And of course no study of Cornwall would be complete without some consideration of King Arthur and his legacy upon the folklore of the county *Bread Winner* Emma Griffin,2020-04-14 The overlooked story of how ordinary women and their husbands managed financially in the Victorian era and why so many struggled despite increasing national prosperityNineteenth century Britain saw remarkable economic growth and a rise in real wages But not everyone shared in the nation s wealth Unable to earn a sufficient income themselves working class women were reliant on the breadwinner wage of their husbands When income failed or was denied or squandered by errant men families could be plunged into desperate poverty from which there was no escape Emma Griffin unlocks the homes of Victorian England to examine the lives and finances of the people who lived there Drawing on over 600 working class autobiographies including more than 200 written by women Bread Winner changes our understanding of daily life in Victorian Britain Biography across the Digitized Globe ,2025-02-27 This volume is dedicated to Professor Hans Renders founder of the Biography Institute of the University of Groningen the Netherlands Throughout his academic career Renders witnessed a reflexive turn in historical research biographers became more open about the limitations of their sources and the subjective nature of their selection Over this same period however the availability of digital sources has increased exponentially which has profound implications for biographical research and the transnational framework used to approach the genre Through its thirteen thought provoking essays this work seeks to make an intervention in Biography Studies by bringing the well developed reflexive tradition to bear on the pressing challenge of proliferating digitized sources The Great Western Beach Emma Smith,2012-11-05 _____ Emma Smith has written a book that should and I hope does endure as a classic among memoirs of childhood I savoured every page Miranda Seymour Evening Standard A wonderful book full of unexpected effects and I suspect that it will become a classic of the genre so sincerely compassionate that I honestly can t read it without weeping Lynne Truss Sunday Times Evocative witty and profoundly moving Daily Telegraph Deserves to become an overnight classic and to find a home at holiday cottage bedsides from St Ives to Great Yarmouth Patrick Gale author of Notes on an Exhibition _____ The Great Western Beach is Emma Smith s wonderfully atmospheric memoir of a 1920s childhood in Newquay Cornwall She recalls the rocks the sea the beaches the

picnics the teas and pasties the bracing walks the tennis tournaments and bathing parties the curious residents and fascinating holiday makers relishing every glorious salty detail But above all this is a portrait of a family from the astonishingly clear eyed perspective of a nine year old girl her furious frustrated father perpetually on his way to becoming a world famous artist but suffering the indignity of being a lowly bank clerk her beautiful unperceptive mother made for better things perhaps but at least with three fianc s killed in the Great War married with children at last the twins fearless defiant Pam and sickly bewildered Jim for whom life is always an uphill climb and baby Harvey brought on the same winds of change that mean that life with all its complication and wonder cannot stay still and the Cornish playground of Emma s childhood will one day be lost forever

Atlantic Childhoods in Global Contexts Audra DipTEE,David Trotman,2018-02-02 Atlantic Childhoods in Global Contexts explores childhood and youth in the Global South The term childhood often conjures images of innocence vulnerability and the need for protection but this book suggests that in colonial contexts these images need to be re examined In fact as the articles in this collection demonstrate deviance culpability and a presumed autonomy were the more popular notions of childhood in the colonial context These notions were held by the various actors in the colonial drama not only colonial officials but interestingly enough often by the colonized people themselves Furthermore traditional notions of childhood as a period of total dependency are challenged in this collection as the various authors explore the ways in which children were pro active agents who shaped notions of childhood and therefore our understanding of the history of childhood This collection provides in depth analysis and offers new perspectives on how children were imagined and constructed both legally and informally in the colonial context The contributions cover a broad geographic range that spans the Caribbean Latin America Africa and India Each of the authors explore the ways in which the interplay of Atlantic and Global influences shaped young people s experiences as well as the discourses that were used to articulate concerns about youth The themes explored in this collection include the pathologization of childhood juvenile delinquency cultural creativity and the use of child labour The book ends with an interview by Sara Austin of World Vision Canada who discusses the ways in which the UN Convention on the Rights of the Child neglected to include the voices of children until 2014 This book was originally published as a special issue of Atlantic Studies Global Currents
