Berlin Derek Glass, Dietmar Rösler, John J. White, 1989 **Berlin** Barney White-Spunner, 2021-05-04 The intoxicating history of an extraordinary city and her people from the medieval kings surrounding Berlin's founding to the world wars tumult and reunification of the twentieth century There has always been a particular fervor about Berlin a combination of excitement anticipation nervousness and a feeling of the unexpected Throughout history it has been a city of tensions geographical political religious and artistic In the nineteenth century political tension became acute between a city that was increasingly democratic home to Marx and Hegel and one of the most autocratic regimes in Europe Artistic tension between free thinking and liberal movements started to find themselves in direct contention with the formal official culture Underlying all of this was the ethnic tension between multi racial Berliners and the Prussians Berlin may have been the capital of Prussia but it was never a Prussian city Then there is war Few European cities have suffered from war as Berlin has over the centuries It was sacked by the Hapsburg armies in the Thirty Years War by the Austrians and the Russians in the eighteenth century by the French with great violence in the early nineteenth century by the Russians again in 1945 and subsequently occupied more benignly by the Allied Powers from 1945 until 1994 Nor can many cities boast such a diverse and controversial number of international figures Frederick the Great and Bismarck Hegel and Marx Mahler Dietrich and Bowie Authors Christopher Isherwood Bertolt Brecht and Thomas Mann gave Berlin a cultural history that is as varied as it was groundbreaking The

story vividly told in Berlin also attempts to answer to one of the greatest enigmas of the twentieth century How could a people as civilized ordered and religious as the Germans support first a Kaiser and then the Nazis in inflicting such misery on Europe Berlin was never as supportive of the Kaiser in 1914 as the rest of Germany it was the revolution in Berlin in 1918 that lead to the Kaiser s abdication Nor was Berlin initially supportive of Hitler being home to much of the opposition to the Nazis although paradoxically Berlin suffered more than any other German city from Hitler s travesties In revealing the often untold history of Berlin Barney White Spinner addresses this quixotic question that lies at the heart of Germany s uniquely fascinating capital city *Cities and Wetlands* Rod Giblett,2016-08-11 From New Orleans to New York from London to Paris to Venice many of the world s great cities were built on wetlands and swamps Cities and Wetlands is the first book to explore the literary and cultural histories of these cities and their relationships to their environments and buried histories Developing a ground breaking new mode of psychoanalytic ecology and surveying a wide range of major cities in North America and Europe ecocritic and activist Rod Giblett shows how the wetland origins of these cities haunt their later literature and culture and might prompt us to reconsider the relationship between human culture and the environment Cities covered include Berlin Boston Chicago Hamburg London New Orleans New York Paris St Petersburg Toronto Venice and Washington **The East European Economy in Context** David Turnock,2003-09-02 Since 1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval The economic coherence of this region formerly maintained through the adoption of the Soviet system of government has fractured In *The East European Economy in Context Communism and Transition* David Turnock examines the transition from communist to free market economies both within and between the states of Eastern Europe As well as containing an informative survey of the impact of communism *The East European Economy in Context* provides Political profiles of individual countries A clear study of the contrasts between northern and balkan groups Summaries of regional variations in the transition process An exploration of the new state structures and resources Discussion of political stability inter ethnic tensions and progress in economic change *The Economy of East Central Europe, 1815-1989* David Turnock,2004-03 From an expert in the field this major survey includes new research and recent changes in the region and reviewing two centuries of modernization examines the history of Eastern European economies within a wider political and ideological context **Berlin** Michael Simmons,1988 **Material Thinking** Paul Carter,2014-05-27 *Material Thinking* is a ground breaking book for artists and for those who study or teach in the arts Author and artist Paul Carter provides an intimate first hand account of how ideas are turned into works and how the material thinking these artworks embody produces new understandings about ourselves our histories and the culture we inhabit Taking as his subject several artistic collaborations which resulted in performances exhibitions or videos Carter explores how each unfolded In the course of this analysis he constructs a philosophy of how the practice and theory of making art are interconnected a philosophy powerful enough to provide an intellectual underpinning for the new and still
