Historic Savannah:

Lost Savannah Luciana M. Spracher, 2003-03 Since its founding over 250 years ago Savannah Georgia has become a historic preservation gold mine exhibiting a variety of architectural styles However during the late 19th and early 20th centuries the area experienced heavy economic growth during which numerous buildings were demolished regardless of age or condition to make way for newer and supposedly better structures The community lost many important landmarks architectural masterpieces and a piece of its history *Lost Savannah* takes a close look at these vanished buildings to document their existence and role in Savannah s past Drawing on collections of the Georgia Historical Society a rich presentation of Savannah s public private and commercial architecture has been brought together in this unique photographic volume Through vintage images one can see the city s development and growth as well as its subsequent decay prior to the preservation movement *Lost Savannah* examines individual buildings such as Union Station and the Bulloch Habersham House as well as the evolution of Savannah s architectural landscape including West Broad Street and Elbert Square

[Historic Signs of Savannah](#) Justin Gunther, 2004 From the cotton boom after the Civil War to Savannah s economic decline around the middle of the 20th century the city s streetscapes were crowded with signs In a time before strict sign regulations business owners embellished building facades and rooftops with extensive signage to catch the eye of pedestrians and motorists The abundance of advertising was symbolic of Savannah s rapid growth and prosperity but the majority of these signs were discarded over the years and only a few remain Photographs and postcards from the past survive however and images of historic signs serve as reminders of these lost commercial relics Such signs give the bricks and mortar of the past another dimension by identifying their social purpose Through vintage images of Savannah
