

Corporate Abuse

Christian Drosten

Corporate Abuse:

Fighting Corporate Abuse Corporate Reform Collective, 2014-07-20 *Fighting Corporate Abuse* demonstrates through compelling and revelatory analysis the legislation and regulation needed to deal with the abuses in the corporate sector that have been revealed in recent years. It highlights the more general contribution of company law and practice to the current crisis in capitalism. The first section develops a controversial argument using detailed illustrations and vivid examples which show how the various abuses of predatory capitalism have been carried out through the manipulation of the corporate form and the creation of highly complex corporate groups. The group of authors, all experts in their fields, tackle head-on the issues of tax evasion, extraction of value and asset stripping, environmental destruction and managerial self-interest. In doing so, they paint a picture of a system that is abusive and degenerated but also a system which can be reformed. In the run-up to the UK general election, the authors develop a set of practical proposals for an incoming government, outlining how each of these abuses could be curtailed and how a more acceptable and accountable form of corporate capitalism can be developed through national and international action. Drawing on the group's activism as well as their academic experience in law, politics, economics and human rights, this will be an authoritative as well as a highly practical book. *Abuses of Corporate Power* United States. Congress. Joint Economic Committee. Subcommittee on Priorities and Economy in Government, 1976

Abuse of Companies Hanne S. Birkmose, Mette Neville, Karsten Engsig Sørensen, 2019-09-05 Whether the corporate form is used to avoid liabilities or cover illegal acts or whether abuse is practised to obtain certain advantages, the subject of this first ever in-depth survey and analysis garners more attention every day, both in legal literature and in popular media. Taken together, the authoritative contributions in this book clearly and comprehensively reveal typical situations where abuse may take place and how company law and other areas of law have tackled these incidents and practices in a variety of key jurisdictions. Focusing on Europe but with global implications, the topics raised include the following: how group structures may be used by multinational enterprises to escape regulation and avoid taxation; whether the decision to incorporate a company in a particular jurisdiction may be abusive; companies set up for the purpose of money laundering; letterbox companies formed as a front to allow a company to benefit from one legal regime and avoid others; ex post transfers of seats such as cross-border mergers and conversions; when the use of phoenix companies may constitute an abuse of the corporate form; how corporate mobility is used to circumvent worker participation; and how online company formation and technological innovation may foster abuse. This book helps to explain how the line is drawn between abuse and creative use of the corporate form. Remedies covered include restricting the use of bearer shares; setting minimum capital requirements; piercing the corporate veil; ensuring transparency of beneficial ownership; using insolvency law to lodge claims against directors and shareholders and recover assets; and applying the general principle prohibiting abuse. There is no other book on the market focusing on abuse of companies and giving such a comprehensive analysis of the topic. Practitioners will get guidelines on

how to avoid becoming involved in activities that may constitute abuse and how to address instances where abuse has occurred and interested academics legislators and enforcement authorities in Europe and beyond will find this book's perspectives invaluable

Accountability and Corporate Human Rights Violations in Tort and International Law Emmanuel Nartey, 2021-10-04 This volume identifies a coherent legal principle in order to establish a novel duty of care for corporate human rights violations and environmental damages It examines whether tort and civil law offer better accountability and remedies for victims of corporate human rights abuses and carries out an in depth and critical analysis of the concept of corporate accountability Moreover a fundamental part of this book is devoted to examining the extent to which international criminal law influences international human rights law in its use of tort law and civil law remedies Finally the book sets out a theoretical mechanism for duty of care as well as a proposal for the establishment of a Hybrid International Transnational Corporation Court that would have the potential to effectively interpret the concept of the corporate duty of care under tort law

Corporate Abuse Lesley Wright, Marti Diane Smye, 1996 Corporate Abuse is the first book to define this phenomenon and show how and why employees at all levels of the work force are in danger of being mistreated whether intentionally or unintentionally by their employers The book details the ways in which abuse is often built into the policies structures and operations of many businesses how the transition from a manufacturing to an information based economy has fostered a culture of fear how abuse acts as a barrier to productivity and innovation and how corporations are endangering their profit margins and potential for future success by stifling their most important assets in the information age creative minds Corporate Abuse is more than a collection of the sins perpetrated on the working wounded however It uses case histories and actual situations to illustrate techniques on how to cope with corporate abuse how to reintroduce civility into the workplace how to return integrity to both corporations and their employees and how both will profit from these changes

Corporate Governance Framework in Nigeria Olusola A. Akinpelu, 2012-01-05 Since her political independence from the British government in 1960 Nigeria has gone through different phases in the effort to develop the corporate sector The intention was to drive the economy through corporate enterprises however the absence of effective corporate governance structure and conducive investment environment has no doubt been a source of concern for investors and successive governments Meticulously researched and organized this book takes the global view on corporate governance to provide insight into the corporate governance conundrum in Nigeria Against the background of international standard Author Olusola A Akinpelu proposes a number of reforms to the existing governance structure and delves into the history of corporate development from the 1960s through the present In addition Akinpelu offers an in depth analysis of the philosophical foundations for corporate governance and compiles the theories models statutes reforms international standards guidelines and legal cases on corporate governance in the United Kingdom Germany the United States of America and elsewhere to show how no country is completely immune from corporate collapse A timely work Corporate Governance

Framework in Nigeria will interest students of business economics business law legal practitioners and researchers in the field of corporate governance An excellently well written book on all important subject of socio economic value and relevance Guoleba Seri Esq Chairman CEO Seri Associates LLC NY Founder and President CEO African Chambers of Commerce United States *Corporate Governance and Accountability* Jill Solomon, 2007-03-16 Courses in corporate governance and corporate social responsibility are growing in number at universities in many countries This textbook covers corporate governance for the UK market *Reforming Corporate Governance in Southeast Asia* Ho Khai Leong, 2005 This multi disciplinary volume provides a critical examination of corporate governance reform in Southeast Asia especially after the Asian financial crisis in 1997 The weaknesses in the corporate sector such as poor investment structure weak legal and accounting systems faulty financial practices questionable political interventions are some of the pertinent issues raised by the authors who include legal specialists corporate practitioners economists and political scientists Policy measures to improve corporate transparency institutional accountability and fiscal prudence are also proposed The volume provides interested readers and policy makers in Southeast Asia with the most current research and policy options on corporate governance reform and advocates more committed and effective governance changes in the future **Corporate Corruption** Marshall Clinard, 1990-03-23 In recent years the media have been full of stories about ethical decline Illegal dealings have been uncovered in the banking and savings and loan industries as well as the highest levels of Congress and government administration Even television evangelism has been seriously tarnished by scandal Corporate Corruption is the first wide ranging book to turn the spotlight on the unethical and illegal behavior of America s giant corporations and their executives the prestigious Fortune 500 While avoiding the undignified zealotry of tabloid muck raking this well researched volume explores corporate abuse and examines the disparity between the facts of corporate misconduct and the glowing image that advertising and other media portray of these corporations Marshall Clinard identifies the auto oil pharmaceutical and defense industries as the major offenders He devotes a chapter to each of these areas in addition to chapters on corporate violence corporate bribery and a final discussion of how to correct these widespread abuses Although their massive productive capacities and innovative powers have contributed immeasurably to the high standard of living that many Americans enjoy far too often corporations have abused the public trust the people who use their products their own employees and stockholders the environment and even the Third World that they profess to help From illegally disposing of hazardous waste to defiance of health and safety standards to price fixing corporate violations cost hundreds of millions of dollars and thousands of lives The magnitude of their offenses becomes clear when one considers that a single corporate offense may run into millions of dollars in losses while the average cost of a burglary is 600 and the average larceny 400 In some cases the cost of a single case of corporate misconduct may exceed a billion dollars Having published three earlier books on corporate misbehavior and having received two grants from the U S Department of Justice to make specific

corporate studies Clinard is well qualified to bring insight experience and unblinking scrutiny to what he describes as a story that must be told Corporate Corruption is a must for anyone concerned about the widespread breakdown of ethics in contemporary society and the role played by large corporations when they abuse their power It is also of interest to persons involved in business management complex organizations criminology general ethics and in fact to any responsible customer

Critical Company Law Lorraine Talbot, 2007-08-03 Dr Talbot traces the history of the fundamental principles of English company law including the doctrine of separate corporate personality director's duties minority protection and the doctrine of ultra vires from both a black letter and contextual perspective Relevant aspects of the Companies Act 2006 are thoroughly examined Drawing on the influence of American law and scholarship the book considers the ideas which have informed corporate governance in England It includes a case study of mutual building societies march to the market and corporate identity The hybrid approach adopted in the text provides a contextual and critical framework in which to understand company law as well as a broad picture in black letter law terms The aim is to invigorate what many students and academics consider a dry subject by uncovering the social factors which continue to inform this area of law and the political nature of the law itself Dr Talbot maintains that modern company law is shaped by three main factors economics ideology and existing law The state of the law at any one time is determined by the constantly shifting relationship between these factors *Sealy & Worthington's Cases and Materials in Company Law* Len Sealy, Sarah Worthington, 2013-08-15 Sealy Worthington's Cases Materials is well established as one of the foremost casebooks on company law The authors expertise in the subject area ensures that vital case extracts are supplemented by sophisticated commentary and well chosen notes and questions taking into account the most recent developments in this crucial area Investment Trusts and Investment Companies: Abuses and

deficiencies in the organization and operation of investment trusts and investment companies. 4 v United States. Securities and Exchange Commission, 1939 **Corporate Governance** Saleem Sheikh, 2002-03-20 This book critically considers the relationship between directors shareholders and auditors in the corporate governance system Traditionally company law has been primarily based on this tripartite relationship This book comprises a series of contributions from authors who argue that there are wider interests which British company law has largely ignored These include the interests of creditors employees consumers suppliers and the general public The concept of corporate governance is examined with comparative references to the USA and Canada Particular reference is made to the Cadbury Committee and its implications for future company law reform The ethical and sociological dimensions of corporate governance is also fully discussed **The Cambridge**

Handbook of Social Problems: A. Javier Treviño, 2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives

great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research

ICMLG2013 Proceedings of the International Conference on Management, Leadership and Governance ,2013

Corporations, Accountability and International Criminal Law Kyriakakis, Joanna,2021-12-09 This timely book explores the prospect of prosecuting corporations or individuals within the business world for conduct amounting to international crime The major debates and ensuing challenges are examined arguing that corporate accountability under international criminal law is crucial in achieving the objectives of international criminal justice

Sustainability and the Rights of Nature Cameron La Follette,Chris Maser,2017-06-01 Sustainability and the Rights of Nature An Introduction is a much needed guide that addresses the exciting and significant paradigm shift to the Rights of Nature as it is occurring both in the United States and internationally in the fields of environmental law and environmental sustainability This shift advocates building a relationship of integrity and reciprocity with the planet by placing Nature in the forefront of our rights based legal systems The authors discuss means of achieving this by laying out Nature s Laws of Reciprocity and providing a roadmap of the strategies and directions needed to create a Rights of Nature oriented legal system that will shape and maintain human activities in an environmentally sustainable manner This work is enriched with an array of unique and relevant points of reference such as the feudal notions of obligation principles of traditional indigenous cultivation the Pope Francis Encyclical on the environment and the new Rights of Nature based legal systems of Ecuador and Bolivia that can serve as prototypes for the United States and other countries around the world to help ensure a future of environmental sustainability for all living systems

Your Voice Your Vote Martha Burk,2012 This new 2016 2018 edition of Your Voice Your Vote is a manifesto for this year s woman voter and for male voters who care about the women in their lives Martha Burk empowers the reader to cut through the double talk irrelevancies and false promises and focuses directly on what s at stake for women not only in the 2016 election but also in the years beyond Where women stand what women think and what we need with tough questions for candidates to hold their feet to the fire Your Voice Your Vote should be carried to every political rally every press conference every precinct meeting and into the voting booth

Business and Human Rights Nadia Bernaz,2016-10-04 Business corporations can and do violate human rights all over the world and they are often not held to account Emblematic cases and situations such as the state of the Niger Delta and the collapse of the Rana Plaza factory are examples of corporate human rights abuses which are not adequately prevented and remedied Business and human rights as a field seeks to enhance the accountability of business companies and businesspeople in the human rights area or to phrase it differently to bridge the accountability gap Bridging the accountability gap is to be understood as both setting standards and holding corporations and businesspeople to account if

violations occur Adopting a legal perspective this book presents the ways in which this dual undertaking has been and could be further carried out in the future and evaluates the extent to which the various initiatives in the field bridge the corporate accountability gap It looks at the historical background of the field of business and human rights and examines salient periods events and cases The book then goes on to explore the relevance of international human rights law and international criminal law for global business International soft law and policy initiatives which have blossomed in recent years are evaluated along with private modes of regulation The book also examines how domestic law especially the domestic law of multinational companies home countries can be used to prevent and redress corporate related human rights violations

Margaret Atwood's Aesthetics Dunja M. Mohr, Kirsten Sandrock, 2025-03-31 Perhaps more timely than ever Margaret Atwood's *Aesthetics* offers novel perspectives on both contemporary and canonical topics in Margaret Atwood's work with a special focus on the intersections of literature and politics Arguably one of the most political writers of our times Atwood's oeuvre subtly and overtly entangles readers in the dialectics of personal and political power asymmetries intrinsic to her aesthetic practices The collection takes its cue from the concept of the artpolitical as coined by Crispin Sartwell whose afterword addresses Atwood's aesthetic and imaginative material world construction and explores the interrelationship between literatures and aesthetic as well as political systems in Atwood's works Individual chapters of Margaret Atwood's *Aesthetics* contribute to increasingly burning questions concerning the relevance of literature today by drawing on a variety of critical perspectives including Anthropocene studies gender intersectionality the nonhuman and the posthuman Mikhail Bakhtin's carnivalesque risk studies nationhood intermediality and teaching Chapters offer fresh views on some of Atwood's most prominent works such as *The Handmaid's Tale* and *The Testaments* and their transmedial adaptations while other chapters focus on Atwood's latest publications as well as on under researched works including her graphic novels and her web serialized publications Margaret Atwood's *Aesthetics* provides unique insights into the aesthetic and political power of Atwood's oeuvre arguing that literary and media representations and cultural adaptation practices contain a significant transformative potential that reaches beyond the page

Decoding **Corporate Abuse**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Corporate Abuse**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
