The Sweetness of Grace Constantina R. Palmer,2017 From the author of *The Scent of Holiness* *The Sweetness of*

Grace is a collection of stories derived from conversations with Orthodox nuns monks and laypeople along with experiences of Orthodox life in South Korea Greece and North America These stories of faith courage struggle and everyday miracles will inspire and delight you *Holy Women of Russia* Brenda Meehan, Brenda Meehan-Waters, 1993 From the widow Tuchkova hermit Anastasiia and peasant Matrona Naumova to the aristocratic Aleksandra Shmakova and the Abbess Taisiia each of these diverse women craved and created environments that combined monastic solitude with a community of like minded women Rich and poor middle aged and young out of the pain at the loss of a cherished husband and child or the boredom of aristocratic social life or the shattering power of a mystic vision or the simple but incorrigible habit of giving shelter for the night to the homeless each woman answered the jarring life disturbing call to abandon oneself to God Meehan shows the sources and qualities of their holiness how each woman represented a particular aspect of Orthodox spirituality and how aspects of women s religious ideals including community service and reconciliation marked the religious communities they founded In studying their lives we see virtues embodies dark undersides redeemed and the daily struggle of community life I have called these women holy Meehan writes holy in the ordinary sense of the word meaning people leading devout and godly lives dedicated to the service of God None of them is considered an official saint of the church But these women were held up in their time as exemplars of the holy life models of holiness deserving of imitation And their stories speak to us even today for as John Coleman has said of saints they invite us to conceptualize our lives in terms other than mastery usefulness autonomy and control These women believed and shock us into believing in a world in which virtue has meaning
