McCalep,2000-09-01 *Breaking the Huddle* Scott a. Smiley,2018-05-21 Life is a journey I have had the privilege of navigating the rough waters of a fallen world with a true man of God Scott Smiley is the root of our family anchoring us deeply in God s Word Together our greatest joy has been shepherding our children and encouraging them to seek after the passions God has given them and then getting to enjoy them along the way In the same gentleness and love Scott shepherds his family he also coaches athletes and mentors parents Scott recognizes that success comes from fulfilling what God has designed for one s life not what the world teaches In all facets of life Scott carries himself with dignity and class He is the same person whether at his job or in walls of his own home I think that is why I admire him so much He harbors a wealth of knowledge through experiences and observations of what it takes to raise today s youth There is power when you see the world through God s eyes and I think Scott has a clear vision to share with the next generation This book embodies our journey trials experiences and God s grace that have shaped our family and ultimately defined what God means when we hear the word SUCCESS Our desire is to enlighten and encourage you in your own journey as well Charlotte Smiley

Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter,Wendy J. Porter,2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us *Breaking the Rules* Maxine Linnell,2019-02-07 Mo hates her new school and her new town She has no friends and her home life is awful But she s made a friend online and he cares So when he wants to meet up she agrees Nothing bad can come from meeting up with a friend right *Breaking the Rules* is a powerful tale of
