Bridge For Women:

Bridge for Women Peggy Solomon, 1968 *The Practice of U.S. Women's History* S. J. Kleinberg, Eileen Boris, Vicki Ruíz, 2007 In the last several decades U S women s history has come of age Not only have historians challenged the national narrative on the basis of their rich explorations of the personal the social the economic and the political but they have also entered into dialogues with each other over the meaning of women s history itself In this collection of seventeen original essays on women s lives from the colonial period to the present contributors take the competing forces of race gender class sexuality religion and region into account Among many other examples they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants how race and gender inequality pervaded the welfare state and how color and class shaped Mexican American women s mobilization for civil and labor rights **Gender and Women's Leadership** Karen O'Connor, 2010-08-18 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on leadership issues specific to women and gender Although covering historical and contemporary barriers to women s leadership and issues of gender bias and discrimination this two volume set focuses as well on positive aspects and opportunities for leadership in various domains and is centered on the 101 most important topics issues questions and debates specific to women and gender Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry but lack the jargon detail and density of a journal article Key Features Includes contributions from a variety of renowned experts Focuses on women and public leadership in the American context women s global leadership women as leaders in the business sector the nonprofit and social service sector religion academia public policy advocacy the media sports and the arts Addresses both the history of leadership within the realm of women and gender with examples from the lives of pivotal figures and the institutional settings and processes that lead to both opportunities and constraints unique to that realm Offers an approachable clear writing style directed at student researchers Features more depth than encyclopedia entries with most chapters ranging between 6 000 and 8 000 words while avoiding the jargon and density often found in journal articles or research handbooks Provides a list of further readings and references after each entry as well as a detailed index and an online version of the work to maximize accessibility for today s student audience **Women's Colleges in the United States** Irene Harwarth, Mindi S. Maline, Elizabeth DeBra, 1997 This book is a study on the history of women s colleges **Peacebuilding through Women's Community Development** Amanda E. Donahoe, 2017-06-22 This book explores the gendered history of the Troubles the rise of the Northern Ireland Women s Coalition and the role of community development as a new field in Northern Ireland Nearly twenty years after the Belfast or Good Friday Agreement that ended the Troubles in Northern Ireland tensions persist and society is still deeply divided The book addresses the ways in which women navigate these tensions and contribute to peacebuilding through community development described dismissively by many in Northern

Ireland as the work of wee women Women navigate this gendered space to build peace strategically through Wee Women s Work The author focuses in particular on the Women s Sector and draws on feminist theory to examine the distinction between formal and informal politics **Women's Voices in Tudor Wills, 1485-1603** Susan E. James,2016-03-09

Contributing an original dimension to the significant body of published scholarship on women in 16th century England this study examines the largest corpus of women s private writings available to historians their wills In these female voices speak out commenting on their daily lives on identity gender status familial relationships and social engagement Wills show women to have been active participants in a civil society well aware of their personal authority and potential influence whose committed actions during life and charitable strategies after death could and did impact the health of that society From an intensive analysis of more than 1200 wills this pioneering work focuses on women from all parts of the country and all strata of society revealing an entire population of articulate opportunistic and capable individuals who found the spaces between the lines of the law and used those spaces to achieve personal goals Author Susan James demonstrates how wills describe strategies for end of life care create platforms of remembrance and offer insights into the myriad occupational endeavors in which women were engaged James illuminates how these documents were not simply instruments of bequest and inheritance but were statements of power and control catalogues of material culture from which we are able to gauge a woman s understanding of her own reality and the context that formed her environment Wills were tools and the way in which women wielded these tools offers new ways to look at England in the 16th century and reveals the seminal role women played in its development **Women's Space** Melanie A. Marotta,Donald E. Palumbo,C.W. Sullivan III,2019-08-08

From the Star Wars expanded universe to Westworld the science fiction western has captivated audiences for more than fifty years These twelve new essays concentrate on the female characters in the contemporary science fiction western addressing themes of power agency intersectionality and the body Discussing popular works such as Fringe Guardians of the Galaxy and Mass Effect the essayists shed new light on the gender dynamics of these beloved franchises emphasizing inclusion and diversity with their critical perspectives **How Long? How Long? : African American Women in the Struggle for Civil Rights** Davis Belinda Robnett Assistant Professor of Sociology University of California,1997-06-25 A compelling and readable narrative history How Long How Long presents both a rethinking of social movement theory and a controversial thesis that chroniclers have egregiously neglected the most important leaders of the Civil Rights movement African American women in favor of higher profile African American men and white women Author Belinda Robnett argues that the diversity of experiences of the African American women organizers has been underemphasized in favor of monolithic treatments of their femaleness and blackness Drawing heavily on interviews with actual participants in the American Civil Rights movement this work retells the movement as seen through the eyes and spoken through the voices of African American women participants It is the first book to provide an analysis of race class gender and culture as substructures that shaped the organization and outcome of

the movement Robnett examines the differences among women participants in the movement and offers the first cohesive analysis of the gendered relations and interactions among its black activists thus demonstrating that femaleness and blackness cannot be viewed as sufficient signifiers for movement experience and individual identity Finally this book makes a significant contribution to social movement theory by providing a crucial understanding of the continuity and complexity of social movements clarifying the need for different layers of leadership that come to satisfy different movement needs An engaging narrative history as well as a major contribution to social movement and feminist theory How Long How Long will appeal to students and scholars of social activism women s studies American history and African American studies and to general readers interested in the perennially fascinating story of the American Civil Rights movement *The Oxford Handbook of U.S. Women's Social Movement Activism* Holly J. McCammon, Verta Taylor, Jo Reger, Rachel L. Einwohner, 2017-05-05

Over the course of thirty seven chapters including an editorial introduction this handbook provides a comprehensive examination of scholarly research and knowledge on a variety of aspects of women s collective activism in the United States tracing both continuities and critical changes over time Women have played pivotal and far reaching roles in bringing about significant societal change and women activists come from an array of different demographics backgrounds and perspectives including those that are radical liberal and conservative The chapters in the handbook consider women s activism in the interest of women themselves as well as actions done on behalf of other social groups The volume is organized into five sections The first looks at U S Women s Social Activism over time from the women s suffrage movement to the ERA radical feminism third wave feminism intersectional feminism and global feminism Part two looks at issues that mobilize women including workplace discrimination reproductive rights health gender identity and sexuality violence against women welfare and employment globalization immigration and anti feminist and pro life causes Part three looks at strategies including movement emergence and resource mobilization consciousness raising and traditional and social media Part four explores targets and tactics including legislative forums electoral politics legal activism the marketplace the military and religious and educational institutions Finally part five looks at women s participation within other movements including the civil rights movement the environmental movement labor unions LGBTQ movement Latino activism conservative groups and the white supremacist movement Grading women's underwear Nathalie Coppin, 2021-05-01 Enlarging or reducing a sewing pattern Grading women s underwear fashion book This book the second stage in our Become a Pattern drafter Women s underwear series completes the creation of underwear developed earlier using a point by point explanation of how to move from one size to the other Conceived to respond to the needs of today s clothing and fashion industry it also addresses individuals passionate about sewing thanks to the choice of models used which can serve as examples for creating a multitude of other designs ABOUT THE AUTHOR A patternmaker in the clothing industry and then a trainer for the LECTRA company Nathalie Coppin currently gives all CAD classes in patternmaking at ESMOD Paris She was thus the best

person to write this book on methods for grading

Shared Sisterhood Tina Opie, Beth A. Livingston, 2022-10-11 Gender equity can't happen without racial equity. We need Shared Sisterhood. Bias persists in organizations and society. Despite efforts that have been made in the last few decades, gender and racial/ethnic equity still hasn't been achieved. What's worse, Black, Indigenous, Asian, and Latina women are being held back more than their White counterparts. We need to change how we strive for equity. We must move beyond individual solutions toward collective action where people from historically powerful and marginalized groups work together so that all women experience the benefits of professional growth and equity. We need Shared Sisterhood, and anyone regardless of gender can join in. Professor Tina Opie first started Shared Sisterhood as a movement to drive gender and racial equity in organizations. Since then, she and professor Beth A. Livingston have worked together to spread the word to leaders across organizations with thousands of followers joining the cause. In this book, they explain how to use vulnerability, trust, empathy, and risk-taking to build Shared Sisterhood and break down three key parts of the process. Dig into your own assumptions around racial/ethnicity, gender, and power. Bridge the divide between women of all backgrounds through authentic relationships. Advance all women across the organization and beyond. Balancing a mix of history, research, and real-life examples, including the authors' own experiences, this book encourages everyone to join Shared Sisterhood and advance equity for all.

The Women's Music Movement Paul Ambrose Shaw III, 2022-11-28 Scholarship on artistic output during second-wave feminism (SWF) primarily reflects art genres such as visual art, performance art, literature, and poetry. In *The Women's Music Movement: Music as Feminist Praxis, 1973-1980*, Paul Ambrose Shaw III contends the women's music movement (WMM) was a vibrant locus of feminist activity during SWF but received comparatively less scholarly attention. Specifically, Shaw conducts a content analysis of five songs recorded between 1973 and 1980. As such, he draws on musical elements and structures, poetic and lyrical devices, personal insights from the artists, and feminist theory to explore the following important questions: What can we learn about second-wave feminist movement through the lens of the women's music movement? Was the women's music movement as some scholars and activists assert simply a cultural and lifestyle movement, or an impactful locus of feminist praxis? Through a detailed analysis of five songs recorded by stalwarts of WMM—Meg Christian, Cris Williamson, Ferron, Holly Near, and Linda Tillery—Shaw argues for the importance of WMM as a vibrant center of struggle, growth, and creativity that serves as a model for modern social movement cultural activity.

Gender Tool Kit Asian Development Bank, 2013-06-01 This tool kit assists staff and consultants of the Asian Development Bank (ADB) and partner governments in conceptualizing and designing gender-responsive programs and projects in transport sector operations. It aims to help users identify gender equality issues and to develop practical design elements into transport

operations It guides users on key questions to be asked and data to be collected during project preparation and provides a menu of entry points for designing gender inclusive transport projects The tool kit presents the rationale for why gender equality issues are important in transport sector operations and provides guidance and suggestions for integrating gender in key transport subsectors Case studies from ADB projects have been included to illustrate good practices in mainstreaming gender concerns in transport sector operations

Women's Life Writing and Imagined Communities Cynthia Anne Huff, 2005 Recognising the great legacy of women's life writings this book draws on a wealth of sources to critically examine the impact of these writings on our communities

Women's Press Organizations, 1881-1999 Elizabeth V. Burt, 2000-06-30 Little has been published about press organizations and even less about women's press organizations This book is the first to document the history of women's press organizations In addition to rich historical accounts of some of these organizations it also provides a picture of many of the women journalists involved in these press organizations many of whom were leaders both in journalism and in the social movements of their time This book is a description and analysis of forty women's press organizations that have been key to the development of women writers of the press since the first established organization in 1881 Each entry describes the challenges faced by women that brought about the establishment of the organization at that particular time and place some of the women who played key roles in the group's leadership the group's major activities and programs and its contributions to women of the press The main purpose of these organizations was to provide women with a place where they could discuss professional issues and career strategies at a time when they were largely excluded from or marginalized by male dominated media institutions However many also reflected the interests of some of the social and political reform movements associated with the women's movements of the 19th and 20th centuries including the woman suffrage peace and ERA movements Although some of the organizations described here no longer exist new ones have taken on the challenge in a profession where women still do not have equity

Wandering Women Laura Di Bianco, 2022-12-06 Wandering Women Urban Ecologies of Italian Feminist Filmmaking explores the work of contemporary Italian women directors from feminist and ecological perspectives Mostly relegated to the margins of the cultural scene and concerned with women's marginality the compelling films Wandering Women sheds light on tell stories of displacement and liminality that unfold through the act of walking in the city The unusual emptiness of the cities that the nomadic female protagonists traverse highlights the absence of and their wish for life sustaining communities Laura Di Bianco contends that women's urban filmmaking while articulating a claim for belonging and asserting cinematic and social agency brings into view landscapes of the Anthropocene where urban decay and the erasure of nature intersect with human alienation Though a minor cinema it is also a powerful movement of resistance against the dominant male narratives about the world we inhabit Based on interviews with directors Wandering Women deepens the understanding of contemporary Italian cinema while enriching the field of feminist ecocritical literature
