Copland On Music

Carol A. Hess

Copland On Music:

Music and Imagination Aaron Copland, 1952 Describes the all important role of the imagination in the composition performance appreciation and intelligent comprehension of music and surveys its influence on contemporary music The Music of Aaron Copland Neil Butterworth, 1985 First survey of Copland's entire output for some 30 years a period seeing some of his most important works Aaron Copland was one of the twentieth century's most popular and distinguished composers Copland was born in 1900 in Brooklyn where he began his musical career before moving to the Paris in the 1920s where Stravinsky Prokofiev and Les Six were the centre of attention On his return to the United States at the end of the decade he began to produce a series of works which could leave no one in any doubt that American composers were capable of writing music equal to the best of their European contemporaries This chronological survey of Copland's work discusses ever one of his compositions and examines his influential writings on music Profusely illustrated with music examples and photographs it includes a conversation on the piano music with Aaron Copland and Leo Smit and also features sketches of Copland in rehearsal by Milein Cosman NEIL BUTTERWORTH was formerly Head of Music at Napier College Edinburgh

Aaron Copland Marta Robertson, Robin Armstrong, 2003-08-27 Aaron Copland 1900-1990 is generally considered the most popular and well known composer of American art music and yet little scholarly attention has been paid to Copland since the 1950s This volume begins with a portrait of the composer and an evaluation of significant research trends which is intended to fill a void and to suggest directions for further research The guide also provides a section discussing Copland's interdisciplinary interests such as ballet and film work as well as a comprehensive bibliography of writings about Copland and his music *Copland on Music* Aaron Copland, 1960 **Aaron Copland** Howard Pollack, 1999-03-15 The full richness of this American composer's life and accomplishments is detailed in this candid and fascinating portrait Aaron Copland Richard Kostelanetz, 2021-12-16 This book presents a selection of the best writings of the American composer and music legend Aaron Copland on a wide variety of topics It features excerpts from his correspondence and recommendations he wrote for other composers *What to Listen For in Music* Aaron Copland, 2011-02-01 Now in trade paperback The definitive guide to musical enjoyment Forum In this fascinating analysis of how to listen to both contemporary and classical music analytically eminent American composer Aaron Copland offers provocative suggestions that will bring readers a deeper appreciation of the most viscerally rewarding of all art forms **Music for the Common Man : Aaron Copland during the Depression and War** Elizabeth B. Crist Assistant Professor of Musicology University of Texas at Austin, 2005-10-27 In the 1930s Aaron Copland began to write in an accessible style he described as imposed simplicity Works like *El Salon Mexico* *Billy the Kid* *Lincoln Portrait* and *Appalachian Spring* feature a tuneful idiom that brought the composer unprecedented popular success and came to define an American sound Yet the cultural substance of that sound the social and political perspective that might be heard within these familiar pieces has until now been largely overlooked While it has long been

acknowledged that Copland subscribed to leftwing ideals *Music for the Common Man* is the first sustained attempt to understand some of Copland's best known music in the context of leftwing social political and cultural currents of the Great Depression and Second World War Musicologist Elizabeth Crist argues that Copland's politics never merely accorded with mainstream New Deal liberalism wartime patriotism and Communist Party aesthetic policy but advanced a progressive vision of American society and culture Copland's music can be heard to accord with the political tenets of progressivism in the 1930s and 40s including a fundamental sensitivity toward those less fortunate support of multiethnic pluralism belief in social democracy and faith that America's past could be put in service of a better future Crist explores how his works wrestle with the political complexities and cultural contradictions of the era by investing symbols of America the West folk song patriotism or the people with progressive social ideals Much as been written on the relationship between politics and art in the 1930s and 40s but very little on concert music of the era *Music for the Common Man* offers fresh insights on familiar pieces and the political context in which they emerged

Copland on Music Aaron Copland (American composer, writer on music, pianist, conductor and teacher),1961

Aaron Copland and His World Carol J. Oja,Judith Tick,2018-06-05

Aaron Copland and His World reassesses the legacy of one of America's best loved composers at a pivotal moment as his life and work shift from the realm of personal memory to that of history This collection of seventeen essays by distinguished scholars of American music explores the stages of cultural change on which Copland's long life 1900 to 1990 unfolded from the modernist experiments of the 1920s through the progressive populism of the Great Depression and the urgencies of World War II to postwar political backlash and the rise of serialism in the 1950s and the cultural turbulence of the 1960s Continually responding to an ever changing political and cultural panorama Copland kept a firm focus on both his private muse and the public he served No self absorbed recluse he was very much a public figure who devoted his career to building support systems to help composers function productively in America This book critiques Copland's work in these shifting contexts The topics include Copland's role in shaping an American school of modern dance his relationship with Leonard Bernstein his homosexuality especially as influenced by the writings of Andr  Gide and explorations of cultural nationalism Copland's rich correspondence with the composer and critic Arthur Berger who helped set the parameters of Copland's reception is published here in its entirety edited by Wayne Shirley The contributors include Emily Abrams Paul Anderson Elliott Antokoletz Leon Botstein Martin Brody Elizabeth Crist Morris Dickstein Lynn Garafola Melissa de Graaf Neil Lerner Gail Levin Beth Levy Vivian Perlis Howard Pollack and Larry Starr

Aaron Copland Arthur Berger,1971

Copland Connotations Peter Dickinson,2002 A mine of information for both general and specialist readers about the life and work of one of America's greatest composers

Copland Aaron Copland,1990-11-01

Music and Imagination Aaron Copland,1963-05-01 One of the most forthright and talented of American composers writes here of the part played by the freely imaginative mind in composing performing and listening to music He urges more frequent performance and more

sensitive hearing of the music of new composers He discusses sound media new and old and looks toward a musical future in which the timbres and intensities developed by the electronic engineer may find their musical shape and meaning He considers the twentieth century revolt against classical form and tonality and the recent disturbing political interference with the form and content of music He analyzes American and contemporary European music and the flowering of specifically Western imagination in Villa Lobos and Charles Ives The final chapter is an account partially autobiographical of the composer who seeks to find in an industrial society like that of the United States justification for the life of art in the life about him Mr Copland whose spectacular success in arriving at a musical vernacular has brought him a wide audience will acquire as many readers as he has listeners with this imaginatively written book **Copland** Aaron Copland, Vivian Perlis, 1999 This first volume charting the early years of the legendary composer's life is repackaged for the centenary of his birth *Aaron Copland's Appalachian Spring* Annegret Fauser, 2017 A commission and its context The creation of a dance piece Appalachian spring performed Americana between war and peace An American icon **Music and Imagination, by Aaron Copland** Aaron Copland, 1953 **Aaron Copland and the American Legacy of Gustav Mahler** Matthew Mugmon, 2019 Although Aaron Copland 1900 1990 is often credited with creating an unmistakably American musical style he was strongly attracted to the music of Gustav Mahler Drawing extensively on archival and musical materials this is the first detailed exploration of Copland's multifaceted relationship with Mahler's music and its lasting consequences for music in America Matthew Mugmon demonstrates that Copland inspired by Mahler's example blended modernism and romanticism in shaping a vision for American music in the twentieth century and that he did so through his multiple roles as composer teacher critic and orchestral tastemaker Copland's career long engagement with Mahler's music intersected with Copland's own Jewish identity and with his links to such towering figures in American music as Nadia Boulanger Serge Koussevitzky and Leonard Bernstein *Aaron Copland's America* Gail Levin, Judith Tick, 2000 Published in conjunction with an exhibition at the Heckscher Museum in Huntington New York Aaron Copland's America is a collaboration between two well known and highly esteemed scholars art historian Gail Levin and musicologist Judith Tick whose complementary essays focus on respectively Copland's interactions with the art world visual and otherwise and on his music The book documents Copland's friendships with painters such as Georgia O'Keeffe and Diego Rivera photographers Alfred Stieglitz and Paul Strand composers Virgil Thomson and Igor Stravinsky choreographers Martha Graham and Agnes de Mille and writers Hart Crane and Gertrude Stein exploring the direct exchange of ideas these relationships engendered and examining esthetic and intellectual parallels between their work and Copland's At the same time it looks at how Copland's fascination with folk and popular culture native arts jazz cinema and the search for an American national art gave form to his music which sprang not only from his personal talent but also from connections to the powerful creative forces around him BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Aaron Copland in Latin America** Carol A.

Hess,2023-06-06 Between 1941 and 1963 Aaron Copland made four government sponsored tours of Latin America that drew extensive attention at home and abroad Interviews with eyewitnesses previously untapped Latin American press accounts and Copland s diaries inform Carol A Hess s in depth examination of the composer s approach to cultural diplomacy As Hess shows Copland s tours facilitated an exchange of music and ideas with Latin American composers while capturing the tenor of United States diplomatic efforts at various points in history In Latin America Copland s introduced works by U S composers including himself through lectures radio broadcasts live performance and conversations Back at home he used his celebrity to draw attention to regional composers he admired Hess s focus on Latin America s reception of Copland provides a variety of outside perspectives on the composer and his mission She also teases out the broader meanings behind reviews of Copland and examines his critics in the context of their backgrounds training aesthetics and politics
